**Bureau of Safety and Environmental
Enforcement**
**[EEEE500000 256E1700D2

**Notice of Proposed Transfer of
Pipelines**

AGENCY: Bureau of Safety and
Environmental Enforcement, Interior.
ACTION: Notice of Intent to Transfer
Pipeline Ownership and Request for
Submissions of Competing Interest.

SUMMARY: The Bureau of Safety and
Environmental Enforcement (BSEE) is
considering whether to authorize the
transfer of ownership of certain
pipelines in the Gulf of America (GOA).
DATES: Submissions of competing
interest are due by July 30, 2025.
ADDRESSES: GOA Regional Supervisor,
Regional Field Operations, Bureau of
Safety and Environmental Enforcement,
1201 Elmwood Park Blvd., New
Orleans, LA 70123–2394. You may also
file submissions of competing interest
electronically using a subject reference

“Submission of Competing Interest—
Pipelines” at pipelines@bsee.gov.
FOR FURTHER INFORMATION CONTACT:
Otho Barnes, Bureau of Safety and
Environmental Enforcement, Regional
Supervisor, at (504) 736–5776, or by
email to: otho.barnes@bsee.gov.
SUPPLEMENTARY INFORMATION:
Background: BSEE received a written
request to acquire a certain pipeline
segment in the GOA located on a right-
of-way (ROW) that has been
relinquished pursuant to 30 CFR
250.1019. The associated pipeline
segment was relinquished by the ROW
holder on August 13, 2022. The party
requesting to acquire the pipeline is a
prior ROW holder for the segment.
BSEE has determined that, pursuant
to 30 CFR 250.1010(h), the Outer
Continental Shelf (OCS) pipeline and
any related infrastructure are the
property of the United States and may
be transferred to private parties. BSEE
received the request from a private party
seeking to acquire the pipeline segment
from the United States, as set forth in
the table below:

PIPELINE SEGMENT WITH PENDING APPLICATION FOR ACQUISITION

Previous ROW holder	Previous PSN	Previous ROW	ROW relinquishment date
Arena Offshore, LP	11501	ROW OCS–G 18811	08/13/2022

Purpose: The Department of the
Interior has determined that the
pipeline segment is subject to
disposition pursuant to 40 U.S.C. 701
and the General Services
Administration Federal Management
Regulations at 41 CFR part 102–36.
BSEE is providing notice that, until July
30, 2025, it will accept submissions of
competing interest for acquisition of the
pipeline segment. Depending on the
level of interest, BSEE will complete a
transfer of ownership of the pipeline to
a private party through an appropriate
transfer process.

In addition to transferring the
pipeline interest, a new ROW will still
be required pursuant to 30 CFR part
250, subpart J prior to any use of the
pipeline. The transfer of pipeline
ownership from the United States to
another party will make that party
responsible for the pipeline, including
future operations, maintenance, and all
decommissioning obligations.

Purpose of a Notice of Intent (NOI)

This NOI serves to inform interested
parties of BSEE’s intent to transfer
ownership of the pipeline that is located
in the previously described relinquished

ROW on the OCS, and to describe
BSEE’s process for accepting
submissions of competing interest.

BSEE will evaluate and respond to all
submissions received pursuant to this
NOI. If BSEE receives future requests to
reuse other pipelines, it will issue
similar NOIs to notify the public and to
solicit statements of competing interest.

Instructions for the NOI

Parties interested in acquiring the
aforementioned pipeline should submit
the information outlined in the Purpose
section above to the GOA Regional
Supervisor for Regional Field
Operations as provided in the
ADDRESSES section no later than July 30,
2025.

Kenneth C. Stevens,
*Principal Deputy Director Exercising the
Delegated Authorities of the Director Bureau
of Safety and Environmental Enforcement.*

**INTERNATIONAL TRADE
COMMISSION**
[Investigation No. 337–TA–1446]

**Certain Active Electrical Cables and
Components Thereof; Notice of a
Commission Decision Not To Review
an Initial Determination Amending the
Complaint and Notice of Investigation**

AGENCY: U.S. International Trade
Commission.
ACTION: Notice.

