

Register on October 09, 2018 (FR 83, 50676) and allowed 60-days for public comment. Four public comments were received, and responses were sent. The comments referenced the challenges of including the Moving to Work (MTW) Supplement in the Annual Public Housing Agency (PHA) Plan process for PHAs that join MTW under the 2016 Appropriations Act (*i.e.*, MTW Expansion) as well as certain changes proposed to the original PHA Plan templates and certifications. Due to the MTW Supplement undergoing significant revisions, all references to it has been withdrawn from the collection for now and will be added again at a later time. The purpose of this notice is to allow an additional 30 days for public comment on the original PHA Plan Templates and certifications alone.

The PHA Plan was created by section 5A of the United States Housing Act of 1937 (42 U.S.C. 1437c-1). There are two different PHA Plans: The Five-Year Plan and the Annual Plan. The Five-Year Plan describes the agency's mission, long-range goals and objectives for achieving its mission over a five-year period. The Annual PHA Plan is a comprehensive guide to PHA policies, programs, operations, and strategies for meeting local housing needs and goals each fiscal year.

The PHA Plans inform HUD, residents, and the public of the PHA's goals, programs, and activities for serving the housing needs of low, very low-income, and extremely low-income families and its strategy for addressing those needs. This information helps hold PHAs accountable to HUD, residents, and the local community for how PHAs intend to spend their funding and operate their programs. Also, PHA Plans allow HUD to review the PHA's proposed changes in the administration and operation of HUD-funded housing programs.

In July 2016, HUD revised the collection in response to public comments urging HUD to return to earlier multiple versions of the PHA Plan template and certifications by PHA type (*e.g.*, standard, small, high performer, Housing Choice Voucher/HCV-only) instead of a "One-Size Fits All" form. Also, HUD added a section to accommodate new requirements for PHAs under the Affirmatively Furthering Fair Housing (AFFH) Rule, to reflect other public comments from 2013, and implement a minor change made in late 2014. OMB approved these changes, but the 2016 versions of the forms were not made public due to the Department's review of AFFH Rule implementation activities.

With this current proposed information collection, HUD intends to further modify the 5-Year and Annual PHA Plan Templates, as well as the accompanying certification forms in the following manner:

(1) Revise the instructions provided on items related to the AFFH Rule, reflecting that, until HUD approves a revised Assessment of Fair Housing (AFH) Tool and template, PHAs would not be specifying fair housing strategies actions in their PHA Plans. Instead, PHAs would rely on their corresponding community's Analysis of Impediments (AI) to fair housing until choice and undertake activities to support their civil rights certification specified in PHA Plan regulations promulgated prior to August 17, 2015. (See **Federal Register** Notice 5173-N-17 (May 23, 2018).)

(2) Revise PHA certifications to bring them up to date with HUD program and AFFH requirements, and to give PHAs an optional blank answer section to explain how they are not able to certify compliance with civil rights authorities and certain specific requirements.

(3) Revise the introductory text and signature blocks on certification forms to distinguish the PHA Executive Director (ED) and Board Chairperson.

In addition, it should be noted that, due to the de-coupling of reporting on Capital Fund Program activities and plans from PHA Plan submissions in 2016, (*i.e.*, Form HUD-50075.1 and Form HUD-50075.2 Capital Fund Annual Statement/Performance and Evaluation Report and 5-Year Action Plan forms), the burden hours associated with these two forms (10,070) as reflected in the estimate under OMB no. 2577-0226 were removed.

Finally, revisions to the reporting burden reflect a reduction in the total number of, active PHAs. The number of active public housing agencies has changed from 3,819 to 3,780 since the last approved information collection. The number of PHAs can fluctuate due to many factors, including but not limited to performance scoring, the merging of two or more PHAs or the termination of a PHA's public and other assisted housing programs due to conversion under the Rental Assistance Demonstration (RAD).

Respondents (i.e., affected public): Local, Regional and State Body Corporate Politic Public Housing Agencies (PHAs) Governments.

Estimated Number of Respondents: 3,780.

Estimated Number of Responses: 4,838.40.

Frequency of Response: 1.28.

Average Hours per Response: 2.70.

Total Estimated Burden: 13,063.68.
