

markets concerning review of transactions as clearly erroneous.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁷ and Rule 19b-4 (f)(6)(iii) thereunder.⁸ The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because such waiver will allow the pilot program to continue uninterrupted and help ensure uniformity among the national securities exchanges and FINRA with respect to the treatment of clearly erroneous transactions.⁹ Accordingly, the Commission waives the 30-day operative delay requirement and designates the proposed rule change as operative upon filing with the Commission.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may

temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 1, 2011, BATS Y-Exchange, Inc. (the "Exchange" or "BYX") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

In addition, Rule 19b-4 (f)(6)(iii) requires that a self-regulatory organization submit to the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the filing of the proposed rule change, or such shorter time as designated by the Commission. The Commission notes that the Exchange has satisfied this requirement.

Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to extend the effectiveness of the Exchange's current rule applicable to Clearly Erroneous Executions, Rule 11.17. The rule, explained in further detail below, was approved to operate under a pilot program set to expire on April 11, 2011. The Exchange proposes to extend the pilot program to the earlier of August 11, 2011 or the date on which a limit up/limit down mechanism to address extraordinary market volatility, if adopted, applies.

On October 4, 2010, the Exchange filed an immediately effective filing to adopt various rule changes to bring BYX Rules up to date with the changes that had been made to the rules of BATS Exchange, Inc., the Exchange's affiliate, while BYX's Form 1 Application to register as a national security exchange was pending approval. Such changes included changes to the Exchange's Rule 11.17, on a pilot basis, to provide for uniform treatment: (1) Of clearly erroneous execution reviews in multi-stock events involving twenty or more securities; and (2) in the event transactions occur that result in the issuance of an individual stock trading pause by the primary market and subsequent transactions that occur before the trading pause is in effect on the Exchange.³ The Exchange also adopted additional changes to Rule 11.17 that reduced the ability of the Exchange to deviate from the objective standards set forth in Rule 11.17.⁴ The Exchange believes the benefits to market participants from the more objective clearly erroneous executions rule should be approved to continue on a pilot basis.

2. Statutory Basis

The Exchange believes that its proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.⁵ In particular, the proposal is consistent

with Section 6(b)(5) of the Act,⁶ because it would promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system. The Exchange believes that the pilot program promotes just and equitable principles of trade in that it promotes transparency and uniformity across markets concerning review of transactions as clearly erroneous.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change imposes any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁷ and Rule 19b-4(f)(6)(iii) thereunder.⁸ The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because such waiver will allow the pilot program to continue uninterrupted and help ensure uniformity among the national securities exchanges and FINRA with respect to the treatment of clearly erroneous transactions.⁹ Accordingly,

the Commission waives the 30-day operative delay requirement and designates the proposed rule change as operative upon filing with the Commission.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-BYX-2011-006 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-BYX-2011-006. This file number should be included on the subject line if e-mail is used. The Commission notes that the Exchange has satisfied this requirement.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-64226; File No. SR-FINRA-2011-005]

Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Order Granting Approval of a Proposed Rule Change Relating to Promissory Note Proceedings

April 7, 2011.

I. Introduction

On February 4, 2011, the Financial Industry Regulatory Authority, Inc. ("FINRA") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² a proposed rule change to amend Rule 13806 of the Code of Arbitration Procedure for Industry Disputes ("Industry Code") to provide that FINRA will appoint a chair-qualified public arbitrator also qualified to resolve statutory discrimination cases. The proposed rule change was published for comment in the **Federal Register** on February 22, 2011.³ The Commission did not receive any comments on the proposal. This order approves the proposed change.

II. Description of the Proposal

In 2009, FINRA implemented new procedures to expedite the administration of cases that solely involve a broker-dealer's claim that an associated person failed to pay money owed on a promissory note.⁴ Under

these procedures, FINRA appoints a single chair-qualified public arbitrator from the roster of arbitrators approved to hear statutory discrimination claims (a statutory discrimination qualified arbitrator)⁵ to resolve the dispute.⁶ These specially qualified arbitrators are public chair-qualified arbitrators who also are attorneys familiar with employment law and have at least ten years of legal experience. In addition, they may not have represented primarily the views of employers or of employees within the last five years. FINRA proposed using statutory discrimination qualified arbitrators because of the depth of their experience and their familiarity with employment law. At the time that FINRA filed the proposed rule change, these arbitrators were underutilized at the forum.

Since implementing the new procedures, FINRA has found that promissory note cases do not require extensive experience or depth of knowledge (or the limitation on representation of employers or of employees within the last five years). In a majority of completed cases, arbitrators decided the case on the pleadings and the respondent broker did not appear.⁷ Experience with the new procedures led FINRA to propose amending the Industry Code to provide that FINRA will appoint a chair-qualified public arbitrator to a panel resolving a promissory note dispute instead of appointing a statutory discrimination qualified arbitrator. Chair-qualified arbitrators have completed chair training and are attorneys who have served through award on at least two cases, or, if not attorneys, are arbitrators who have served through award on at least three cases.⁸

No. SR-FINRA-2009-015). FINRA announced implementation of New Rule 13806 (Promissory Note Proceedings) in Regulatory Notice 09-48 (August 2009). The effective date was September 14, 2009.

⁵ See Rule 13802(c)(3).

⁶ Under Rule 13806, if an associated person does not file an answer, or files an answer but does not assert any counterclaims or third party claims, regardless of the amount in dispute, a single statutory discrimination qualified arbitrator decides the case. If an associated person files a counterclaim or third party claim, FINRA bases panel composition on the amount of the counterclaim or third party claim. For counterclaims and third party claims that are not more than \$100,000, FINRA appoints a single statutory discrimination qualified arbitrator. For counterclaims and third party claims of more than \$100,000, FINRA appoints a three-arbitrator panel comprised of a statutory discrimination qualified arbitrator, a public arbitrator, and a non-public arbitrator.

⁷ Of the first 175 promissory note cases completed, arbitrators decided the case on the pleadings 76 percent of the time (unless the case concluded by settlement or some other means).

⁸ See Rule 12400(c).

In addition, the number of promissory note cases has more than doubled in the past two years. As a result of this substantial increase, it is becoming more difficult to appoint panels solely with statutory discrimination qualified arbitrators to these cases. Under the proposed rule change, the number of arbitrators available for appointment in promissory note cases would increase significantly. The proposed rule change would ensure that FINRA has a sufficient number of qualified arbitrators readily available to resolve these matters.

As explained in the Notice, FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,⁹ which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. FINRA believes that the proposed rule change is consistent with the provisions of the Act noted above because it would ensure that FINRA has a sufficient number of qualified arbitrators readily available to resolve promissory note cases.

III. Discussion of Comment Letters

The Commission did not receive any comment letters regarding the proposed rule change.

IV. Commission Findings

The Commission has carefully reviewed the proposed rule change and finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities association.¹⁰ In particular, the Commission finds that the proposed rule change is consistent with Section 15A(b)(6) of the Act,¹¹ which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. More specifically, the Commission finds that the proposed rule change to allow chair-qualified arbitrators to hear promissory note cases would help to ensure that there are sufficient number of qualified arbitrators readily available to resolve such cases.
