

estimates that each of these firms will spend approximately 250 hours per year reviewing and updating its risk management control systems, resulting in an ongoing annual industry-wide hour burden of approximately 1,250 recordkeeping hours per year.²

Taken together, the total industry-wide recordkeeping hour burden is approximately 4,583 hours per year.³

Because nonbank MSBSPs may not initially have the systems or expertise internally to meet the risk management requirements of Rule 18a–2, these firms will likely hire an outside risk management consultant to assist them in implementing their risk management systems. The staff estimates that each firm will hire an outside management consultant for approximately 200 hours at a cost of approximately \$596 per hour, for a one-time external management consulting cost of approximately \$119,200 per respondent, and a total one-time industry management consulting cost of approximately \$596,000, or approximately \$198,667 per year⁴ when annualized over 3 years.

Nonbank MSBSPs may incur start-up costs to comply with Rule 18a–2, including information technology costs. The information technology systems of a nonbank MSBSP may be in varying stages of readiness to enable these firms to meet the requirements of Rule 18a–2, so the cost of modifying their information technology systems could vary significantly among firms. Based on estimates for similar collections of information,⁵ the Commission staff expects that each nonbank MSBSP will spend an average of approximately \$16,000 for one-time initial hardware and software external expenses, for a total one-time industry-wide external information technology cost of approximately \$80,000, or approximately \$26,667 per year⁶ when annualized over 3 years. Based on the estimates for these similar collections of information, the average ongoing external cost to meet the information technology requirements of Rule 18a–2 will be approximately \$20,500 per nonbank MSBSP. This will also result in

an ongoing annual industry-wide external information technology cost of approximately \$102,500.⁷ Taken together, the total industry-wide information technology related cost burden is approximately \$129,167 per year.⁸

Therefore, the total industry-wide recordkeeping cost burden is approximately \$327,834 per year (\$198,667 + \$129,167 = \$327,834).

The requirement to establish, document, and maintain a system of internal risk management controls will be imposed on nonbank MSBSPs because, by definition, they maintain materially large positions in security-based swap markets and will pose substantial risk to the stability of those markets should they default on their obligations.⁹ The collections of information in Rule 18a–2 will facilitate the monitoring of the financial condition of nonbank MSBSPs by the Commission and its staff. The information collection is mandatory and is kept confidential to the extent permitted by the Freedom of Information Act (5 U.S.C. 552 *et seq.*).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number.

Written comments are invited on: (a) whether this proposed collection of information is necessary for the proper performance of the functions of the SEC, including whether the information will have practical utility; (b) the accuracy of the SEC's estimate of the burden imposed by the proposed collection of information, including the validity of the methodology and the assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated, electronic collection techniques or other forms of information technology.

Please direct your written comments on this 60-Day Collection Notice to Austin Gerig, Director/Chief Data Officer, Securities and Exchange Commission, c/o Tanya Ruttenberg via email to PaperworkReductionAct@sec.gov by September 15, 2025. There will be a second opportunity to comment on this SEC request following the **Federal Register** publishing a 30-Day Submission Notice.

Dated: July 11, 2025.

Sherry R. Haywood,

Assistant Secretary.

BILLING CODE 8011–01–P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–103431; File No. SR–LTSE–2025–12]

Self-Regulatory Organizations; Long-Term Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend LTSE Rule 11.660 of the Exchange's Consolidated Audit Trail Compliance Rule Regarding the National Market System Plan Governing the Consolidated Audit Trail To Be Consistent With the Exemptive Relief Granted by the Commission From Certain Provisions Related to Timestamp Granularity

July 10, 2025.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on June 27, 2025, Long-Term Stock Exchange, Inc. (“LTSE” or the “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing with the Securities and Exchange Commission (“Commission”) a proposed rule change to amend LTSE Rule 11.660 of the Exchange's compliance rule (“CAT Compliance Rule”) regarding the National Market System Plan Governing the Consolidated Audit Trail (the “CAT NMS Plan” or “Plan”)³ to be consistent with the exemptive relief granted by the Commission from certain provisions of the CAT NMS Plan related to timestamp granularity (“2025 Timestamp Granularity Exemption”).⁴ Specifically, the Exchange proposes to update the expiration date of the exemption in Rule

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b–4.

