Background

On May 10, 2012, we published in the *Federal Register* an antidumping duty order on OBAs from Taiwan.¹ On May 3, 2021, we published in the *Federal Register* a notice of opportunity to request an administrative review of the

Order.² On July 6, 2021, based on a timely request for an administrative review, Commerce initiated the administrative review of the *Order* with respect to TFM.³ On January 10, 2022, we extended the due date for the preliminary results of this review by 120 days to no later than May 31, 2022.⁴

A list of the topics discussed in the Preliminary Decision Memorandum is attached as an Appendix to this notice. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). Requests should contain: (1) The party's name, address, and telephone number; (2) the number of participants; (3) whether any participant is a foreign national; and (4) a list of the issues to be discussed. confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Unless extended, Commerce intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, no later than 120 days after the date of publication of this notice, unless extended, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h).

Assessment Rates

Upon completion of the final results, Commerce shall determine and U.S. Customs and Border Protection (CBP) shall assess antidumping duties on all appropriate entries. If the weighted-average dumping margin for TFM is not zero or *de minimis* (i.e., less than 0.50 percent) in the final results of this review, we intend to calculate an importer-specific assessment rate based on the ratio of the total amount of dumping calculated for each importer's examined sales and the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1).¹¹ If TFM's weighted-average dumping margin or an importer-specific assessment rate is zero or *de minimis* in the final results of review, we will instruct CBP to liquidate appropriate entries without regard to antidumping duties.¹²

For entries of subject merchandise during the POR produced by TFM for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate such entries at the all-others rate (i.e., 6.19 percent)¹³ if there is no rate for the intermediate company(ies) involved in the transaction.¹⁴

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon

publication in the **Federal Register** of the notice of final results of administrative review for all shipments of OBAs from Taiwan entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for TFM will be equal to the weighted-average dumping margin established in the final results of this administrative review; (2) for merchandise exported by a company not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the producer is, the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will be the all-others rate established in the less-than-fair-value investigation for this proceeding, i.e., 6.19 percent.¹⁵ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

Commerce is issuing and publishing these preliminary results in accordance with sections 751(a)(1) and 777(i) of the Act and 19 CFR 351.221(b)(4).

Dated: April 21, 2022.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.
