This revised overarching generic clearance will allow ACF to request slightly different information from potential reviewers, yet the individual forms will serve an identical function. The purpose is to select qualified reviewers for ACF review processes

based on professional qualifications using data entered and documents provided by candidates. Example documents include writing samples and curriculum vitae and/or resume. ACF will use the information collected to recruit well-qualified reviewers with relevant background experience and knowledge.

The abbreviated clearance process of the generic clearance will allow the program offices to gather a suitable pool of candidates within the varied time periods available for reviewer recruitment.

These forms will be voluntary, low-burden and uncontroversial.

Respondents: Individuals who may apply to review materials for ACF.
