Abstract: The purpose of the Jacob J. Javits Fellowship Program is to award fellowships to eligible students of superior ability, selected on the basis of demonstrated achievement, financial need, and exceptional promise, to undertake graduate study in selected fields in the arts, humanities, and social sciences leading to a doctoral degree or to a master's degree in those fields in which the master's degree is the terminal highest degree awarded in the selected field of study at accredited institutions of higher education. Awards are made to institutions of higher education, who disburse funds to fellows. This Final Performance Report will be used by these institutions to report information on the fellowships administered during the four-year project period. Program staff have revised the Final Performance Report based on an analysis of respondent comments and an evaluation of the data provided by the report. Program staff believe that the revised report will improve the clarity of the document, reduce burden on respondents, and more effectively collect the data necessary to evaluate the projects' performance and address updated Government Performance and Results Act (GPRA) requirements.
