

1020/07, Issue 1, dated September 11, 2007, as referenced in EADS SOCATA TBM Aircraft Mandatory Service Bulletin Number SB 70-151, Amendment 1, dated September 2007, and a new lockwasher is installed if necessary.

FAA AD Differences

Note: This AD differs from the MCAI and/or service information as follows: No differences.

Other FAA AD Provisions

(g) The following provisions also apply to this AD:

(1) Alternative Methods of Compliance (AMOCs): The Manager, Standards Office, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. Send information to ATTN: Albert Mercado, Aerospace Engineer, FAA, Small Airplane Directorate, 901 Locust, Room 301, Kansas City, Missouri 64106; telephone: (816) 329-4119; fax: (816) 329-4090. Before using any approved AMOC on any airplane to which the AMOC applies, notify your appropriate principal inspector (PI) in the FAA Flight Standards District Office (FSDO), or lacking a PI, your local FSDO.

(2) Airworthy Product: For any requirement in this AD to obtain corrective actions from a manufacturer or other source, use these actions if they are FAA-approved. Corrective actions are considered FAA-approved if they are approved by the State of Design Authority (or their delegated agent). You are required to assure the product is airworthy before it is returned to service.

(3) Reporting Requirements: For any reporting requirement in this AD, under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 et seq.), the Office of Management and Budget (OMB) has approved the information collection requirements and has assigned OMB Control Number 2120-0056.

Related Information

(h) Refer to Direction générale de l'aviation civile (DGAC) Emergency AD No. CN UF-2007-015—EADS SOCATA—TBM 700, dated September 20, 2007; EADS SOCATA TBM Aircraft Mandatory Service Bulletin Number SB 70-151, Amendment 1, dated September 2007, for related information.

Material Incorporated by Reference

(i) You must use EADS SOCATA TBM Aircraft Mandatory Service Bulletin Number SB 70-151, Amendment 1, dated September 2007, and Messier-Dowty Technical Instruction No. CS/ 1020/07, Issue 1, dated September 11, 2007, to do the actions required by this AD, unless the AD specifies otherwise.

(1) The Director of the Federal Register approved the incorporation by reference of this service information under 5 U.S.C. 552(a) and 1 CFR part 51.

(2) For service information identified in this AD, contact EADS SOCATA, Direction des Services, 65921 Tarbes Cedex 9, France.

(3) You may review copies at the FAA, Central Region, Office of the Regional Counsel, 901 Locust, Room 506, Kansas City,

Missouri 64106; or at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: <http://www.archives.gov/federal-register/cfr/ibr-locations.html>.

Issued in Kansas City, Missouri on October 30, 2007.

Kim Smith,

Manager, Small Airplane Directorate, Aircraft Certification Service.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2007-28776; Airspace Docket No. 07-ACE-10]

Modification of Class E Airspace; Lee's Summit, MO

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; confirmation of effective date.

SUMMARY: This document confirms the effective date of the direct final rule which revises Class E airspace at Lee's Summit, MO.

DATES: *Effective Date:* 0901 UTC, December 20, 2007.

FOR FURTHER INFORMATION CONTACT: Grant Nichols, System Support, DOT Regional Headquarters Building, Federal Aviation Administration, 901 Locust, Kansas City, MO 64106; *telephone:* (816) 329-2522.

SUPPLEMENTARY INFORMATION: The FAA published this direct final rule with a request for comments in the **Federal Register** on September 7, 2007 (72 FR 51358). The FAA uses the direct final rulemaking procedure for a non-controversial rule where the FAA believes that there will be no adverse public comment. This direct final rule advised the public that no adverse comments were anticipated, and that unless a written adverse comment, or a written notice of intent to submit such an adverse comment, were received within the comment period, the regulation would become effective on December 20, 2007.

Class E airspace areas extending upward from 700 feet or more above the surface of the earth are published on Paragraph 6005 of FAA Order 7400.9R, signed August 1, 2007, and effective September 15, 2007, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations

listed in this document will be published subsequently in the Order.

No adverse comments were received, and thus this notice confirms that this direct final rule will become effective on that date.

Issued in Fort Worth, Texas on October 19, 2007.

Donald R. Smith,

Manager, System Support Group, ATO Central Service Center.

RIN 2120-AA66

Revision of VOR Federal Airway 363; CA

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action revises VOR Federal Airway 363 (V-363) between the Mission Bay, CA, Very High Frequency Omnidirectional Range/Tactical Air Navigation (VORTAC) and the Pomona, CA, VORTAC. Specifically, the FAA is making this realignment to provide a southwestern route structure to circumnavigate the Camp Pendleton, CA, range complex.

DATES: *Effective Date:* 0901 UTC, February 14, 2008. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: Ken McElroy, Airspace and Rules Group, Office of System Operations Airspace and AIM, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION:

Background

On March 14, 2005, the FAA published in the **Federal Register** a notice of proposed rulemaking (NPRM) to revise VOR Federal Airway V-363 between the Mission Bay, CA, and the Pomona, CA, VORTAC (70 FR 12428). On May 25, 2005, the FAA published in the **Federal Register** a correction to the NPRM due to an incomplete description (70 FR 30036). Interested parties were

invited to participate in this rulemaking effort by submitting written comments on the proposal. Two comments were received.

The Aircraft Owners and Pilots Association stated the realignment of V-363 will provide an available route for circumnavigating the Camp Pendleton range complex by providing a more direct route that will have a positive impact on general aviation. One commentator disagreed with the revision to V-363, pointing out that the revised routing was incorrect and the proposal had not been presented to the Southern California Users Group (SCAUWG). A correction to the NPRM with revised routing was published on May 25, 2005, correcting the error in the V-363 description. The proposal had been presented to the SCAUWG and it was determined that the revised routing of V-363 would provide a more direct routing and assist general aviation pilots in the Southern California. With the exception of editorial changes, this amendment is the same as that published in the correction to the NPRM.

Domestic VOR Federal airways are published in paragraph 6010(a) of FAA Order 7400.9R dated August 15, 2007, and effective September 15, 2007, which is incorporated by reference in 14 CFR 71.1. The Federal airways listed in this document will be published subsequently in the Order.

The Rule

The FAA is amending Title 14 Code of Federal Regulations (14 CFR) part 71 to revise VOR Federal Airway 363 (V-363) between the Mission Bay, CA, Very High Frequency Omnidirectional Range/Tactical Air Navigation (VORTAC) and the Pomona, CA, VORTAC. Specifically, the FAA is making this realignment to provide a southwestern route structure to circumnavigate the Camp Pendleton, CA, range complex.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant

economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it revises VOR Federal Airway V-363 in California.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures," paragraph 311a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

■ In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.9R, Airspace Designations and Reporting Points, dated August 15, 2007, and effective September 15, 2007, is amended as follows:

Paragraph 6010(a) Domestic VOR Federal Airways.
