Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the final results for all shipments of PET Film from the UAE entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review, as provided for by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for the companies under review will be the rate established in the final results of this review (except, if the rate is zero or *de minimis*, no cash deposit will be required); (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 4.05 percent, the all-others rate established in the investigation.⁹ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

These preliminary results of administrative review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h)(1).

Dated: November 29, 2018.

SUPPLEMENTARY INFORMATION:

Background

Commerce published the notice of initiation of this administrative review on January 11, 2018.¹ This review covers two producer/exporters: (1) Heze Huayi Chemical Co., Ltd. (Huayi); and (2) Juancheng Kangtai Chemical Co. Ltd.

(Kangtai). Commerce postponed the preliminary results of this administrative review and the revised deadline is now November 30, 2018.² For a complete description of the events that followed the initiation of this administrative review, see Preliminary Decision Memorandum.³

Scope of the Order

The products covered by the order are chloro isos, which are derivatives are cyanuric acid, described as chlorinated s-triazine triones.⁴ Chloro isos are currently classifiable under subheadings 2933.69.6015, 2933.69.6021, 2933.69.6050, 3808.50.4000, 3808.94.5000, and 3808.99.9500 of the Harmonized Tariff Schedule of the United States (HTSUS). The HTSUS subheadings are provided for convenience and customs purposes; the written product description of the scope of the order is dispositive.

Methodology

On November 13, 2014, Commerce published in the **Federal Register** a countervailing duty (CVD) order on chloro isos from China.⁵ Commerce is conducting this administrative review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we preliminarily find that there is a subsidy, *i.e.*, a financial contribution from an “authority” that gives rise to a benefit to the recipient, and that the subsidy is specific.⁶ In making this preliminary finding, Commerce relied, in part, on facts otherwise available, with the application of adverse
