

385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is August 9, 2022.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-R09-OAR-2022-0360; FRL-9787-01-R9]

Clean Air Act Grant; Ventura County Air Pollution Control District; Opportunity for Public Hearing

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed action; determination with request for comments and notice of opportunity for public hearing.

SUMMARY: The EPA is proposing to determine that the reduction in expenditures of recurrent non-Federal funds for the Ventura County Air Pollution Control District ("VCAPCD" or "District") in support of its continuing air program under section 105 of the Clean Air Act (CAA) for the calendar year 2021 are a result of non-selective reductions in expenditures. This determination, when final, will permit the VCAPCD to receive grant

funding for fiscal year (FY) 2022 from the EPA under section 105 of the CAA.

DATES: Comments and/or requests for a public hearing must be received by the EPA at the address stated below on or before August 25, 2022.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R09-OAR-2022-0360 at <https://www.regulations.gov>. For comments submitted at [Regulations.gov](https://www.regulations.gov), follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from [Regulations.gov](https://www.regulations.gov). The EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Proprietary Business Information (PBI) or Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (e.g., on the web, cloud, or other file sharing system). For additional submission methods, please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section. For the full EPA public comment policy, information about PBI/CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets/commenting-epa-dockets>. If you need assistance in a language other than English or if you are a person with disabilities who needs a reasonable accommodation at no cost to you, please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section.

FOR FURTHER INFORMATION CONTACT: Roberto Gutierrez, EPA Region IX, Grants and Program Integration Office, Air and Radiation Division, 75 Hawthorne Street, San Francisco, CA 94105; phone at (415) 947-4276 or email address at gutierrez.roberto@epa.gov.

SUPPLEMENTARY INFORMATION: Section 105 of the CAA provides grant funding to air pollution control agencies for the prevention and control of air pollution or implementation of national primary and secondary ambient air quality standards. In accordance with 40 CFR 35.145(a), the Regional Administrator may provide air pollution control agencies up to three-fifths of the approved costs of implementing programs for the prevention and control

of air pollution. CAA Section 105 grants require a cost share (also referred to as a match requirement) of 40%. Program activities relevant to the match consist of both recurring and non-recurring (unique, one-time only) expenses. In addition, air pollution control agencies must meet a maintenance of effort (MOE) requirement in accordance with section 105(c)(1) of the CAA, 42 U.S.C. 7405.

The MOE provision requires that an eligible agency spend at least the same dollar level of funds as it did in the previous grant year for the costs of recurring activities. Specifically, section 105(c)(1) of the CAA, 42 U.S.C. 7405(c)(1), provides that, "No agency shall receive any grant under this section during any fiscal year when its expenditures of non-Federal funds for recurrent expenditures for air pollution control programs will be less than its expenditures were for such programs during the preceding fiscal year." However, pursuant to CAA section 105(c)(2), 42 U.S.C. 7405(c)(2), the EPA may still award a grant to an agency not meeting the requirements of section 42 U.S.C. 7405(c)(1), ". . . if the Administrator, after notice and opportunity for public hearing, determines that a reduction in expenditures is attributable to a non-selective reduction in the expenditures in the programs of all Executive branch agencies of the applicable unit of Government." These statutory requirements are repeated in the EPA's implementing regulations at 40 CFR 35.140-35.148. The EPA issued a memorandum dated September 30, 2011, entitled "Updated Information for Determining a Non-Selective Reduction" with guidance to recipients on what constitutes a nonselective reduction. In consideration of the legislative history, the guidance clarified that a non-selective reduction does not necessarily mean that each executive branch agency needs to be reduced in equal proportion. However, it must be clear to the EPA, from the weight of evidence, that a recipient's CAA-related air program is not being disproportionately impacted or singled out for a reduction.

A section 105 grant recipient must submit a final federal financial report no later than 90 days from the close of its grant period that documents all of its federal and non-federal expenditures for the completed period. The recipient seeking an adjustment to its MOE for that period must provide the rationale and the documentation necessary to enable the EPA to determine that a nonselective reduction has occurred. In order to expedite that determination, the
