SUPPLEMENTARY INFORMATION:

Background

On August 9, 2004, we published in the **Federal Register** an antidumping duty order on polyethylene retail carrier bags (PRCBs) from the People's Republic of China (PRC). See *Antidumping Duty Order: Polyethylene Retail Carrier Bags From the People's Republic of China*, 69 FR 48201 (August 9, 2004). On August 3, 2009, we published in the **Federal Register** a notice of opportunity to request an administrative review of the antidumping duty order on PRCBs from the PRC. See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity To Request Administrative Review*, 74 FR 38397 (August 3, 2009). On August 31, 2009, pursuant to section 751(a) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213(b), the Polyethylene Retail Carrier Bag Committee and its individual members, Hilex Poly Co., LLC, and Superbag Corporation (collectively, the petitioners), requested an administrative review of the order with respect to Dongguan Nozawa Plastics Products Co., Ltd., and United Power Packaging, Ltd. (collectively, Nozawa), exporters of PRCBs from the PRC. Also on August 31, 2009, pursuant to section 751(a) of the Act and 19 CFR 351.213(b), Chung Va Century Macao Commercial Offshore Ltd. (Chung Va Macao) and Chinese Factory Zhuhai Chintec Packaging

Technology Enterprise Co., Ltd. (Chintec Packaging), requested an administrative review of the order with respect to their exports of PRCBs from the PRC. On September 22, 2009, in accordance with section 751(a) of the Act and 19 CFR 351.221(c)(1)(i), we published a notice of initiation of an administrative review of the order. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 74 FR 48224 (September 22, 2009).

Rescission of Review in Part

In accordance with 19 CFR 351.213(d)(1), the Department will rescind an administrative review, "in whole or in part, if a party that requested a review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review." We received a notice of withdrawal from the petitioners with respect to Nozawa within the 90-day time limit. See letter from the petitioners dated November 17, 2009. Because the Department received no other requests for review of Nozawa, the Department is rescinding the review of the order with respect to Nozawa. We also received a notice of withdrawal from Chung Va Macao and Chintec Packaging within the 90-day limit. See letter dated November 20, 2009. Because the Department received no other requests for review of Chung Va Macao and Chintec Packaging, the Department is rescinding the review of the order with respect to Chung Va Macao and Chintec Packaging. This rescission is in accordance with 19 CFR 351.213(d)(1). The Department intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice.

Notification to Importer

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a

certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice is published in accordance with section 777(i)(1) of the Act and 19 CFR 351.213(d)(4).

Dated: December 17, 2009.

John M. Andersen,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

POLICY JUSTIFICATION

Egypt – HELLFIRE II Air-to-Surface Anti-Armor Missiles

The Government of Egypt has requested a possible sale of 450 AGM-114K3A HELLFIRE II missiles, spare and repair parts, test and tool sets, personnel training and equipment, publications, a U.S. Government and contractor engineering and logistics personnel services, and other related elements of logistics support. The estimated cost is \$51 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country which has been and continues to be an important force for political stability and economic progress in the Middle East.

This proposed sale will contribute to the foreign policy and national security objectives of the United States by improving the military capabilities of Egypt and furthering weapon system standardization and interoperability with U.S. forces.

Egypt needs these missiles in order to defend its own borders and to remain militarily viable in the region. The proposed sale of HELLFIRE missiles will greatly improve Egypt's defense posture. The missiles will be provided in accordance with, and subject to the limitation on use and transfer provided under the Arms Export Control Act, as amended, as embodied in the Letter of Offer and Acceptance.

Egypt, which already has AGM-114K HELLFIRE missiles in its inventory, will have no difficulty absorbing the additional missiles.

This proposed sale will not adversely affect the military balance in the region.

The prime contractor is HELLFIRE Limited LLC.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Egypt.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 09-59

**Notice of Proposed Issuance of Letter of Offer
Pursuant to Section 36(b)(1)
of the Arms Export Control Act**

Annex
Item No. vii

(vii) Sensitivity of Technology:

1. The AGM-114K3 HELLFIRE II Air-to-Surface Anti-Armor missile hardware and documentation are unclassified. Missile performance parameters and characteristics, including susceptibility to countermeasures, are classified up to Secret and considered very sensitive. Missile hardware is considered sensitive and knowledge of the warhead timing mechanism would be useful in development of countermeasures. Technology contained within the missile is sensitive and Unclassified. The sensitivity of the system is primarily in the software programs which enable the missile to operate in a countermeasures environment. Training, maintenance, operations and related documentation are unclassified and not considered sensitive.
2. Missile design features minimize the possibility of reverse engineering U.S. capabilities.
3. If a technologically advanced adversary were to obtain knowledge of the specific hardware in this proposed sale, the information could be used to develop countermeasures, which might reduce the effectiveness of the reconnaissance system, or be used in the development of a system with similar capabilities.
4. A determination has been made that Egypt can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.
