SUPPLEMENTARY INFORMATION:

Description: On an annual basis, states and territories are required to submit the following reports: (1) An Intended Use Plan that provides data and narrative descriptions related to the state's SSBG program. The Intended Use Plan includes details about the delivery of SSBG services and the state agency administering the SSBG Program. ACF is proposing to expand the currently approved information collection to include the collection of states' Intended Use Plans with a model format. Recipients are required to submit their Pre-Expenditure Report no less than 30 days prior to the start of the period covered by the report. (2) A Pre-Expenditure Report demonstrates the state's anticipated allocation of SSBG funding among the 29 pre-defined SSBG service categories. Historically, states have submitted this report using the Post-Expenditure Report Form, and the associated burden is included in the currently approved information collection. Recipients are required to submit their Intended Use Plan no less than 30 days prior to the start of the period covered by the report, together with the Pre-Expenditure Report. (3) A Post-Expenditure Report details the state's actual use of SSBG funding among each of the 29 service categories.
