² 2019 Report of the Economic Survey, published by the Committee on Economics of Legal Practice of the American Intellectual Property Law Association (AIPLA); <https://www.aipla.org/detail/journal-issue/2019-report-of-the-economic-survey>. The USPTO uses the mean rate for attorneys in private firms which is \$400 per hour. The hourly rate for paraprofessional/paralegals is estimated at \$145 from data published in the 2018 Utilization and Compensation Survey by the National Association of Legal Assistants (NALA); <https://www.nala.org/paralegals/research-and-survey-findings>. The USPTO estimates that the combined rate for respondents will be approximately \$273 per hour.

Estimated Total Annual Cost Burden (Non-Hourly): \$3,968,076. This information collection has annual (non-hour) costs in the form of filing fees and postage costs.

Filing Fees

The filing fee for submitting a non-electronic patent assignment as

indicated by 37 CFR 1.21(h) is \$50 per property for recording each document, while the filing fee for submitting a trademark assignment as indicated by 37 CFR 2.6(b)(6) is \$40.00 for recording the first property in a document and \$25.00 for each additional property in the same document. The USPTO

estimates that the average fee for a trademark assignment recordation request is approximately \$65.00. Therefore, this information collection has an estimated total of \$3,969,795 in filing fees per year.

TABLE 3—FILING FEES

Item No.	Item	Estimated annual responses	Estimated cost	Estimated non-hour cost burden
		(a)	(b)	(a) × (b) = (c)
1	Patent Recordation Form Cover Sheet (PTO–1595)	1,351	\$50	\$67,550

4	Electronic Trademark Assignment System (ETAS) (PTO–1594)	58,923	65	3,829,995
.....	Total	3,965,795

Postage Costs

Customers may incur postage costs when submitting a patent or trademark assignment request to the USPTO by mail. The Patent and Trademark Recordation Cover Sheets can be submitted by mail, for a total of 2,401 mailed submissions. The average postage cost for a mailed Patent or Trademark Recordation Form Cover Sheet is \$0.95, resulting in a total postage cost of \$2,281 per year for this information collection.

IV. Request for Comments

The USPTO is soliciting public comments to:

(a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(b) Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information,

including the validity of the methodology and assumptions used;

(c) Enhance the quality, utility, and clarity of the information to be collected; and

(d) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

All comments submitted in response to this notice are a matter of public record. USPTO will include or summarize each comment in the request to OMB to approve this information collection. Before including an address, phone number, email address, or other personal identifying information in a comment, be aware that the entire comment—including personal identifying information—may be made publicly available at any time. While you may ask in your comment to

withhold personal identifying information from public view, USPTO cannot guarantee that it will be able to do so.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Patent Prosecution Highway (PPH) is a framework in which an application whose claims have been determined to be patentable by an Office of Earlier Examination (OEE) is eligible to go through an accelerated examination in an Office of Later Examination (OLE) with a simple procedure upon an applicant’s request. By leveraging the search and examination work product of the OEE, PPH programs (1) deliver lower prosecution costs, (2) support applicants in their efforts to obtain stable patent rights efficiently around the world, and (3) reduce the search and examination burden, while improving the

examination quality, of participating patent offices.

Originally, the PPH programs were limited to the utilization of search and examination results of national applications between cross filings under the Paris Convention. Later, the potential of the PPH was greatly expanded by Patent Cooperation Treaty (PCT)-PPH programs, which permit participating patent offices to draw upon the positive results of the PCT work product from another participating office. PCT-PPH programs use international written opinions and international preliminary examination reports developed within the framework of the PCT, thereby making the PPH available to a larger number of applicants. Information collected for the PCT is approved under the USPTO information collection, 0651–0021 (Patent Cooperation Treaty).

More recently, the USPTO and several other offices acted to consolidate and replace existing PPH programs, with the goal of streamlining the PPH process for both offices and applicants. To that end, the USPTO and other offices established the Global PPH pilot program and the IP5 PPH pilot program. Both the Global PPH and the IP5 PPH pilot programs are running concurrently and are substantially identical, differing only with regard to their respective participating offices. The USPTO is participating in both the Global PPH pilot program and the IP5 PPH pilot program. For USPTO applications, the Global PPH and IP5 PPH pilot programs supersede any prior PPH program between the USPTO and each Global PPH and IP5 PPH participating office. Any existing PPH programs between the USPTO and offices that are not participating in either the Global PPH pilot program or the IP5 PPH pilot program remain in effect.

This information collection covers data gathered through the Request for Participation in the Patent Prosecution Highway (PPH) Pilot Program, which the public uses to request an accelerated examination within the PPH provisions.

SUPPLEMENTARY INFORMATION:

I. Abstract

The United States Patent and Trademark Office (USPTO) is required by 35 U.S.C. 41(i)(1) to maintain a Public Search Facility to make publically accessible USPTO patent and

trademark collections for search and retrieval. The Public Search Facility is located in a publicly accessible portion of USPTO headquarters in Alexandria, Virginia, and offers the public access to the collection's paper, microfilm, and electronic files and trained staff to assist users with searches. The USPTO also offers training courses to assist users with the advanced electronic search systems available at the facility.

This information collection covers information collected in applications required for those members of the public who wish to use the electronic search systems at the Public Search Facility to establish a USPTO online access account, and to obtain, renew, or replace online access accounts. The public may apply for an online access account at the Public Search Facility reference desk by providing the necessary information and proper identification. The access account includes a bar-coded user number and an expiration date. Users may renew their account by validating and updating the required information and may obtain a replacement for a lost account information by providing proper identification. Users who wish to register for the voluntary training courses may do so by completing the appropriate form.

This information collection also covers information in applications to establish, renew, or replace security identification badges issued, under the authority provided in 41 CFR part 102-81, to members of the public who wish to access the Public Search Facility. Users may apply for a security badge in-person at the USPTO Security Office by providing the necessary information and presenting a valid form of identification with photograph. The security badges include a color photograph of the user and must be worn at all times while at the USPTO facilities.

II. Methods of Collection

Items in this information collection must be submitted in-person; including the security badges and account requests. Requests for training may be submitted in-person, online, or through the mail.
