

programs may be improved and then to provide valuable strategic input on enhancing the future direction of NIST programs.

Affected Public: Business or for-profit organizations, not-for-profit institutions, and individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Jacqueline Zeiher, (202) 395-4638.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, Room 10202, New Executive Office Building, Washington, DC 20503.

Dated: June 25, 2003.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-13-P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Institute of Standards and Technology (NIST).

Title: Generic Clearance for Usability Data Collections.

Form Number(s): None.

OMB Approval Number: None.

Type of Review: Regular submission.

Burden Hours: 2,000.

Number of Respondents: 2,000.

Average Hours Per Response: 1 hour.

Needs and Uses: NIST will conduct information collections of usability data involving usage of technological devices (such as web sites, handheld computers, cell phones, and robots). This information will enable NIST researchers to study human-computer interactions and help establish guidelines and standards for more effective and efficient interactions.

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Jacqueline Zeiher, (202) 395-4638.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, Room 10202, New Executive Office Building, Washington, DC 20503.

Dated: June 25, 2003.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-13-P

DEPARTMENT OF COMMERCE

Office of the Secretary

[Docket Number: 030624160-3160-01]

Posting of the FY 2002 Alternative Fuel Vehicle Report on the Department of Commerce Website

AGENCY: Department of Commerce.

ACTION: Notice.

SUMMARY: This notice announces the availability of the Department of Commerce's (DoC) alternative fuel vehicle (AFV) report for FY 2002 as required by the Energy Policy Act of 1992 (EPAct).

ADDRESSES: Interested persons can obtain copies of the AFV reports from Mauryce Johnson at U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230 or on the internet at <http://www.osc.doc.gov/oas/fleet.htm>.

FOR FURTHER INFORMATION CONTACT:

Mauryce Johnson, 202-482-8246.

SUPPLEMENTARY INFORMATION: The Energy Policy Act of 1992 (EPAct) requires that AFV reports for FY 1999 and beyond be made public, placing them on a publicly available Web site and publishing notice of their availability, including the Web site address, in the **Federal Register**. The purpose of this notice is to comply with the EPAct requirements.

Earthjustice, on behalf of the Center for Biological Diversity, the Bluewater Network, and the Sierra Club, brought

suit against eighteen Federal agencies, including DoC, in the United States District Court for the Northern District of California, alleging noncompliance with EPAct's provisions regarding Federal fleets. On July 26, 2002, the court ordered that the named Federal agencies prepare and submit overdue reports to Congress outlining their AFV acquisitions for FY 1999, FY 2000, and FY 2001.

The court ordered each of the eighteen Federal agencies to post their reports on their website and individually publish the availability of their reports in the **Federal Register** no later than January 31, 2003. DoC complied with the court order (67 FR 77743.)

On April 24, 2003, the Center for Biological Diversity filed a motion for contempt alleging that the named agencies including DoC had not complied with all EPAct requirements. Negotiations between the plaintiffs and defendants resulted in a joint stipulation withdrawing their motion for contempt if the named Federal agencies post their AFV Compliance Reports for Fiscal Year 2002 on their respective websites and publish the availability of the report in the **Federal Register** no later than June 30, 2003. The AFV reports must contain a section on compliance with EPAct.

Authority: Pub. L. 102-486, Title III, Sec. 310, Oct. 24, 1992, 106 Stat. 2874.

Denise L. Wells,

Acting Director for Administrative Services.

BILLING CODE 3510-03-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 32-2003]

Foreign-Trade Zone 52—Suffolk County, NY, Application for Subzone Status, Festo Corporation Facilities (Pneumatic Industrial Automation Components), Hauppauge, NY

An application has been submitted to the Foreign-Trade Zones Board (the Board) by Suffolk County, New York, grantee of FTZ 52, requesting special-purpose subzone status for the pneumatic industrial automation components manufacturing facilities of Festo Corporation (Festo) (a subsidiary of Festo AG, of Germany), located in Hauppauge, New York. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR

part 400). It was formally filed on June 23, 2003.

