Bonneville Power Administration

Bonneville Power Administration's Proposed Adjustment to the 1996 Unauthorized Increase Charge, Public Hearing, and Opportunity for Public Review and Comment

AGENCY: Bonneville Power Administration, DOE.

ACTION: Notice of proposed adjustment to the 1996 unauthorized increase charge. BPA File No: UAI-96R.

SUMMARY: The Pacific Northwest Electric Power Planning and Conservation Act (Northwest Power Act) provides that Bonneville Power Administration (BPA) must establish and periodically review its rates so that they are adequate to recover, in accordance with sound business

principles, the costs associated with the acquisition, conservation, and transmission of electric power, and to recover the Federal investment in the Federal Columbia River Power System (FCRPS) and other costs incurred by BPA.

By this notice, BPA announces its proposed adjustment to the 1996 Unauthorized Increase Charge. The Unauthorized Increase Charge is a penalty charge that applies to any purchaser taking demand and/or energy in excess of its contractual entitlement. The 1996 Unauthorized Increase Charge was set at a level intended to deter customers who had their own generation or a contract obligation to supply power to their load from exceeding their BPA contractual entitlements to Federal power.

However, since 1996 a robust wholesale market for power has developed which has recently produced high and volatile prices. These market changes render the current level of the 1996 Unauthorized Increase Charge for energy and demand inadequate to deter customers from taking demand and energy in excess of the amount of Federal power to which they are contractually entitled. This action is to adjust the 1996 Unauthorized Increase Charge so that it will operate as intended—as a penalty charge, rather than as an attractive alternative to purchasing power at existing wholesale power market prices.

DATES: Proposed hearing dates are supplied in Supplementary Information, Section I.C. Close of public comments is November 15, 2000.

ADDRESSES: Written comments should be submitted to: Mr. Michael Hansen, Public Involvement and Information Specialist; Bonneville Power Administration; P.O. Box 12999; Portland, Oregon 97212.
