

Notices

Federal Register

Vol. 72, No. 49

Wednesday, March 14, 2007

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

[Docket No. APHIS-2007-0009]

Notice of Request for Approval of an Information Collection; National Animal Identification System; Species Data by State

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: New information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to initiate a new information collection activity for collection of species data by State as part of the National Animal Identification System.

DATES: We will consider all comments that we receive on or before May 14, 2007.

ADDRESSES: You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov>, select "Animal and Plant Health Inspection Service" from the agency drop-down menu, then click "Submit." In the Docket ID column, select APHIS-2007-0009 to submit or view public comments and to view supporting and related materials available electronically. Information on using Regulations.gov, including instructions for accessing documents, submitting comments, and viewing the docket after the close of the comment period, is available through the site's "User Tips" link.

- *Postal Mail/Commercial Delivery:* Please send four copies of your comment (an original and three copies) to Docket No. APHIS-2007-0009, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700

River Road Unit 118, Riverdale, MD 20737-1238. Please state that your comment refers to Docket No. APHIS-2007-0009.

Reading Room: You may read any comments that we receive on this docket in our reading room. The reading room is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690-2817 before coming.

Other Information: Additional information about APHIS and its programs is available on the Internet at <http://www.aphis.usda.gov>.

FOR FURTHER INFORMATION CONTACT: For information on an information collection activity for collection of species data by State as part of the National Animal Identification System, contact Dr. John Wiemers, National Animal Identification Staff, VS, 2100 Lake Storey Road, Galesburg, IL 61401; (309) 344-1942. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 734-7477.

SUPPLEMENTARY INFORMATION:

Title: National Animal Identification System; Species Data by State.

OMB Number: 0579-XXXX.

Type of Request: Approval of a new information collection.

Abstract: As part of ongoing efforts to safeguard animal health, the U.S. Department of Agriculture initiated implementation of a National Animal Identification System (NAIS) in 2004. The NAIS is a cooperative State-Federal-industry program administered by USDA's Animal and Plant Health Inspection Service (APHIS). The purpose of the NAIS is to provide a streamlined information system that will help producers and animal health officials respond quickly and effectively to animal disease events in the United States.

The first component of the program, premises registration, is well underway and the second component, animal identification, is being implemented for several species. The third component, animal tracing, is currently under development with USDA's State and industry partners. Industry, through

private systems, and States will manage the animal tracking databases that maintain the movement records of animals. These information systems will provide the location of a subject animal and the records of other animals that the subject animal came into contact with at each premises. Participation in any component of the program is voluntary.

Premises registration, the foundation of NAIS, is critical to rapidly detecting and evaluating the scope of animal disease outbreaks, controlling emergency program budgets, and improving emergency response efficiency. Having the ability to plot locations within a radius of affected premises will help determine the potential magnitude of a disease event and the resources that are needed to adequately respond in an effective manner. This can be accomplished only if the affected premises and other premises in the area have been registered. All 50 States, 60 Native American Tribes, and 2 territories are currently participating in premises registration. More than 350,000 premises have been registered to date.

To encourage participation in premises registration, there is an emphasis, at the national level, on industry organizations (pork, beef, etc.) registering premises through cooperative agreements with APHIS. To track progress that will be made as a result of these efforts, APHIS needs reports of premises registered by species. APHIS needs assistance from each State to provide "species at the premises" statistics, since this information is stored only at the State level, rather than in the National Information Records Repository (NPRR).

For States that use USDA's Standardized Premises Registration System, APHIS is able to generate a report of species information by State, but only with the written permission of each State animal health official. As indicated earlier, this is because the species data is kept only at the State level and not in the NPRR.

APHIS is asking States that wish to gather this information themselves to include this information in the quarterly cooperative agreement progress reports they submit to APHIS.

We are asking OMB to approve our use of these information collection activities for 3 years.

The purpose of this notice is to solicit comments from the public (as well as

affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.5 hours per response.

Respondents: Governmental entities participating in the premises registration component of the NAIS for States, Tribes, and territories.

Estimated annual number of respondents: 15.

Estimated annual number of responses per respondent: 4.

Estimated annual number of responses: 60.