³ Unless otherwise specified, capitalized terms used in this rule filing are defined as set forth in the CAT Compliance Rule.

⁴ Securities Exchange Act Rel. No. 102980 (May 2, 2025), 90 FR 19334 (May 7, 2025).

² 5 MSBSPs × 250 hours/year = 1,250 hours/year.

³ 2,000 hours/3 years = 3,333.33 + 1,250 hours = 4,583.33 hours rounded down to 4,583.

⁴ 5 MSBSPs × 200 hours × \$596/hour = \$596,000. Annualized over three years, this industry-wide burden is approximately \$198,667 per year (\$596,000/3 years = \$198,666.66 rounded up to \$198,667).

⁵ See *Risk Management Controls for Broker or Dealers with Market Access*, Exchange Act Release No. 6321 (Nov. 3, 2010), 75 FR 69792, 69814 (Nov. 15, 2010).

⁶ 5 MSBSPs × \$16,000/3 years = \$26,666.666, rounded up to \$26,667.

⁷ 5 MSBSP × \$20,500 = \$102,500.

⁸ \$80,000/3 years + \$102,500 = \$129,166.667 rounded up to \$129,167.

⁹ The record preservation requirements for the information collections are in Rule 18a–6, 17 CFR 240.18a–6.

11.660(a)(2) from April 8, 2025 to April 8, 2030.

The text of the proposed rule change is available at the Exchange's website at <https://longtermstockexchange.com/> and at the principal office of the Exchange.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposed rule change is to amend Rule Series 11.660 of the CAT Compliance Rule to be consistent with the 2025 Timestamp Granularity Exemption. Under the 2025 Timestamp Granularity Exemption, the Commission extended the existing exemptive relief pursuant to which Industry Members that capture timestamps in increments more granular than nanoseconds must truncate the timestamps after the nanosecond level for submission to CAT, rather than rounding such timestamps up or down, from April 8, 2025 to April 8, 2030. Accordingly, the Exchange proposes to update the expiration date of the exemption in Rule 11.660(a)(2) from April 8, 2025 to April 8, 2030.

On February 3, 2020, the Participants filed with the Commission a request for exemptive relief from the requirement in Section 6.8(b) of the CAT NMS Plan for each Participant, through its CAT Compliance Rule, to require that, to the extent that its Industry Members utilize timestamps in increments finer than nanoseconds in their order handling or execution systems, such Industry Members utilize such finer increment when reporting CAT Data to the Central Repository.⁵ On April 8, 2020, the

Participants received the requested exemptive relief.⁶ As a condition to this exemption, the Participants, through their CAT Compliance Rules, required Industry Members that capture timestamps in increments more granular than nanoseconds to truncate the timestamps after the nanosecond level for submission to CAT, rather than rounding up or down in such circumstances. The exemption was to remain in effect for five years, until April 8, 2025.

In 2020, the Exchange amended paragraph (a)(2) of Rule 11.660 to reflect this exemptive relief.⁷ Specifically, the Exchange amended Rule 11.660(a)(2) to state the following:

Subject to paragraph (b), to the extent that any Industry Member's order handling or execution systems utilize time stamps in increments finer than milliseconds, such Industry Member shall record and report Industry Member Data to the Central Repository with time stamps in such finer increment up to nanoseconds; provided, that Industry Members that capture timestamps in increments more granular than nanoseconds must truncate the timestamps after the nanosecond level for submission to CAT, rather than rounding such timestamps up or down, until April 8, 2025.

The language of Rule 11.660(a)(2) has not been changed since that time.

The exemption granted in 2020, however would no longer be in effect after April 8, 2025, unless the period the exemption is in effect is extended by the SEC. Accordingly, on March 24, 2025, the Participants filed with the Commission a request to extend the existing exemptive relief for another five years, until April 8, 2030.⁸ On May 2, 2025, the Participants received the requested exemptive relief from the Commission via the 2025 Timestamp Granularity Exemption. As a condition to this exemption, the Participants, through their CAT Compliance Rules, are required to require Industry Members that capture timestamps in increments more granular than nanoseconds to truncate the timestamps after the nanosecond level for submission to CAT, rather than rounding up or down in such circumstances. The SEC granted the 2025 Timestamp Granularity Exemption

for a period of five years, until April 8, 2030.

