BILLING CODE 4151-05-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Committee on Vital and Health Statistics: Meeting

Pursuant to the Federal Advisory Committee Act, the Department of Health and Human Services (HHS) announces the following advisory committee meeting.

Name: National Committee on Vital and Health Statistics (NCVHS), Populations Subcommittee Meeting.

Time and Date: February 27, 2009 8:30 a.m.—1 p.m.

Place: Hubert H. Humphrey Building, 200 Independence Avenue, SW., Room 505A, Washington, DC 20201.

Status: Open.

Purpose: The Populations Subcommittee will hear testimony from invited experts on Federal data capacity to support health policy in the area of modeling health insurance data, to include coverage, access, utilization, quality, and cost of care. The meeting will conclude with a roundtable discussion between the Populations Subcommittee and speakers.

Contact Person for More Information: Substantive program information as well as summaries of meetings and a roster of committee members may be obtained from Debbie Jackson, lead staff for Populations Subcommittee, NCVHS, Centers for Disease Control and Prevention, National Center for Health Statistics, 3311 Toledo Road, Room 2339, Hyattsville, Maryland, 20782, telephone (301) 458-4614 or Marjorie S. Greenberg, Executive Secretary, NCVHS, National Center for Health Statistics, Centers for Disease Control and Prevention, 3311 Toledo Road, Room 2402, Hyattsville, Maryland 20782, telephone (301) 458-4245. Information also is available on the NCVHS home page of the HHS Web site: <http://www.ncvhs.hhs.gov/>, where further information including an agenda will be posted when available.

Should you require reasonable accommodation, please contact the CDC Office of Equal Employment Opportunity on (301) 458-4EEO (4336) as soon as possible.

Dated: February 4, 2009.

James Scanlon,

Deputy Assistant Secretary for Science and Data Policy, Office of the Assistant Secretary for Planning and Evaluation.

BILLING CODE 4151-05-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Toxicology Program (NTP); Report on Carcinogens (RoC); Request for Public Comments on the RoC Expert Panel's Recommendation on Listing Status for Cobalt-Tungsten Carbide Powders and Hard Metals in the 12th RoC and the Scientific Justification for the Recommendation

AGENCY: National Institute of Environmental Health Sciences (NIEHS); National Institutes of Health (NIH).

ACTION: Request for comments.

SUMMARY: The NTP invites public comment on the recommendation from an expert panel on the listing status for cobalt-tungsten carbide powders and hard metals in the 12th RoC and the scientific justification for the recommendation. The recommendation and scientific justification for cobalt-tungsten carbide powders and hard metals are available electronically in Part B of the Expert Panel Report (<http://ntp.niehs.nih.gov/go/29682>, see Expert Panel Report Part B) or in printed text from the RoC Center (see **FOR FURTHER INFORMATION CONTACT** below). The RoC Center convened a seven-member expert panel of scientists, plus one technical scientific expert, from the public and private sectors on December 9–10, 2008. The panel was asked (1) to apply the RoC listing criteria to the relevant scientific evidence and make a recommendation regarding listing status (*i.e., known to be a human carcinogen, reasonably anticipated to be a human carcinogen, or not to list*) for cobalt-tungsten carbide powders and hard metals in the 12th RoC and (2) to provide the scientific justification for the recommendation.

DATES: The Expert Panel Report (Part B) for cobalt-tungsten carbide powders and hard metals will be available for public comment by February 4, 2009. Written comments should be submitted by March 30, 2009.

ADDRESSES: Comments should be sent to Dr. Ruth Lunn, Director, RoC Center [NIEHS, P.O. Box 12233, MD K2-14, Research Triangle Park, NC 27709, FAX: 919-541-0144, or lunn@niehs.nih.gov. Courier address: Report on Carcinogens

Center, NIEHS, 530 Davis Drive, Room 2006, Durham, NC 27713].

FOR FURTHER INFORMATION CONTACT: Dr. Ruth Lunn, RoC Center, 919-316-4637 or lunn@niehs.nih.gov.

SUPPLEMENTARY INFORMATION:

Background

Cobalt-tungsten carbide hard metals are composites of carbides (including tungsten carbide alone or in combination with small amounts of other carbides) with a metallic cobalt binder, pressed into a compact, solid form at high temperatures by a process known as “sintering.” Cobalt-tungsten carbide hard metals are used primarily in cutting tools. Cobalt-tungsten carbide hard metals are manufactured and used in the United States. Occupational exposure to cobalt-tungsten carbide hard-metal particles can occur during hard-metal production, recycling of hard-metal products, and grinding and sharpening of hard-metal tools.

