The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The proposed Trading Firm Renewal Fee will apply to a former CBOE trading firm member that reapplies for CBOE membership within 9 months of its membership termination date and becomes an effective CBOE member within 1 year of its membership termination date. The Trading Firm Renewal Fee will encompass the trading firm application, and related documentation, and one nominee³ who is either (i) an existing individual CBOE member desiring to change membership status or (ii) a former individual CBOE member who reapplies for membership within 9 months of their membership termination date and becomes an effective member within 1 year of their membership termination date.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-57286; File No. SR-CBOE-2007-122]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Order Granting Approval of a Proposed Rule Change as Modified by Amendment No. 1 Thereto Amending Its Obvious Error Rule for Options on Indices, ETFs, and HOLDRS

February 7, 2008.

On October 31, 2007, the Chicago Board Options Exchange, Incorporated ("CBOE" or "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to amend CBOE Rule 24.16 ("Rule 24.16" or "Rule"), which is the Exchange's rule applicable to the nullification and adjustment of transactions in index options, options on exchange-traded funds ("ETFs"), and options on HOLDing Company Depository Receipts ("HOLDRS"), to change the manner in which the Rule applies the obvious

price error provision to transactions occurring as part of the Hybrid Opening System ("HOSS") process. On December 14, 2007, the CBOE submitted Amendment No. 1 to the proposed rule change. The proposed rule change, as amended, was published for comment in the **Federal Register** on December 28, 2007.³ The Commission received no comment letters on the proposal. This order approves the proposed rule change, as amended.

Currently, Rule 24.16 provides that an obvious price error will be deemed to have occurred when the execution price of a buy (sell) transaction is above (below) the fair market value of the option by at least the prescribed minimum error amount, as set forth in the Rule. For purposes of transactions occurring on HOSS, "fair market value" is currently defined as the midpoint of the first quote after the transaction(s) in question that does not reflect the erroneous transaction(s). The Exchange proposes to revise the definition of fair market value to provide additional conditions that would apply during regular HOSS rotations and during HOSS rotations in index options series that are being used to calculate the final settlement price of volatility indexes on the final settlement day. According to CBOE, the additional conditions are intended to reasonably factor the amount of available liquidity into the fair market value calculation during these rotations.

With respect to regular HOSS rotations, the Exchange proposes to add a condition that the option contract quantity subject to nullification or adjustment cannot exceed the size of the first quote after the transaction(s) in question that does not reflect the erroneous transaction(s). Any nullification or adjustment would occur on a *pro rata* basis and would take into account the overall size of the HOSS opening trade.

With respect to HOSS rotations in index options series that are used to calculate the final settlement price of a volatility index on the final settlement day, the Exchange proposes to add a condition that the first quote after the transaction(s) in question that does not reflect the erroneous transaction(s) must be for at least the overall size of the HOSS opening trade. If the size of the quote is less than the overall size of the HOSS opening trade, then the obvious price error provision shall not apply.

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the
