

gas leases was extended to other energy and mineral leases, including coal, geothermal steam, and leases subject to 43 U.S.C. 1337(g) of the Outer Continental Shelf Lands Act (“OCSLA”) as discussed further below.

(b) *Information Collections*: This ICR covers the paperwork requirements under 30 CFR parts 1227, 1228, and 1229. This collection of information is necessary for States and Indian Tribes to conduct audits and related investigations of Federal and Indian oil, gas, coal, other solid minerals, and geothermal royalty revenues from Federal and Tribal leased lands. ONRR uses the information collected to: (1) review and approve delegation proposals from States seeking to perform royalty management functions, and (2) prepare a cooperative agreement with a State or Indian tribe seeking to perform royalty audits. The requirements of 30 CFR parts 1227, 1228, and 1229 are:

(1) *30 CFR part 1227—Delegation to States*. Part 1227 governs the delegation of certain Federal royalty management functions to a State under 30 U.S.C. 1735, for Federal oil and gas leases covering Federal lands within the State. This part also governs the delegation of audit and investigative functions to a State for Federal geothermal leases or solid mineral leases covering Federal lands within the State (30 U.S.C. 196), or leases covering lands offshore of the State subject to section 8(g) of the OCSLA (43 U.S.C. 1337(g)). To be considered for such delegation, a State must submit a written proposal to ONRR, which ONRR must approve. Following the delegation process, 30 CFR part 1227 outlines State responsibilities, compensation, performance reviews, and the process for terminating a delegation.

(2) *30 CFR part 1228—Cooperative Activities with States and Indian Tribes*. FOGMA (30 U.S.C. 1732) authorizes the Secretary to enter into a cooperative agreement with a State or Indian tribe to share oil and gas royalty management information, and to carry out inspection, audit, investigation, and enforcement activities on Federal and Indian lands. The regulations at 30 CFR part 1228 implement this provision and set forth the requirements and procedures for entering into a cooperative agreement, the terms of such agreements, and subsequent responsibilities that must be carried out under the cooperative agreement. Through the Secretary’s delegation of the authority contained in 30 CFR 1228.5(a), a State or Indian tribe may enter into a cooperative agreement with ONRR’s Director to carry out audits and related investigations of their

respective leased lands. To enter into a cooperative agreement, a State or Indian tribe must submit a written proposal to ONRR. The proposal must outline the activities that the State or Indian tribe will undertake and must present evidence that the State or Indian tribe can meet the standards of the Secretary to conduct these activities. The State or Indian tribe also must submit an annual work plan and budget, as well as quarterly reimbursement vouchers.

(3) *30 CFR part 1229—Delegation to States*. Part 1229 governs delegations to a State to conduct audits and related investigations for Federal lands within the State, and for Indian lands for which the State has received permission from the respective Indian tribes or allottees to carry out audit activities delegated to the State under 30 U.S.C. 1735. 30 CFR 1229.4. Under 30 CFR part 1229 the State must receive the Secretary’s delegation of authority and submit annual audit work plans detailing its audits and related investigations, annual budgets, and quarterly reimbursement vouchers. The State also must maintain records.

SUPPLEMENTARY INFORMATION:

Background.—On December 20, 2019, the Department of Commerce (“Commerce”) issued antidumping duty orders on imports of acetone from Singapore and Spain (84 FR 70146). On March 31, 2020, Commerce issued antidumping duty orders on imports of acetone from Belgium, South Africa, and South Korea (85 FR 17866). The Commission is conducting reviews pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1675(c)), to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission’s Rules of Practice and Procedure at 19 CFR part 201, subparts A and B, and 19 CFR part 207, subparts A and F. The Commission will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full or expedited reviews. The Commission’s determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to these reviews:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by Commerce.

(2) The *Subject Countries* in these reviews are Belgium, Singapore, South Africa, South Korea, and Spain.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determinations, the Commission defined a single *Domestic Like Product* including all acetone within Commerce’s scope.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose

collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determinations, the Commission defined the *Domestic Industry* to include all domestic producers of the *Domestic Like Product*.

(5) The *Order Dates* are the dates that the antidumping duty orders under review became effective. In these reviews, the *Order Date* concerning Singapore and Spain is December 20, 2019 and the *Order Date* concerning Belgium, South Africa, and South Korea is March 31, 2020.

(6) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

Participation in the proceeding and public service list.—Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the proceeding as parties must file an entry of appearance with the Secretary to the Commission, as provided in § 201.11(b)(4) of the Commission’s rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the proceeding.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they may appear in a review even if they participated personally and substantially in the corresponding underlying original investigation or an earlier review of the same underlying investigation. The Commission’s designated agency ethics official has advised that a five-year review is not the same particular matter as the underlying original investigation, and a five-year review is not the same particular matter as an earlier review of the same underlying investigation for purposes of 18 U.S.C. 207, the post-employment statute for Federal employees, and Commission rule 201.15(b) (19 CFR 201.15(b)), 79 FR 3246 (Jan. 17, 2014), 73 FR 24609 (May 5, 2008). Consequently, former employees are not required to seek Commission approval to appear in a review under Commission rule 19 CFR 201.15, even if the corresponding underlying original investigation or an earlier review of the same underlying investigation was pending when they were Commission employees.
