

demonstrates an adequate level of understanding by the applicant of the practical problems of conducting such a project; (c) the use of any additional funding and the role that ASPE funds will play in the total project; and (d) whether the applicant has shown how results will be disseminated.

The applicant should also discuss in detail how resulting data will be made available to qualified researchers. As noted above, ASPE prefers that appropriately documented data files be placed at a controlled environment such as the Research Data Center of the National Center for Health Statistics or be edited as appropriate for confidentiality and issued as a public-use data file. If the grant applicant does not plan to provide a public-use file or to place the data at a controlled environment, the application should explain why and should fully articulate how the applicant will make the data available to qualified researchers.

5. *Ability to Sustain Project After Funding* (5 points). One of ASPE's goals is to help states and large counties build their capacity to study the outcomes of welfare reform. Grant applicants should identify an ability to continue their studies after the funding period closes. To this end, reviewers will consider whether the application adequately addresses questions such as the following: To what extent could the survey administered and the administrative data linkages performed on the cohort under study be duplicated for later cohorts? To what extent could additional survey data or data linkages be collected/performed to follow the initial cohort for additional years? What agency(ies) will have responsibility for and jurisdiction over the resulting data sets after the project is completed? Are there any sources of financial and staff support for maintaining the database?

Disposition of Applications

1. *Approval, Disapproval, or Deferral.* On the basis of the review of the application, the Assistant Secretary will either (a) approve the application as a whole or in part; (b) disapprove the application; or (c) defer action on the application for such reasons as lack of funds or a need for further review.

2. *Notification of Disposition.* The Assistant Secretary for Planning and Evaluation will notify the applicants of the disposition of their applications. If approved, a signed notification of the award will be sent to the business office named in the ASPE checklist.

3. *The Assistant Secretary's Discretion.* Nothing in this announcement should be construed as to obligate the Assistant Secretary for

A. Purpose

The Agency for Toxic Substances and Disease Registry (ATSDR) announces the availability of fiscal year (FY) 2001 funds for a cooperative agreement program to Conduct and Coordinate Site-Specific Activities. This program addresses the "Healthy People 2010" focus area of Environmental Health.

The purpose of the program is for recipients to conduct site-specific health activities to determine the public health impact of human exposure to hazardous substances at hazardous waste sites or releases. Specifically, funds will be used to build capacity in coordination and cooperation with ATSDR to conduct site-specific activities under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) and the Resource Conservation and Recovery Act (RCRA),
