Information Collection Request:

Title: Unauthorized entry into Cuban territorial waters (Formerly, "Unauthorized departure of U.S. vessels and entry into Cuban territorial waters").

OMB Control Number: 1625–0106.

Type of Request: Extension of currently approved collection.

Affected Public: Certain individuals.

Form: None.

Abstract: The President by proclamation and the Secretary of Homeland Security by order have directed and authorized the U.S. Coast Guard to regulate the anchorage and movement of certain U.S. vessels, and vessels without nationality, located within the territorial waters of the United States, that thereafter enter Cuban territorial waters. The Coast Guard has issued a final rule (69 FR 41367, July 8, 2004) that requires all U.S. registered vessels, and vessels without nationality, less than 100 meters in length, to apply for and receive a permit to enter Cuban territorial waters. This requirement is necessary to preclude such vessels from departing U.S. waters and thereafter entering Cuban waters, unless such vessels hold licenses from other government agencies that allow them to engage in exports to, and transactions with Cuba. The information is collected to regulate departure of U.S. vessels from U.S. territorial waters and entry thereafter into Cuban territorial waters.

The need to regulate this vessel traffic supports ongoing efforts to enforce the Cuban embargo, which is designed to bring about an end to the current government and a peaceful transition to democracy. Accordingly, only applicants that demonstrate prior U.S. government approval for exports to and transactions with Cuba may be issued a Coast Guard permit.

Burden Estimate: The estimated burden is 43.0 hours a year.

Dated: October 21, 2004.

Ronald T. Hewitt,

Assistant Commandant for C4 and Information Technology.
