[FWS-R4-R-2008-N0261; 40136-1265-0000-S3]

Delta and Breton National Wildlife Refuges, Louisiana

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability: final comprehensive conservation plan and finding of no significant impact.

SUMMARY: We, the Fish and Wildlife Service (Service), announce the availability of our final comprehensive conservation plan (CCP) and finding of no significant impact (FONSI) for Delta and Breton National Wildlife Refuges. In the final CCP, we describe how we will manage these refuges for the next 15 years.

ADDRESSES: A copy of the CCP may be obtained by writing to: Mr. Jack Bohannon, 61389 Highway 434, Lacombe, LA 70445. The CCP may also be accessed and downloaded from the Service's Web site:

FOR FURTHER INFORMATION CONTACT: Mr. Jack Bohannon; Telephone: 985/882-2026.

SUPPLEMENTARY INFORMATION:

Introduction

With this notice, we finalize the CCP process for Delta and Breton National Wildlife Refuges. We started this process through a notice in the **Federal Register** on May 30, 2006 (71 FR 30688). For more about the process, see that notice.

Delta National Wildlife Refuge, consisting of 48,799 acres of wetlands at the mouth of the Mississippi River, was established on November 19, 1935, by Executive Order 7229.

Breton National Wildlife Refuge, the second oldest national wildlife refuge in the United States, is a barrier island chain in Breton and Chandeleur Sounds in the Gulf of Mexico. It was established on October 4, 1903, by Executive Order 7938, signed by President Theodore Roosevelt.

We announce our decision and the availability of the final CCP and FONSI for Delta and Breton National Wildlife Refuges in accordance with National Environmental Policy Act (NEPA) [40 CFR 1506.6(b)] requirements. We completed a thorough analysis of impacts on the human environment, which we included in the Draft Comprehensive Conservation Plan and Environmental Assessment (Draft CCP/EA).

The CCP will guide us in managing these refuges for the next 15 years.

Background

The National Wildlife Refuge System Improvement Act of 1997 (16 U.S.C. 668dd–668ee) (Improvement Act), which amended the National Wildlife Refuge System Administration Act of 1966, requires us to develop a CCP for each national wildlife refuge. The purpose for developing a CCP is to provide refuge managers with a 15-year plan for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and our policies. In addition to outlining broad management direction on conserving wildlife and their habitats, CCPs identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation, wildlife photography, and environmental education and interpretation. We will review and update this CCP at least every 15 years in accordance with the Improvement Act.

Comments

Approximately 100 copies of the Draft CCP/EA were made available for a 30-day review period as announced in the **Federal Register** on July 11, 2008 (73 FR 39978). Twenty-five public comments were received.

Selected Alternative

Three management alternatives were considered for Delta Refuge. Alternative A would have continued current management with no new actions to improve existing programs. Alternative B would have focused on expanding public use opportunities to the fullest extent possible. Alternative C, the

preferred alternative and foundation of the CCP, will emphasize managing natural resources based on maintaining and improving wetland habitats with improved techniques; providing quality public use programs and wildlife-dependent recreational activities; and expanding the outreach program.

Three management alternatives were also considered for Breton Refuge. Alternative A would have continued current management practices. Alternative B would have focused on leaving the islands to the natural processes and weather events. Alternative C, the preferred alternative and also the foundation of the CCP, will emphasize working with partners to restore island habitat with large-scale projects, if considered feasible; improving outreach; and providing environmental education relating to the barrier islands to local schools.

Authority: This notice is published under the authority of the National Wildlife Refuge System Improvement Act of 1997, Public Law 105–57.

Dated: October 6, 2008.

Bureau of Land Management

[CA–930–5410–FR–B329; CACA 49299–01]

Conveyance of Federally-Owned Mineral Interests—California

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of filing of amended application and segregation of mineral interests.

SUMMARY: An amendment to a previously filed application for conveyance of the Federally-owned mineral interests in the tract of land described in this notice has been received. The amendment is dated September 2, 2008. The previous application, filed on August 31, 2007, was published in the **Federal Register** on Monday, December 17, 2007, at page 71430, in Volume 72, No. 241. The amendment describes Federally-owned mineral interests in the tracts of land described in this notice. Publication of this notice temporarily segregates the mineral interests in the land covered by the amendment from appropriation under the mining and mineral leasing laws while the application is being

processed. This notice also will correct the name of the county in the previously issued notice.

FOR FURTHER INFORMATION CONTACT: Liz Easley, Bureau of Land Management, California State Office, 2800 Cottage Way, Sacramento, California 95825, (916) 978–4673.

Your comments are invited. Submit all comments in writing to Liz Easley at the address listed above. Comments, including names, street addresses, and other contact information of respondents, will be available for public review. Individual respondents may request confidentiality. If you wish to request that the BLM consider withholding your name, street address, and other contact information, e.g. Internet address, FAX or phone number, from public review of disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your written comment. The BLM will honor requests for confidentiality on a case-by-case basis to the extent allowed by law. The BLM will make available for public inspection, in their entirety, all submissions from organizations and businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses.

SUPPLEMENTARY INFORMATION: The tract of land referred to in this notice consists of approximately 188.50 acres situated in Humboldt County, described as follows:

Humboldt Meridian, California

T. 1 S., R. 3 E.,

Sec. 1, SW $\frac{1}{4}$ SW $\frac{1}{4}$, excepting therefrom that portion thereof lying southerly of the center of Larabee Creek;

Sec. 3, W $\frac{1}{2}$ SE $\frac{1}{4}$ and SE $\frac{1}{4}$ SE $\frac{1}{4}$;

Sec. 11, NW $\frac{1}{4}$ NW $\frac{1}{4}$.

Under certain conditions, section 209(b) of the Federal Land Policy and Management Act of October 21, 1976, 43 U.S.C. 1719 (FLPMA) authorizes the sale and conveyance of the Federally-owned mineral interests in land when the non-mineral (or so called surface interest in land) is not Federally-owned. The objective is to allow consolidation of the surface and mineral interests when either one of the following conditions exist: (1) There are no known mineral values in the land; or (2) where continued Federal ownership of the mineral interests interferes with or precludes appropriate non-mineral development and such development is a more beneficial use of the land than mineral development.

In accordance with section 209(b) of FLPMA, on September 15, 2008, the amended application was filed for the