SUMMARY: Notice is hereby given that
the U.S. International Trade
Commission has determined not to
review an initial determination (“ID”) (Order No. 7) of the presiding
administrative law judge (“ALJ”) granting a motion to amend the
complaint and notice of investigation to
terminate one respondent and add
another.

FOR FURTHER INFORMATION CONTACT:
Sidney A. Rosenzweig, Office of the
General Counsel, U.S. International
Trade Commission, 500 E Street SW,
Washington, DC 20436, telephone (202)
708–2532. Copies of non-confidential
documents filed in connection with this

investigation may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal, telephone (202) 205-1810.

SUPPLEMENTARY INFORMATION: On April 18, 2025, the Commission instituted this investigation based on a complaint filed by Credo Semiconductor Inc. of San Jose, California and Credo Technology Group Ltd. of the Cayman Islands (collectively, "Credo"). 90 FR 16551 (Apr. 18, 2025). The complaint alleged violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain active electrical cables and components thereof by reason of the infringement of certain claims of U.S. Patent Nos. 10,877,233; 11,012,252; and 11,032,111. *Id.* The Commission's notice of investigation named the following respondents: Amphenol Corporation of Wallingford, Connecticut; Molex, LLC of Lisle, Illinois; and TE Connectivity PLC of Galway, Ireland ("TE PLC"). *Id.* at 16552. The Office of Unfair Import Investigations is a party to this investigation. *Id.*

On May 23, 2025, Credo moved for leave to amend the complaint and notice of investigation to terminate TE PLC and add TE Connectivity Corporation of Berwyn, Pennsylvania ("TECC") as a respondent. The motion was unopposed. The motion explained that good cause existed for the substitution of respondents, because TECC is the operating company responsible for importation and sale of accused products, and TE PLC is a holding company without such responsibility.

On May 28, 2025, the ALJ issued the subject ID (Order No. 7) pursuant to Commission Rules 210.14(b)(1) and 210.21(a), 19 CFR 210.14(b)(1) and 19 CFR 210.21(a). The ID explains that good cause exists for the substitution of respondents because Credo did not know about TECC's role until discovery commenced. The ID also finds that there will be no prejudice to TECC or to the public interest.

No petitions for Commission review of the ID were filed. The Commission has determined not to review the ID.

The Commission vote for this determination took place on June 20, 2025.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: June 26, 2025.

Lisa Barton,

Secretary to the Commission.

SUPPLEMENTARY INFORMATION:

Background

The Secretary of Labor (Secretary) has unique responsibilities under the Immigration and Nationality Act (INA), which is delegated to OFLC through ETA, to provide employers with timely access to a qualified workforce while protecting the wages and working conditions of U.S. and foreign workers in their employment. OFLC receives applications from employers seeking permission to employ foreign workers on both a temporary and permanent basis and evaluates each application for compliance with the relevant statutory and regulatory requirements. Although the vast majority of OFLC applications requesting temporary labor certification are submitted and processed electronically, some employers submit applications, supplemental information, and remittances for fees assessed as a condition of granting H-2A labor certification through the United States Postal Service or commercial parcel delivery services (collectively "physical mail").

Physical mail submitted to OFLC related to its temporary programs, including the H-2A temporary agricultural program, H-2B temporary non-agricultural program, CW-1 program for workers employed in the Commonwealth of the Northern Mariana Islands, D-1 program for performing longshore work at U.S. ports, and labor condition applications (LCA) or labor attestations for the E-3, H-1B, and H-1B1 visa classifications, is currently addressed to the National Processing Center (NPC) located in Chicago, IL. Specifically, physical mail for documents related to these temporary programs, when applicable, is currently addressed to the NPC's mailing address at: U.S. Department of Labor, Employment and Training Administration, Office of Foreign Labor Certification, Chicago National Processing Center, 11 W Quincy Court, Chicago, Illinois 60604. Physical mail associated with H-2A certification invoice payments is addressed and mailed to Chicago National Processing Center, Office of Foreign Labor Certification, U.S. Department of Labor, P.O. Box A3804, Chicago, IL 60690-A3804.

OFLC's expanded use of technology has allowed for the electronic filing and processing of employer applications within the Foreign Labor Application Gateway (FLAG) System (<https://flag.dol.gov/>) as well as electronic communications with employers and their authorized attorneys or agents, as applicable, throughout the application process.
