

Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not concern an environmental risk to health or risk to safety that may disproportionately affect children.

Environment

The Coast Guard considered the environmental impact of this rule and concluded that under figure 2-1, paragraph (32)(e) of Commandant Instruction M16475.1C, this rule is categorically excluded from further environmental documentation because promulgation of changes to drawbridge regulations have been found to not have a significant effect on the environment. A written "Categorical Exclusion Determination" is not required for this rule.

List of Subjects in 33 CFR Part 117

Bridges.

Regulations

For the reasons set out in the preamble, the Coast Guard amends 33 CFR part 117 as follows:

PART 117—DRAWBRIDGE OPERATION REGULATIONS

1. The authority citation for part 117 continues to read as follows:

Authority: 33 U.S.C. 499; 49 CFR 1.46; 33 CFR 1.05-1(g); section 117.255 also issued under the authority of Pub. L. 102-587, 106 Stat. 5039.

2. From April 30, 2001 through December 31, 2001, § 117.795 is temporarily amended by suspending paragraph (a) and adding a new paragraph (d) to read as follows:

§ 117.795 Jamaica Bay and connecting waterways.

* * * * *

(d) The draw of the Marine Parkway Bridge, mile 3.0, over Rockaway Inlet, shall open on signal, to a maximum vertical height of 105 feet above mean high water, Monday through Friday from 8 a.m. to 4 p.m. At all other times, the draw shall open on signal, to a maximum vertical height of 105 feet above mean high water, if at least an

eight-hour notice is given; however, the draw shall open on signal if at least one-hour notice is given for the passage of U.S. Navy or National Oceanic and Atmospheric Administration vessels.

Dated: March 29, 2001.

G.N. Naccara,

Rear Admiral, U.S. Coast Guard, Commander, First Coast Guard District.

33 CFR Part 117

[CGD08-01-008]

Drawbridge Operating Regulation; Lake Pontchartrain, LA

AGENCY: Coast Guard, DOT.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, Eighth Coast Guard District, has issued a temporary deviation from the regulation governing the operation of the north bascule span of the US 11 bridge across Lake Pontchartrain between New Orleans and Slidell, Orleans and St. Tammany Parishes, Louisiana. This deviation allows one leaf of the north bascule span of the US 11 bridge to be maintained in the closed-to-navigation position continuously from 1 a.m. on Monday, May 1, 2001 until 6 p.m. on Friday, June 29, 2001. This temporary deviation was issued to allow for the replacement of the south leaf trunnions of the north channel bascule span and the cleaning and painting of both leaves of the bascule span. Presently, the draw opens on signal for the passage of vessels.

DATES: This deviation is effective from 1 a.m. on Monday, May 1, 2001 through 6 p.m. on Friday, June 29, 2001.

ADDRESSES: Unless otherwise indicated, documents referred to in this notice are available for inspection or copying at the office of the Eighth Coast Guard District, Bridge Administration Branch, Commander (ob), Eighth Coast Guard District, 501 Magazine Street, New Orleans, Louisiana, 70130-3396. The Bridge Administration Branch of the Eighth Coast Guard District maintains the public docket for this temporary deviation.

FOR FURTHER INFORMATION CONTACT: David Frank, Bridge Administration Branch, telephone (504) 589-2965.

SUPPLEMENTARY INFORMATION: The US 11 bascule bridge across Lake

Pontchartrain, between New Orleans and Slidell, has a vertical clearance of 13 feet above mean high water in the closed-to-navigation position and unlimited in the open-to-navigation position. Navigation on the waterway consists of tugs with tows, fishing vessels, sailing vessels, and other recreational craft. The Louisiana Department of Transportation and Development requested a temporary deviation from the normal operation of the drawbridge in order to accommodate the repair and maintenance work including the cleaning and painting of both leaves of the north channel bascule. A similar span restriction occurred in 2000 for the replacement of the north leaf trunnions of the north channel bascule span. During that closure, traffic was able to pass with little inconvenience.

This deviation allows one of the leaves of the north channel bascule span of the US 11 bridge across Lake Pontchartrain, between New Orleans and Slidell, Orleans and St. Tammany Parishes, Louisiana, to be maintained in the closed-to-navigation position continuously from 1 a.m. on Monday, May 1, 2001 until 6 p.m. on Friday, June 29, 2001.

Dated: March 27, 2001.

J.C. Van Sice,

Captain, U.S. Coast Guard, Commander, 8th Coast Guard District, Acting.

DEPARTMENT OF TRANSPORTATION

Coast Guard

33 CFR Part 117

[CGD01-01-023]

Drawbridge Operation Regulations; Kennebec River, ME

AGENCY: Coast Guard, DOT.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, First Coast Guard District, has issued a temporary deviation from the drawbridge operation regulations for the Carlton Bridge, mile 14.0, across the Kennebec River between Bath and Woolwich, Maine. This deviation from the regulations authorizes the bridge owner to need not open the Carlton Bridge for vessel traffic from April 2, 2001 through May 13, 2001. This deviation is necessary in order to facilitate necessary repairs at the bridge.