The proposed subzone would include Festo's two manufacturing facilities located in Suffolk County, Long Island: *Site 1* (8 acres/99,000 sq. ft.)—located at 395 Moreland Road, Hauppauge, New York; and, *Site 2* (5 acres/53,000 sq. ft.)—located at 430 Wireless Boulevard, Hauppauge, about one quarter of a mile to the east of Site 1. The facilities (200 employees) are used to produce pneumatic industrial automation components, including pneumatic cylinders, pneumatic valves and valve manifolds, and pneumatic and electronic integrated control systems (HTSUS 8412.31, 8481.20, 8537.10, 8428.90), and to distribute similar imported components for export and the U.S. market. The manufacturing process at the facilities involves machining, assembly, and testing of up to 130,000 units annually. Components purchased from abroad (about 40% of finished component value) used in manufacturing include: Greases, plastic gaskets/profiles/tubes/rolls/sheet/boxes, belts, rubber tubes and o-rings, packaging material, casters, base metal mountings, flex tubing, clasps, hydraulic engines, pumps, air compressors, wooden pins/dowels, stainless and alloy steel products (must be admitted under privileged foreign status (19 CFR 146.41)), fasteners, springs, washers, articles of aluminum, air dryers and purifiers, sprayers and related parts, pneumatic and hydraulic valves, regulators, ballcocks, bearings, transmissions, transmission/crankshafts, flanges, gears, clutches, couplings, chains, sprockets, electrical connectors, motors, generators, transformers, converters, magnets, lithium batteries, capacitors, printed circuit boards, fuses, relays, switches, lampholders/sockets, panel/distribution boards, controllers, circuit breakers, diodes, conductors, fiber optic cable, and liquid meters (2003 duty rate range: Free—24%).

FTZ procedures would exempt Festo from Customs duty payments on the foreign component inputs used in export production. On its domestic sales and exports to NAFTA markets, the company would be able to choose the duty rate that applies to finished industrial automation components (free—2.7%) for the foreign-sourced inputs noted above. Festo would be able to defer Customs duty payments on the foreign-origin finished industrial automation components that would be admitted to the proposed subzone for U.S. distribution. Duties would be deferred or reduced on foreign production equipment admitted to the proposed subzone until which time it

becomes operational. The application indicates that subzone status would help improve the facilities' international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the following addresses:

1. *Submissions via Express/Package Delivery Services*: Foreign-Trade Zones Board, U.S. Department of Commerce, Franklin Court Building—Suite 4100W, 1099 14th Street, NW., Washington, DC 20005; or,

2. *Submissions via the U.S. Postal Service*: Foreign-Trade Zones Board, U.S. Department of Commerce, FCB—4100W, 1401 Constitution Ave., NW., Washington, DC 20230.

The closing period for their receipt is September 2, 2003. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to September 15, 2003).

A copy of the application will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at address No.1 listed above and at the U.S. Department of Commerce Export Assistance Center, 40th Floor, 20 Exchange Place, New York, NY 10005.

Dated: June 24, 2003.

Dennis Puccinelli,

Executive Secretary.

Withdrawal of Applications for Subzone Status for Flint Ink North America Corporation Plants

Notice is hereby given of the withdrawal of the applications requesting special-purpose subzone status for the ten Flint Ink North America Corporation plants. The applications were filed on October 7, 2002 (66 FR 64088-64096, 10/17/02).

The withdrawal was requested because of changed circumstances, and the cases have been closed without prejudice.

Bureau of Industry and Security

Materials Technical Advisory Committee; Notice of Partially Closed Meeting

The Materials Technical Advisory Committee will meet on July 17, 2003, 10:30 a.m., Herbert C. Hoover Building, Room 3407, 14th Street between Constitution & Pennsylvania Avenues, NW., Washington, DC. The Committee advises the Office of the Assistant Secretary for Industry and Security with respect to technical questions that affect the level of export controls applicable to materials and related technology.

Agenda

Public Session

1. Opening remarks and introductions.
2. Presentation of papers and comments by the public.
3. Review and discussion of proposals for addition of the following precursor chemicals to the control list:
 - Methylphosphonic acid CAS #993-13-5.
 - Diethyl methylphosphonate CAS #683-08-9.
 - N, N-Dimethylamino phosphoryldichloride CAS #677-43-0.
 - Tri-isopropylphosphite CAS #116-17-6.
 - Ethyldiethanolamine CAS #139-87-7.
 - O,O-Diethyl phosphorodithioate CAS #2465-65-8.
 - Sodium hexafluorosilicate CAS #16893-85-9.
 - Potassium hexafluorosilicate CAS #16871-90-2.
4. Presentation and discussion of a proposed liberalization of export controls applicable to pharmaceutical preparations of controlled toxins.
5. Review and discussion of proposals to add CWC Schedule 2A and Schedule 3A chemicals to the AG common control lists. The Schedule 2A chemicals are amiton (CAS #78-53-5), PFIB (CAS #382-21-8), and BZ (CAS #6581-06-2). The Schedule 3A chemicals are phosgene (CAS #75-44-5), cyanogen chloride (CAS #506-77-4), hydrogen cyanide (CAS #74-90-8), and chloropicrin (CAS #76-06-2).
