

no data or other information suggesting that PEPTAVLON (pentagastrin) for subcutaneous injection, 0.25 mg/mL, was withdrawn from sale as a result of safety or effectiveness concerns. FDA's independent evaluation of relevant literature and data has not uncovered anything that would indicate that this product was withdrawn for reasons of safety or effectiveness. Accordingly, the agency will continue to list PEPTAVLON (pentagastrin) for subcutaneous injection, 0.25 mg/mL, in the "Discontinued Drug Product List" section of the Orange Book. ANDAs that refer to PEPTAVLON for subcutaneous injection, 0.25 mg/mL, may be approved by the agency.

SUPPLEMENTARY INFORMATION:

What Action Is the Coast Guard Taking?

The Coast Guard is issuing MARSEC Directive 104-6 for those owners and operators of vessels subject to 33 CFR parts 101 and 104 to provide direction to U.S. flagged vessels operating in high risk areas where acts of piracy and armed robbery against ships is prevalent. Owners and operators have the primary responsibility for ensuring the security of their vessels. Owners and operators must include the performance standards listed in the MARSEC Directive in their vessel security plans.

The performance standards do not impose new industry requirements but provide supplemental direction to assist with the development of vessel security plans required by 33 CFR parts 101 and 104.

To ensure these performance standards are disseminated efficiently and consistently, Coast Guard Area/District Commanders and COTPs will notify appropriate owners and operators of vessels regulated under 33 CFR parts 101 and 104. The COTP or Area/District Commander will confirm, prior to distributing the MARSEC Directive, that the individual(s) is a "covered person" with a "need to know", and that the MARSEC Directive will be safeguarded as SSI as defined in 49 CFR part 1520.

Owners/operators of vessels regulated under 33 CFR parts 101 and 104 may also contact the local COTP to obtain a copy of the applicable MARSEC Directive. Local COTP contact information can be found in the **ADDRESSES** section of this notice.

Why Is the Coast Guard Taking This Action?

The Coast Guard is issuing this MARSEC Directive to assist owners and operators of the affected maritime industries in developing security procedures to deter acts of piracy and armed robbery at sea for incorporation into vessel security plans required by 33 CFR part 104.

The MARSEC Directive contains SSI. If disclosed, the SSI could be used to subvert or exploit the security programs of vessels. Therefore, this MARSEC Directive is not subject to public disclosure, in accordance with 46 U.S.C. 40119.

Dated: February 2, 2006.

F. J. Sturm,

Captain, U.S. Coast Guard, Chief, Port and Facility Activities.