Estimated total annual burden on respondents: 30 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, on March 8, 2007.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410-34-P

DEPARTMENT OF AGRICULTURE

Federal Crop Insurance Corporation

Availability of Funds and Request for Application for Competitive Cooperative Partnership Agreements—Correction

Funding Opportunity Title: Commodity Partnerships for Risk Management Education (Commodity Partnerships Program)

Catalog of Federal Domestic Assistance Number (CFDA): 10.457.

Dates: Applications are due 5 p.m. EDT, April 23, 2007.

Summary: Due to an error in the Application Deadline (Section IV—Application and Submission Information, C. Submission Dates and Times), the following notice supersedes the original Request for Applications, published on March 7, 2007 for Commodity Partnerships for Risk Management Education (Commodity Partnerships Program) at 72 FR 10113–10121.

The Federal Crop Insurance Corporation (FCIC), operating through the Risk Management Agency (RMA), announces the availability of approximately \$5.0 million for Commodity Partnerships for Risk Management Education (the Commodity Partnerships Program). The purpose of this cooperative partnership agreement program is to deliver training and information in the management of production, marketing, and financial risk to U.S. agricultural producers. The program gives priority to educating producers of crops currently not insured under Federal crop insurance, specialty crops, and underserved commodities, including livestock and forage. A maximum of 50 cooperative partnership agreements will be funded, with no more than five in each of the ten designated RMA Regions. The maximum award for any of the 50 cooperative partnership agreements will be \$100,000. Applicants must demonstrate non-financial benefits from a cooperative partnership agreement and must agree to the substantial involvement of RMA in the project.

This announcement consists of eight sections:

Section I—Funding Opportunity Description

- A. Legislative Authority
- B. Background
- C. Definition of Priority Commodities
- D. Project Goal
- E. Purpose
- F. Objectives

Section II—Award Information

- A. Type of Award
- B. Funding Availability
- C. Location and Target Audience
- D. Maximum Award
- E. Project Period
- F. Awardee Tasks
- G. RMA Activities
- H. Other Tasks

Section III—Eligibility Information

- A. Eligible Applicants
- B. Cost Sharing or Matching
- C. Other—Non-Financial Benefits

Section IV—Application and Submission Information

- A. Contact to Request an Application Package
- B. Content and Form of Application Submission
- C. Submission Dates and Times

D. Funding Restrictions

- E. Limitation on Use of Project Funds for Salaries and Benefits
- F. Indirect Cost Rates
- G. Other Submission Requirements
- H. Electronic submissions
- I. Acknowledgement of Applications

Section V—Application Review Information

- A. Criteria
- B. Review and Selection Process

Section VI—Award Administration Information

- A. Award Notices
- B. Administrative and National Policy Requirements
 1. Requirement to Use Program Logo
 2. Requirement to Provide Project Information to an RMA-selected Representative
 3. Private Crop Insurance Organizations and Potential Conflict of Interest
 4. Access to Panel Review Information
 5. Confidential Aspects of Applications and Awards
 6. Audit Requirements
 7. Prohibitions and Requirements Regarding Lobbying
 8. Applicable OMB Circulars
 9. Requirement to Assure Compliance with Federal Civil Rights Laws
 10. Requirement to Participate in a Post Award Conference
 11. Requirement to Submit Educational Materials to the National AgRisk Education Library
- C. Reporting Requirements

Section VII—Agency Contact

Section VIII—Additional Information

- A. Dun and Bradstreet Data Universal Numbering System (DUNS)
- B. Required Registration with the Central Contract Registry for Submission of Proposals
- C. Related Programs

I. Funding Opportunity Description

A. Legislative Authority

The Commodity Partnerships Program is authorized under section 522(d)(3)(F) of the Federal Crop Insurance Act (Act) (7 U.S.C. 1522(d)(3)(F)).

B. Background

RMA promotes and regulates sound risk management solutions to improve the economic stability of American agriculture. On behalf of FCIC, RMA does this by offering Federal crop insurance products through a network of private-sector partners, overseeing the creation of new risk management products, seeking enhancements in existing products, ensuring the integrity of crop insurance programs, offering outreach programs aimed at equal access and participation of underserved communities, and providing risk management education and information. One of RMA's strategic goals is to ensure that its customers are well informed as to the risk management solutions available. This educational goal is supported by section 522(d)(3)(F)
