

of the Act.⁷ Section 6(b)(5)⁸ requires, among other things, that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, promote just and equitable principles of trade, remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, protect investors and the public interest; and not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Commission believes that the proposed rule change promotes the objectives of this section of the Act. Specifically, the proposed rule change will promote just and equitable principles of trade by protecting any rights the Exchange may have with regard to images and sounds emanating from the Trading Floor and by promoting the orderly conduct of business on the Trading Floor.

The Commission finds good cause for approving the proposed rule change prior to the thirtieth day after the date of publication of the notice of filing thereof in the **Federal Register**. Because no comments were received and because the proposed rule change will promote just and equitable principles of trade, the Commission finds that there is good cause, consistent with Section 6(b)(5) of the Act,⁹ to approve the proposal on an accelerated basis.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁰ that the proposed rule change (File No. SR-Amex-2001-56) be, and it hereby is, approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹¹

Margaret H. McFarland,
Deputy Secretary.
