Information Collection Requirement

Title: Transportation Worker Identification Credential (TWIC®) Program.

Type of Request: Extension of a currently approved collection.

OMB Control Number: 1652-0047.

Forms(s): TWIC® Disclosure and Certification Form, TWIC® Pre-Enrollment Application, TWIC® Enrollment Application, TWIC® Card Replacement Request, and TWIC® Customer Satisfaction Survey.

Affected Public: Individuals seeking or requiring unescorted access to secure areas within the TSA's national and transportation security mission or facilities and vessels regulated under the Maritime Transportation Security Act of 2002 (Pub. L. 107-295 (Nov. 25, 2002; sec. 102), other authorized individuals in the field of transportation, and all mariners holding U.S. Coast Guard-issued credentials or qualification documents.

Abstract: The data collected will be used for processing TWIC enrollments as well as to allow expanded enrollment options for additional comparability or eligibility determinations for other programs, such as the Hazardous Materials Endorsement Threat Assessment Program. Individuals in the field of transportation who are authorized to apply for a TWIC for use as part of other government programs, may apply for a TWIC and undergo the associated STA. The data is used to conduct a comprehensive STA that includes: (1) a criminal history records check; (2) a check of intelligence databases; and (3) an immigration status check. TSA may also use the information to determine a TWIC holder's eligibility to participate in TSA's expedited screening program for air travel, the TSA PreCheck® Application Program. Active (unexpired) TWIC holders who meet the eligibility requirements for TSA PreCheck may use their TWIC card's Credential Identification Number in the appropriate known traveler number field of an airline reservation to obtain expedited screening eligibility.

At the enrollment center, applicants verify their biographic information and provide identity documentation, biometric information, and proof of immigration status (if required). This information allows TSA to complete the

STA. During enrollment, TSA collects from applicants a \$124.00 fee for standard enrollment. If TSA determines that the applicant is eligible to receive a TWIC as a result of the STA, TSA issues and sends an activated TWIC card to the address provided by the applicant or notifies the applicant that their TWIC is ready for pick up and activation at an enrollment center. Once activated, this credential can be used for facility and vessel access control requirements to include card authentication, card validation, and identity verification. In the event of a lost, damaged or stolen credential, the cardholder must notify TSA immediately and may request a replacement card online, via telephone, or from an enrollment center for a \$60.00 fee.

TSA has identified several situations where an individual may be charged a reduced fee. First, if TSA determines an individual has already completed a comparable STA through other governmental agencies, such as the TSA Hazardous Materials Endorsement program and U.S. Customs and Border Protection Free and Secure Trade Program, the individual is eligible for a reduced fee of \$93.00.

Second, under section 809 of the United States Coast Guard Authorization Act of 2010, certain Merchant Mariners are not required to obtain a credential when they apply for their TWIC STA. If a mariner opts to not receive a TWIC card, TSA may reduce the TWIC fee to reflect only the enrollment and vetting segments of the fee, resulting in a fee reduction of \$25.75.

Third, TWIC applicants who previously maintained an active TWIC STA may be eligible to renew online. Approximately 60 percent of active TWIC cardholders enroll for a new TWIC after their STA expires 5 years from the date of issuance. Online TWIC renewals reduce the applicant cost and hour burden by permitting eligible applicants to obtain a new TWIC without enrolling in-person at a TSA enrollment center. Additionally, TSA mitigates certain security risks associated with online renewals by enrolling current TWIC cardholders in recurrent vetting services, such as the Federal Bureau of Investigation's Rap Back Service. The renewal fee for TWIC online renewals is \$116.00 compared to the in person renewal fee of \$124.00.

TSA invites all TWIC applicants to complete an optional survey to gather information on the applicants' overall customer satisfaction with the enrollment process. This optional survey is administered following the

enrollment process, including the new online renewals, and the process to activate the TWIC, where applicable. The results from these surveys are compiled to produce reports that are reviewed by the enrollment services provider and TSA.

Number of Annual Respondents: 705,038.¹

Estimated Annual Burden Hours: An estimated 510,471 hours annually.

Estimated Annual Cost: \$78,706,109.

Dated: April 23, 2025.
