1. *Supplemental Security Income (SSI)—Quality Review Case Analysis—0960-0133.* To assess the SSI program and ensure the accuracy of its payments, SSA conducts legally mandated periodic SSI case analysis quality reviews. SSA uses Form SSA-8508 to conduct these reviews, collecting information on operating efficiency, the quality of underlying policies, and the effect of incorrect payments. SSA also uses the data to determine SSI program payment accuracy rates, which is a performance measure for the agency's service delivery goals. The respondents are recipients of SSI payments selected for the quality reviews.

Type of Request: Revision of an OMB-approved information collection.

Form	Number of respondents	Frequency of response	Response time (minutes)	Estimated annual burden (hours)

The DDSs collect information from claimants regarding medical treatment and pain/symptoms. The respondents are medical providers, other sources of MER, and disability claimants.

Type of Request: Revision of an OMB-approved information collection.

II. SSA submitted the information collections listed below to OMB for clearance. Your comments on the information collections would be most useful if OMB and SSA receive them within 30 days from the date of this publication. To be sure we consider your comments, we must receive them no later than April 25, 2011. You can obtain a copy of the OMB clearance packages by calling the SSA Reports Clearance Officer at 410-965-8783 or by writing to the above e-mail address.

These beneficiaries and recipients can use Form SSA-632-BK to take one of three actions: (1) Request an exemption from repaying, as recovery of the overpayment would cause financial hardship; (2) inform SSA they want to repay the overpayment at a monthly rate

over a period longer than 36 months; or (3) request a different rate of recovery. In the latter two cases, the respondents must also provide financial information to help the agency determine how much the overpaid person can afford to repay each month. Respondents are overpaid Social Security beneficiaries or SSI recipients who are requesting a waiver of recovery of an overpayment or a lesser rate of withholding.

Type of Request: Revision of an OMB-approved information collection.

2. *Sheltered Workshop Wage Reporting—0960-0771.* Sheltered workshops are nonprofit organizations or institutions that implement a recognized program of rehabilitation for workers who have handicaps, or provide such workers with remunerative employment or other occupational rehabilitating activity of an educational or therapeutic nature. Sheltered workshops perform a service for their clients by reporting monthly wages directly to SSA. SSA uses the information these workshops provide to verify and post monthly wages to the SSI recipient's record. Most workshops report monthly wage totals to their local SSA office so we can adjust the client's

SSI payment amount in a timely manner and prevent overpayments. Sheltered workshops are motivated to report wages voluntarily as a service to their clients. Respondents are sheltered workshops that report monthly wages for services performed in the workshop.

Type of Request: Revision of an OMB-approved information collection.

Number of Respondents: 900.

Frequency of Response: 12.

Average Burden Per Response: 15 minutes.

Estimated Annual Burden: 3,000 hours.

3. *Request for Medical Treatment in an SSA Employee Health Facility: Patient Self-Administered or Staff-Administered Care—0960-0772.* SSA's

Employee Health Clinic (EHC) provides emergency care, treatment of on-the-job illnesses and injuries, and health care for employees with chronic medical conditions and allergies who require allergy antigens. SSA also permits employees to use the EHC for self-administration of medical treatments for a chronic health condition. SSA collects information on Form SSA-5072 to approve or deny requests for medical treatment in an SSA EHC. The respondents are the private physicians of the SSA employees seeking medical treatment in an SSA EHC.
