

applicants to show that identified needs are consistent with priorities of the State or county that has primary responsibility for the service delivery system. Therefore, Category 3 applicants do not have to include a copy of the State or County Strategic Plan as Appendix 5 of their application.

1.2 In "Section C, Proposed Implementation Approach," Category 3 (Campus SBI) applicants must, in addition to the requirements specified in the SVC-05 PA, address the following requirements that are added as an additional bullet in the Evaluation Criteria section of the SVC-05 PA:

Identify the geographic location of the proposed screening and brief intervention provider in relation to the targeted college/university campus. If the provider is located off campus, address how students will gain access to the service provider. Identify where subsequent services (*i.e.*, treatment) will be provided.

1.3 In "Section E, Evaluation and Data," applicants must, in addition to the requirements specified in the SVC-05 PA, address the following requirements that are added to the end of the 6th bullet in the Evaluation Criteria section of the SVC-05 PA:

Applicants must state whether or not the per-person costs are within the following reasonable ranges by treatment modality. Applicants must also discuss the reasonableness of the per person costs. If proposed costs exceed reasonable ranges, a detailed justification must be provided.

Program costs. The following are considered reasonable ranges by treatment modality:

Residential: \$3,000 to \$10,000.

Outpatient (Non-Methadone): \$1,000 to \$5,000.

Outpatient (Methadone): \$1,500 to \$8,000.

Intensive Outpatient: \$1,000 to \$7,500.

Screen/Brief Intervention/Brief Treatment/Outreach/Pretreatment Services: \$200 to \$1,200.

Drug Court Programs (regardless of client treatment modality): \$3,000 to \$5,000.

SAMHSA/CSAT computes per person costs as follows. The total support requested for the life of the project is multiplied by .8 (.2 will be the allowance for GPRA reporting requirements). The resulting amount is then divided by the number of persons the applicant proposes to serve over the life of the project.

The outreach and pretreatment services cost band only applies to outreach and pretreatment programs that do not also offer treatment services

but operate within a network of substance abuse treatment facilities. Treatment programs that add outreach and pretreatment services to a treatment modality or modalities are expected to fall within the cost band for that treatment modality.

1.4 Performance Measurement: All SAMHSA grantees are required to collect and report certain data, so that SAMHSA can meet its obligations under the Government Performance and Results Act (GPRA). Grantees of the Targeted Capacity Expansion Grants program will be required to report performance in several areas. Applicants must document their ability to collect and report the required data in "Section E: Evaluation and Data" of their applications.

All Targeted Capacity Expansion grant applicants must document their ability to collect and report data using the Targeted Capacity Expansion Client Level GPRA tool that can be found at <http://www.csat-gpra.samhsa.gov> (click on "Data Collection Tools/ Instruments"), along with instructions for completing it. Hard copies are available in the application kits distributed by SAMHSA's National Clearinghouse for Alcohol and Drug Information (NCADI). GPRA data must be collected at baseline (*i.e.*, the client's entry into the project), 6 months after the baseline, and 12 months after the baseline. Projects serving adolescents also must collect 3 month post-baseline data to capture the nuances of change particular to this population. GPRA data must be entered into the GPRA Web system within 7 business days of the forms being completed. In addition, 80% of the participants must be followed up on. GPRA data are to be collected and then entered into CSAT's GPRA Data Entry and Reporting System (<http://www.csat-gpra.samhsa.gov>). Training and technical assistance on data collecting, tracking, and follow-up, as well as data entry, will be provided by CSAT.

2. Review and Selection Process: Information about the review and selection process is available in the SVC-05 PA in Section V-2.

VI. Award Administration Information

Award administration information, including information about award notices, administration requirements and reporting requirements, is included in the SVC-05 PA in Section VI. SAMHSA's standard terms and conditions are available at http://www.samhsa.gov/grants/generalinfo/useful_info.aspx.

You must plan to send a minimum of three persons (Authorized Grantee,

Project Director if different, Evaluator) to at least two joint grantee meetings each year instead of the requirement for two persons to one joint grantee meeting each year as stated in the SVC-05 PA and should budget accordingly.

TCE grantees are required to provide progress reports every six months instead of annual progress reports required by the SVC-05 PA. The last report will be a final, cumulative report.

Levine, Department of Housing and Urban Development, Office of Policy Development and Research, 451 7th Street, SW., Room 8140, Washington, DC 20410; telephone (202) 708-3700, extension 3928 (this is not a toll-free number). Copies of the proposed data collection instruments and other available documents may be obtained from Ms. Levine.

SUPPLEMENTARY INFORMATION: The Department will submit the proposed information collection to OMB for review, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended). This Notice is soliciting comments from members of the public and affected agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated collection techniques or other forms of information technology (e.g., permitting electronic submission of responses).

This Notice also lists the following information:

Title of Proposal: How's HUD Doing in 2005? A HUD Partners Survey.

Description of the need for the information and proposed use: HUD's Annual Performance Plan requires the Department to measure the satisfaction level of its partners. A baseline satisfaction survey was conducted and published in 2001. This proposed effort, a follow-up to the 2001 study, is a survey of the people and organizations HUD works with to implement its programs, in particular: local governments, housing agencies, community development departments, fair housing agencies, multi-family housing entities, and nonprofit housing organizations.

Members of affected public: Members of the following groups will be surveyed: local elected officials, city and county community development department directors, public housing authority directors, owners of HUD-assisted multifamily housing properties, directors of nonprofit organizations, and fair housing agency directors.

Estimation of the total numbers of hours needed to prepare the information

collection including number of respondents, frequency of response, and hours of response: Approximately 2,500 partners will be surveyed on a one-time basis. Consistent with the baseline study, each survey is expected to take 19 minutes. Total burden hours are 792.

Status of the proposed information collection: Pending OMB approval.

Authority: Section 3506 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: November 4, 2004.

Dennis C. Shea,

Assistant Secretary for Policy, Development and Research.