DATES: This deviation is effective from April 2, 2001, through May 13, 2001.

FOR FURTHER INFORMATION CONTACT: John McDonald, Project Officer, First Coast Guard District, at (617) 223-8364.

SUPPLEMENTARY INFORMATION: The Carlton Bridge, at mile 14.0, across the Kennebec River has a vertical clearance in the closed position of 10 feet at mean high water and 16 feet at mean low water. The existing drawbridge operating regulations are listed at 33 CFR 117.525.

The bridge owner, Maine Department of Transportation (MDOT), requested a temporary deviation from the drawbridge operating regulations to facilitate the rehabilitation repairs at the bridge. This deviation to the operating regulations authorizes the owner of the Carlton Bridge to need not open the bridge for the passage of vessel traffic from April 2, 2001 through May 13, 2001.

The bridge owner provided less than 30 days notice to the Coast Guard of its request to deviate from the drawbridge regulations on the specified dates. However, a deviation was previously approved to perform this work March 19, 2001 through April 30, 2001; that work was cancelled due to severe weather conditions during that period that required the Coast Guard to continue ice breaking operations on the Kennebec River through the end of March. These measures were deemed necessary by Coast Guard and Maine Emergency Management officials in order to avoid potential regional flooding along the Kennebec River. Delaying the commencement of this maintenance to require an additional 30 days notice would be unnecessary and contrary to the public interest this work involves maintenance that must be performed without undue delay.

In accordance with 33 CFR 117.35(c), this work will be performed with all due speed in order to return the bridge to normal operation as soon as possible. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: March 28, 2001.

G.N. Naccara,

Rear Admiral, U.S. Coast Guard, Commander, First Coast Guard District.

Pacific Halibut Fisheries; Catch Sharing Plans; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule; annual management measures for Pacific halibut fisheries and approval of catch sharing plans; correction.

SUMMARY: This document corrects the final rule, published in the *Federal Register* on March 21, 2001, which contains annual management measures for Pacific halibut fisheries and an approval of catch sharing plans.

DATES: Effective March 15, 2001.

FOR FURTHER INFORMATION CONTACT: Yvonne deReynier, 206-526-6140.

SUPPLEMENTARY INFORMATION: A final rule was published in the *Federal Register* on March 21, 2001 (66 FR 15801), to publish annual management measures on behalf of the International Pacific Halibut Commission and to announce approval of modifications to the Catch Sharing Plan and implementing regulations for Area 2A. The final rule contains errors and omissions, which must be corrected.

Correction

In the final rule Pacific Halibut Fisheries; Catch Sharing Plans, published in 66 FR 15801, March 21, 2001, FR Doc 01-6889, the following corrections are made:

1. On page 15802, second column, in the fifth complete paragraph, on the second and third lines, the acronym "CRP" is corrected to read "CSP".

2. On page 15810, first column, paragraph 23(4)(b)(v)(A)(2), the fourth sentence is correctly revised to read as follows:

"Dependent on the amount of unharvested catch available, the season reopening dates will be June 8 and/or 9, and June 15 and/or 16".

3. On page 15810, second column, at paragraph 23(4)(b)(vi)(A)(2), the fourth sentence is correctly revised to read as follows:

"Dependant on the amount of unharvested catch available, the season reopening dates will be June 8 and/or 9, and June 15 and/or 16".

Dated: April 3, 2001.

Clarence Pautzke,

Acting Deputy Assistant Administrator for Fisheries, National Marine Fisheries Service.

Magnuson-Stevens Act Provisions; Fisheries off West Coast States and in the Western Pacific; Pacific Coast Groundfish Fishery; Annual Specifications and Management Measures; Corrections

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Corrections to the 2001 specifications for the Pacific Coast groundfish fishery.

SUMMARY: This document contains corrections to the 2001 groundfish fishery specifications and management measures for the Pacific Coast groundfish fishery, which were published on January 11, 2001.

DATES: Effective April 9, 2001.

FOR FURTHER INFORMATION CONTACT: Yvonne deReynier or Becky Renko, NMFS, (206) 526-6140.

SUPPLEMENTARY INFORMATION:

Background

The 2001 fishery specifications and management measures for groundfish taken in the U.S. exclusive economic zone and state waters off the coasts of Washington, Oregon, and California, as authorized by the Pacific Coast Groundfish Fishery Management Plan, were published in the *Federal Register* on January 11, 2001 (66 FR 2338). The specifications contained a number of errors that require correction.

Corrections

In the rule FR Doc. 01-560, in the issue of Thursday, January 11, 2001 (66 FR 2338), make the following corrections:

1. On page 2362, in the second and third columns, paragraph IV.A 20(ii) is corrected to read as follows:

"(ii) The Eastern CCA is a smaller area west of San Diego and northwest of the U.S.-Mexico International Boundary that is bound by straight lines
