- For contracting by negotiation (FAR 15.201(c)), presolicitation notices provide a means of early exchanges of information about future acquisitions between Government and industry, to which potential offerors may respond with feedback concerning acquisition strategy, terms and conditions, and any other concerns or questions.

- For construction contracts (FAR 36.213-2), presolicitation notices are required for construction requirements in excess of the simplified acquisition threshold to communicate essential information on the requirements, to which potential bidders may respond communicating their interest in receiving the invitation for bid.

The Contracting Officer will use the information as follows:

- For sealed bidding, to include interested bidders in the distribution of the invitations for bids; and