Accordingly, the Exchange proposes to amend its CAT Compliance Rule to reflect the extended period set forth in the 2025 Timestamp Granularity Exemption, replacing the reference to April 8, 2025 with April 8, 2030. Specifically, the Exchange proposes to amend paragraph (a)(2) of Rule 11.660 to state:

Subject to paragraph (b), to the extent that any Industry Member's order handling or execution systems utilize time stamps in increments finer than milliseconds, such Industry Member shall record and report Industry Member Data to the Central Repository with time stamps in such finer increment up to nanoseconds; provided, that Industry Members that capture timestamps in increments more granular than nanoseconds must truncate the timestamps after the nanosecond level for submission to CAT, rather than rounding such timestamps up or down, until April 8, 2030.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6(b)(5) of the Act,⁹ which require, among other things, that the Exchange's rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest, and Section 6(b)(8) of the Act,¹⁰ which requires that the Exchange's rules not impose any burden on competition that is not necessary or appropriate.

The Exchange believes that this proposal is consistent with the Act because it is consistent with the exemptive relief that has been in place for five years, is consistent with the 2025 Timestamp Granularity Exemption, and is designed to assist the Exchange and its Industry Members in meeting regulatory obligations pursuant to the Plan. In approving the Plan, the SEC noted that the Plan "is necessary and appropriate in the public interest, for the protection of investors and the maintenance of fair and orderly markets, to remove impediments to, and perfect the mechanism of a national market system, or is otherwise in furtherance of the purposes of the Act."¹¹ To the extent that this proposal implements the Plan, including the exemptive relief related thereto, and applies specific requirements to Industry Members, the Exchange believes that this proposal

further the objectives of the Plan, as identified by the SEC, and is therefore consistent with the Exchange Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Exchange Act. The Exchange notes that the proposed rule change is consistent with the exemptive relief that has been in place for five years, is consistent with the 2025 Timestamp Granularity Exemption, and is designed to assist the Exchange in meeting its regulatory obligations pursuant to the Plan. The Exchange also notes that the amendment to the CAT Compliance Rule will apply equally to all Industry Members that trade NMS Securities and OTC Equity Securities. In addition, all national securities exchanges and FINRA are proposing these amendments to their CAT Compliance Rules. Therefore, this is not a competitive rule filing, and, therefore, it does not impose a burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act¹² and Rule 19b-4(f)(6)¹³ thereunder. Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; or (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁴ and Rule 19b-4(f)(6)¹⁵ thereunder.

¹² 15 U.S.C. 78s(b)(3)(A).

¹³ 17 CFR 240.19b-4(f)(6).

¹⁴ 15 U.S.C. 78s(b)(3)(A).

¹⁵ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Commission hereby designates a shorter time by waiving the five-day pre-filing requirement for this proposal.

A proposed rule change filed under Rule 19b-4(f)(6)¹⁶ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁷ the Commission may designate a shorter time if such action is consistent with protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change may become operative immediately upon filing. The Commission believes that waiving 30-day operative delay is consistent with the protection of investors and the public interest because the proposal seeks to amend the Exchange's CAT Compliance Rule to reflect the expiration date for exemptive relief relating to timestamp granularity approved by the Commission on May 2, 2025, and the proposal does not introduce any novel regulatory issues. Accordingly, the Commission designates the proposed rule change to be operative upon filing.¹⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include file number SR-LTSE-2025-12 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange

¹⁶ 17 CFR 240.19b-4(f)(6).

¹⁷ 17 CFR 240.19b-4(f)(6)(iii).

¹⁸ For purposes only of waiving the 30-day operative delay, the Commission also has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

Commission, 100 F Street NE, Washington, DC 20549-1090.

All submissions should refer to file number SR-LTSE-2025-12. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<https://www.sec.gov/rules/sro.shtml>). Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection.

All submissions should refer to file number SR-LTSE-2025-12 and should be submitted on or before August 5, 2025.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁹

Sherry R. Haywood,
Assistant Secretary.
