SUPPLEMENTARY INFORMATION:**A. Background**

This rule implements Section 807 of the National Defense Authorization Act for Fiscal Year 2001 (Public Law 106–398). Section 807 adds women-owned small businesses to the types of concerns that may participate as protege firms in the DoD Pilot Mentor-Protege Program. This rule also clarifies that business concerns owned and controlled by an Indian tribe or a Native Hawaiian organization are eligible to participate as protege firms in the Program.

DoD published an interim rule at 66 FR 47108 on September 11, 2001. DoD received one comment on the interim rule. The comment did not recommend any change to the rule. Therefore, DoD is converting the interim rule to a final rule without change.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD has prepared a final regulatory flexibility analysis. Interested parties may obtain a copy of the analysis from the point of contact specified herein. The analysis is summarized as follows: This rule permits women-owned small

businesses to participate as protege firms in the DoD Pilot Mentor-Protege Program. The objective of the rule is to provide an opportunity for women-owned small businesses to enhance their capabilities and increase their participation in Government and commercial contracts. Presently, there are 3,471 women-owned small business concerns that do business with DoD. Since the inception of the Mentor-Protege Program, 160 mentor firms and 509 protege firms have participated in the Program. Each protege firm must provide annual data to its mentor firm, for submission to the Government, regarding the progress of the protege firm in employment, revenues, and participation in DoD contracts. DoD received no comments in response to the initial regulatory flexibility analysis.

C. Paperwork Reduction Act

The information collection requirements of the DoD Pilot Mentor-Protege Program have been approved by the Office of Management and Budget under Control Number 0704–0332, for use through March 31, 2004.

SUPPLEMENTARY INFORMATION:**A. Background**

A partnership agreement between DoD and SBA, dated February 1, 2002, permits DoD to award 8(a) contracts directly to 8(a) concerns, on behalf of SBA. The partnership agreement replaced a memorandum of understanding, which also permitted direct award of 8(a) contracts, and which was implemented in DFARS Subpart 219.8. This interim rule amends DFARS Subpart 219.8 to reflect the provisions of the new partnership agreement. The amendments include the following:

1. Emphasis that SBA remains the prime contractor on all 8(a) contracts, continues to determine eligibility of concerns for contract award, and retains appeal rights under Section 19.810 of the Federal Acquisition Regulation. SBA delegates to DoD only the authority to sign contracts on its behalf.

2. For negotiated acquisitions, authorization for the contracting officer to submit a request for an eligibility determination on all firms in the competitive range if discussions are to be conducted, or on all firms with a realistic chance of award if no discussions are to be conducted. Previously, the contracting officer
