Correction

On October 28, 2011, we published a **Federal Register** notice inviting the public to comment on several applications for permits to conduct certain activities with endangered species (76 FR 66954). We made an error by omitting one animal in Leonard Voyle's application (PRT-57362A), which starts in the first column on page 66955. The omission is for an additional male bontebok (*Damaliscus pygargus pygargus*), for a total of two animals, not one. All the other information we printed was correct. With this notice, we correct that error and reopen the comment period for PRT-57362A. The corrected entry for this application is as follows:

Applicant: Leonard Voyles, Richmond, TX; PRT-57362A

The applicant requests a permit to import the sport-hunted trophy of two male bontebok (*Damaliscus pygargus pygargus*), culled from a captive herd maintained under the management program of the Republic of South Africa,

for the purpose of enhancement of the survival of the species.
