

education facilities, and a new public library. The Sunset Area contains many public amenities and publicly-owned parcels creating significant opportunities for partnership and integration of civil infrastructure improvements. The City of Renton has already undertaken significant effort to prioritize strategies for public investment in the Sunset Area through the work of the recently approved Sunset Area Community Investment Strategy.

Sunset Terrace's redevelopment provides the opportunity to evaluate the neighborhood as a whole and determine what future land use redevelopment is possible and what public service and infrastructure improvements should be made in order to make this a more vibrant and attractive community for residents, businesses and property owners. The EIS will address the primary proposal of the Sunset Terrace area redevelopment as well as evaluate secondary proposals such as neighborhood redevelopment and supporting services and infrastructure improvements.

The City of Renton is also proposing to adopt a Planned Action Ordinance pursuant to SEPA. A Planned Action Ordinance, if adopted, would not require future SEPA threshold determinations or EISs when future projects are consistent with EIS assumptions and mitigation measures.

Alternatives to the Proposed Action: The alternatives to be considered by the lead agency will include the proposed action, a no action alternative, and a redevelopment alternative to the proposed action. The redevelopment alternative will be finalized after conclusion of the scoping comment period. It may address alternative land use mixes, infrastructure options, or other features.

Probable Environmental Effects

The lead agency has preliminarily identified the following areas for discussion in the EIS: aesthetics; air quality, including greenhouse gas emissions; earth; energy; environmental health; environmental justice; historic/cultural resources; housing; land use; noise; parks and recreation; plants and animals; public services, including public education, safety, health, and social services; socioeconomic, including demographic, employment, and displacement; transportation; utilities, including wastewater, stormwater, water supply, telecommunication, natural gas, power, electrical; and water resources, including groundwater and surface water.

Lead Agency

This EIS will be a joint National Environmental Policy Act (NEPA) and Washington State Environmental Policy Act (SEPA) document intended to satisfy requirements of federal and state environmental statutes. In accordance with specific statutory authority and HUD's regulations at 24 CFR part 58, the City of Renton is authorized to assume responsibility for environmental review, decision-making, and action that would otherwise to apply HUD under NEPA, which includes NEPA lead agency responsibility.
