

sufficient time to review and make a determination on the documentation supporting the project proposals that it has received but does not have time to complete before the awards' currently scheduled end date of September 30, 2007.

FOR FURTHER INFORMATION CONTACT: For further information, contact: Elisabeth Morgan, 301-713-3155 X166, elisabeth.morgan@noaa.gov.

SUPPLEMENTARY INFORMATION: The Coastal and Estuarine Land Conservation Program was established pursuant to Public Law 107-77 for the purpose of protecting important coastal and estuarine areas that have significant conservation, recreation, ecological, historical, or aesthetic values, or that are threatened by conversion from their natural or recreational state to other uses. The Final Guidelines for CELCP were published in the **Federal Register** on June 17, 2003 (68 FR 35860). The Final Guidelines stated that the standard financial assistance award period is 18 months, and could be extended an additional 18 months if circumstances warrant, but may not exceed 3 years. In the case of FY2002 awards, NOAA was directed by Congress in FY2005 to provide an additional two years beyond that provided for by the CELCP Guidelines. The CELCP has received review packages for numerous land acquisition projects very late in the performance period from awards funded in 2002 and 2004 that are still open, for which there may not be sufficient time to complete review before the awards' currently scheduled end date of September 30, 2007. For this reason, CELCP is amending the Final Guidelines for the Coastal and Estuarine Land Conservation Program to allow the financial assistance award period for awards issued in fiscal years 2002 and 2004 that have project documentation currently pending with NOAA to be extended for up to an additional year. It is not intended to give grant recipients more time to submit additional proposals. The maximum potential award duration for 2002 grants is five years and three months, ending December 31, 2007, and for 2004 it is four years, ending on September 30, 2008.

Classification

Executive Order 12866

This notice has been determined to be not significant for purposes of Executive Order 12866.

Executive Order 13132 (Federalism)

It has been determined that this notice does not contain policies with Federalism implications as that term is defined in Executive Order 13132.

Administrative Procedure Act/Regulatory Flexibility Act

Prior notice and an opportunity for public comment are not required by the Administrative Procedure Act or any other law for rules concerning public property, loans, grants, benefits, and contracts (5 U.S.C. 553(a)(2)). Because notice and opportunity for comment are not required pursuant to 5 U.S.C. 553 or any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are inapplicable. Therefore, a regulatory flexibility analysis has not been prepared.

Steve Kozak,

Chief of Staff for Ocean Services and Coastal Zone Management.

BILLING CODE 3510-22-M

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Publication of North American Datum of 1983 State Plane Coordinates in Feet in West Virginia

AGENCY: National Geodetic Survey (NGS), National Ocean Service (NOS), National Oceanic and Atmospheric Administration.

ACTION: Notice.

SUMMARY: The National Geodetic Survey (NGS) will publish North American Datum of 1983 (NAD 83) State Plane Coordinate (SPC) grid values in both meters and U.S. Survey Feet (1 ft = 1200/3937 m) in West Virginia, for all well defined geodetic survey control monuments maintained by NGS in the National Spatial Reference System (NSRS) and computed from various geodetic positioning utilities. The adoption of this standard is implemented in accordance with NGS policy and a request from the West Virginia Department of Transportation, the West Virginia Society of Professional Surveyors, the West Virginia GIS Coordinator, and the West Virginia Association of Geospatial Professionals.

DATES: Individuals or organizations wishing to submit comments on the Publication of North American Datum of 1983 State Plane Coordinates in feet in

West Virginia, should do by September 17, 2007.

ADDRESSES: Written comments should be sent to the attention of David Doyle, Chief Geodetic Surveyor, Office of the National Geodetic Survey, National Ocean Service (N/NGS2), 1315 East-West Highway, Silver Spring, Maryland 20910, fax 301-713-4324, or via e-mail Dave.Doyle@noaa.gov.

FOR FURTHER INFORMATION CONTACT: Requests for additional information should be directed to David Doyle, Chief Geodetic Surveyor, National Geodetic Survey (N/NGS2), 1315 East-West Highway, Silver Spring, MD 20910; Phone: (301) 713-3178.

SUPPLEMENTARY INFORMATION:

Abstract

In 1991, NGS adopted a policy that defines the conditions under which NAD 83 State Plane Coordinates (SPCs) would be published in feet in addition to meters. As outlined in that policy, each state or territory must adopt NAD 83 legislation (typically referenced as Codes, Laws or Statutes), which specifically defines a conversion to either U.S. Survey or International Feet as defined by the U.S. Bureau of Standards in **Federal Register** Notice 59-5442. To date, 48 states have adopted the NAD 83 legislation however, for various reasons, only 33 included a specific definition of the relationship between meters and feet. This lack of uniformity has led to confusion and misuse of SPCs as provided in various NGS products, services and tools, and created errors in mapping, charting and surveying programs in numerous states due to inconsistent coordinate conversions.

Dated: June 11, 2007.

David B. Zilkoski,

Director, Office of National Geodetic Survey, National Ocean Service, National Oceanic and Atmospheric Administration.
