

12 occurrences that are distributed throughout the cedar glade ecosystem of the Stones River Basin within Davidson, Rutherford, and Wilson Counties. Each occurrence should have at least 100 plants, be maintained for at least 10 years, have a cooperative management agreement in place, and be located on lands owned and managed by a public agency or located on private lands protected by a permanent conservation easement.

As reclassification and recovery criteria are met, the status of the species will be reviewed and it will be considered for reclassification or removal from the Federal List of Endangered and Threatened Wildlife and Plants.

Request for Public Comments

We request written comments on the recovery plan. We will consider all comments we receive by the date specified in **DATES** prior to final approval of the plan.

Public Availability of Comments

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we

cannot guarantee that we will be able to do so.

Authority

The authority for this action is section 4(f) of the Endangered Species Act, 16 U.S.C. 1533(f).

Dated: January 14, 2010.

Jeffrey M. Fleming,

Acting Regional Director, Southeast Region.

DEPARTMENT OF THE INTERIOR

Minerals Management Service

Environmental Documents Prepared for Proposed Oil, Gas, and Mineral Operations by the Gulf of Mexico Outer Continental Shelf (OCS) Region

AGENCY: Minerals Management Service, Interior.

ACTION: Notice of the Availability of Environmental Documents Prepared for OCS Mineral Proposals by the Gulf of Mexico OCS Region.

SUMMARY: In accordance with Federal Regulations that implement the National Environmental Policy Act (NEPA), the Minerals Management Service (MMS) announces the availability of NEPA-related Site-Specific Environmental Assessments (SEA) and Findings of No Significant Impact (FONSI), prepared by MMS for the following oil-, gas-, and

mineral-related activities proposed on the Gulf of Mexico.

FOR FURTHER INFORMATION CONTACT:

Public Information Unit, Information Services Section at the number below. Minerals Management Service, Gulf of Mexico OCS Region, Attention: Public Information Office (MS 5034), 1201 Elmwood Park Boulevard, Room 114, New Orleans, Louisiana 70123-2394, or by calling 1-800-200-GULF.

SUPPLEMENTARY INFORMATION: MMS

prepares SEAs and FONSIs for proposals that relate to exploration, development, production, and transport of oil, gas, and mineral resources on the Federal OCS. These SEAs examine the potential environmental effects of activities described in the proposals and present MMS conclusions regarding the significance of those effects.

Environmental Assessments are used as a basis for determining whether or not approval of the proposals constitutes a major Federal action that significantly affects the quality of the human environment in the sense of NEPA Section 102(2)(C). A FONSI is prepared in those instances where MMS finds that approval will not result in significant effects on the quality of the human environment. The FONSI briefly presents the basis for that finding and includes a summary or copy of the SEA.

This notice constitutes the public notice of availability of environmental documents required under the NEPA Regulations.

FEDERAL REGISTER

Activity/operator	Location	Date
Noble Energy, Inc., Structure Removal, SEA ES/SR 09-059 ...	Eugene Island, Block 308, Lease OCS-G 00996, located 76 miles from the nearest Louisiana shoreline.	10/2/2009

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[LLWYP00000–L13200000–EL0000; WYW163340, WYW177903]

Notice of Availability of the Record of Decision for the Environmental Impact Statement for the West Antelope II Coal Lease-by-Application, Wyoming

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Availability of the Record of Decision.

SUMMARY: In accordance with the National Environmental Policy Act of 1969, the Bureau of Land Management (BLM) announces the availability of the Record of Decision (ROD) for the West Antelope II Coal Lease by Application

(LBA) Environmental Impact Statement (EIS).

ADDRESSES: The document is available electronically on the following Web site: http://www.blm.gov/wy/st/en/info/NEPA/cfodocs/West_Antelope_II.html. Paper copies of the ROD are also available at the following BLM office locations:

- Bureau of Land Management, Wyoming State Office, 5353 Yellowstone Road, Cheyenne, Wyoming; and
- Bureau of Land Management, Wyoming High Plains District Office, 2987 Prospector Drive, Casper, Wyoming.

FOR FURTHER INFORMATION CONTACT: Mr. Tyson Sackett, Acting Wyoming Coal Coordinator, at 307–775–6487, or Ms. Mavis Love, Land Law Examiner, at 307–775–6258. Both Mr. Sackett's and Ms. Love's offices are located at the BLM Wyoming State Office, 5353 Yellowstone Road, Cheyenne, Wyoming 82009.

SUPPLEMENTARY INFORMATION: The ROD covered by this Notice of Availability is for the West Antelope II Coal Tract and addresses leasing Federal coal in Campbell and Converse Counties, Wyoming, administered by the BLM Wyoming High Plains District Office. The BLM approves Alternative 2, which is the preferred alternative of the West Antelope II Coal Lease by Application Final EIS. Under Alternative 2, the West Antelope II Coal LBA area, as modified

by the BLM, will be divided into two separate LBA tracts referred to as the West Antelope II North Tract and the West Antelope II South Tract. The West Antelope II North Tract (WYW163340), as modified by the BLM, includes 2,837.63 acres, more or less, and contains an estimated 350.2 million tons of mineable coal. The West Antelope II South Tract (WYW177903), as modified by the BLM, includes 1,908.60 acres, more or less, and contains an estimated 56.3 million tons of mineable coal. Two competitive coal lease sales will be announced in the **Federal Register** at a later date.

This decision is subject to appeal to the Interior Board of Land Appeals (IBLA), as provided in 43 CFR part 4, within thirty (30) days from the date of publication of this NOA in the **Federal Register**. The ROD contains instructions for filing an appeal with the IBLA.

Larry Claypool,
Acting State Director.