As part of the RoC review process (available at <http://ntp.niehs.nih.gov/go/29353>), the NTP announced the availability of the draft background document for cobalt-tungsten carbide powders and hard metals (73FR60288), invited public comments on the draft background document, and announced the cobalt-tungsten carbide powders and hard metals expert panel meeting. The RoC Center convened a seven-member expert panel of scientists from the public and private sectors to evaluate cobalt-tungsten carbide powders and hard metals. An additional, non-voting, expert scientist was also in attendance to respond to technical concerns from the panel. The expert panel met on December 9–10, 2008, in a public forum at the Sheraton Chapel Hill Hotel, Chapel Hill, North Carolina. The panel was charged to peer review the draft background document for cobalt-tungsten carbide powders and hard metals and then to make a recommendation on its listing status in the 12th RoC and to provide a scientific justification for that recommendation. Details about the meeting, including public comments received and the expert panel reports, are available on the RoC Web site (<http://ntp.niehs.nih.gov/go/29682>). The expert panel report for cobalt-tungsten carbide powders and hard metals contains two parts: Part A has the peer-review comments on the draft background document and Part B has the recommendation on listing status and its scientific justification. The expert panel recommended that cobalt-tungsten carbide powders and hard metals be listed in the 12th RoC as

reasonably anticipated to be a human carcinogen.

Request for Comments

The RoC Center invites written public comments on the expert panel's recommendation on listing status for cobalt-tungsten carbide powders and hard metals and the scientific justification for the recommendation. All comments received will be posted on the RoC Web site. Persons submitting written comments are asked to include their name and contact information (affiliation, mailing address, telephone and facsimile numbers, e-mail, and sponsoring organization, if any) and send them to Dr. Lunn (see **ADDRESSES** above). The deadline for submission of written comments is March 30, 2009.

Next Steps

The RoC Center is in the process of finalizing the background document for cobalt-tungsten carbide powders and hard metals based upon the expert panel's peer review comments and the public comments received (73FR60288). Persons can register free-of-charge with the NTP listserve (<http://ntp.niehs.nih.gov/go/231>) to receive notification when the final background document is posted on the RoC Web site (<http://ntp.niehs.nih.gov/go/10091>). As part of the RoC review process, two government groups will also conduct reviews of cobalt-tungsten carbide powders and hard metals; these meetings are not open to the public. Upon completion of these reviews, the NTP will (1) draft a substance profile for cobalt-tungsten carbide powders and hard metals that contains its listing recommendation for the 12th RoC and the scientific information supporting

that recommendation, (2) solicit public comment on the draft substance profile, and (3) convene a meeting of the NTP Board of Scientific Counselors to peer review the draft substance profile.

Background Information on the RoC

The RoC is a Congressionally mandated document that identifies and discusses agents, substances, mixtures, or exposure circumstances (collectively referred to as "substances") that may pose a hazard to human health by virtue of their carcinogenicity. The RoC follows a formal, multi-step process for review and evaluation of selected chemicals. Substances are listed in the report as either *known or reasonably anticipated human carcinogens*. The NTP prepares the RoC on behalf of the Secretary of Health and Human Services. Information about the RoC and the review process is available on its Web site (<http://ntp.niehs.nih.gov/go/roc>) or by contacting Dr. Lunn (see **FOR FURTHER INFORMATION CONTACT** above).

Dated: January 29, 2009.

Linda S. Birnbaum,

Director, National Institute of Environmental Health Sciences and National Toxicology Program.

BILLING CODE 4140-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for OMB Review; Comment Request

Title: Methodology for Determining Whether an Increase in a State's Child Poverty Rate is the Result of the TANF program—NPRM.

OMB No.: 0970-0186.

Description: In accordance with Section 413(i) of the Social Security Act and 45 CFR part 284, the Department of Health and Human Services (HHS) intends to reinstate the following information collection requirements. For instances when Census Bureau data show that a State's child poverty rate increased by 5 percent or more from one year to the next, a State may submit independent estimates of its child poverty rate. If HHS determines that the States' independent estimates are not more reliable than the Census Bureau estimates, HHS will require the State to submit an assessment of the impact of the TANF program(s) in the State on the child poverty rate. If HHS determines from the assessment and other information that the child poverty rate in the State increased as a result of the TANF program(s) in the State, HHS will then require the State to submit a corrective action plan.

Respondents: The respondents are the 50 States, the District of Columbia and Puerto Rico; when reliable Census Bureau data become available for the Territories, additional respondents might include Guam and the Virgin Islands.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Optional Submission of Data on Child Poverty from an Independent Source	52	1	8	416
Assessment of the Impact of TANF on the Increase in Child Poverty	52	1	120	6,240
Corrective Action Plan	52	1	160	8,320

Estimated Total Annual Burden Hours: 14,976.

Additional Information: Copies of the proposed collection may be obtained by writing to the Administration for Children and Families, Office of Administration, Office of Information Services, 370 L'Enfant Promenade, SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer. All requests should be identified by the title of the

information collection. E-mail address: infocollection@acf.hhs.gov.

OMB Comment: OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication. Written comments and recommendations for the proposed information collection should

be sent directly to the following: Office of Management and Budget, Paperwork Reduction Project, Fax: 202-395-6974, Attn: Desk Officer for the Administration for Children and Families.

Dated: February 6, 2009.

Janeane Chambers,

Reports Clearance Officer.
