This notice is published pursuant to 14 CFR 11.85.

Issued in Washington, DC, on August 21, 2014.

James M Crotty,

Acting Director, Office of Rulemaking.

Petition for Exemption

Docket No.: FAA-2014-0563.

Petitioner: Vision Services Group, LLC.

Section of 14 CFR: parts 21.1(a)(1)(iii), 61.113(a), 91.9(b)(2), 91.203(a)(1) and (2), and 91.203(b).

Description of Relief Sought: The petitioner is seeking an exemption to commercially operate a small unmanned aircraft system (sUAS) at or below 2,000 feet above ground level in designated, unpopulated areas to collect high quality, actionable data in an efficient manner.

Federal Aviation Administration

Notice of Opportunity for Public Comment on Surplus Property Release at Savannah-Hilton Head International Airport, Savannah, Georgia

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice.

SUMMARY: Under the provisions of Title 49, U.S.C. 47153(c), notice is being given that the FAA is considering a request from the Savannah Airport Commission to waive the requirement that a 0.18-acre parcel of surplus property, owned and operated by the Savannah Airport Commission and located adjacent to Georgia Department of Transportation property, be used for aeronautical purposes.

DATES: Comments must be received on or before *September 29, 2014*.

ADDRESSES: Comments on this notice may be mailed or delivered in triplicate to the FAA at the following address: Atlanta Airports District Office, Attn: Aimee A. McCormick, Program

Manager, 1701 Columbia Ave., Suite 2-260, Atlanta, GA 30337-2747.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to Greg Kelly, Airport Director of Savannah-Hilton Head International Airport at the following address: 400 Airways Avenue, Savannah, GA 31408.

FOR FURTHER INFORMATION CONTACT:

Aimee McCormick, Program Manager, Atlanta Airports District Office, 1701 Columbia Ave., Suite 2-260, Atlanta, GA 30337-2747, (404) 305-7143. The application may be reviewed in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA is reviewing a request by the Savannah Airport Commission to release 0.18 acres of surplus property at the Savannah-Hilton Head International Airport. The property will be purchased with intent for public roadway improvements and take over of long term maintenance. The location of the land relative to existing or anticipated aircraft noise contours greater than 65ldn are not considered to be an issue. The net proceeds from the sale of this property will be used for airport purposes. The proposed use of this property is compatible with airport operations.

Any person may inspect the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**.

In addition, any person may, upon request, inspect the request, notice and other documents germane to the request in person at the Savannah-Hilton Head International Airport.

Issued in Atlanta, Georgia on August 19, 2014.

Larry F. Clark,

Manager, Atlanta Airports District Office, Southern Region.

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2014-0325]

Agency Information Collection Activities; New Information Collection Request: The Impact of Driver Compensation on Commercial Motor Vehicle Safety

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FMCSA announces its plan to submit the Information Collection Request (ICR) described below to the Office of Management and Budget (OMB) for its review and approval and invites public comment. The primary mission of the Federal Motor Carrier Safety Administration (FMCSA) is to reduce crashes, injuries, and fatalities involving large trucks and buses. Toward that end, FMCSA initiated The Impact of Driver Compensation on Commercial Motor Vehicle Safety Survey.

The primary purpose of the study will be to analyze the possible unintended safety consequences of the various methods by which Commercial Motor Vehicle (CMV) drivers in the sample are compensated. Should the study show that there is a relationship between the methods drivers are paid and the methods' effect on safe driving performance, a potential benefit of the study will be to provide CMV carrier companies with information that will help them make more informed decisions about safe operations.

In addition to the primary purpose of the study, a number of other potentially potential confounding variables will be assessed. These variables include the following:

- Type of commercial motor vehicle operation (long-haul, short-haul, or line-haul) by size of carrier (very small, small, medium or large)
- Whether for-hire, private, or owner operated and whether the carrier can be characterized as a truckload, less-than-truckload, regional, tanker, or other type of carrier
- Number of power units
- Average length of haul
- Primary commodities carried
- Number of regular, full-time drivers the carrier employs
- Average driving experience, in years, of drivers working for the companies included in the sample

This data will be used to demonstrate possible relationships of variables as well as determine if the variables may contribute to unintended safety consequences. Unintended safety consequences include driver out-of-service rates, vehicle out-of-service rates, and crash rates. For the purposes of this study, "commercial motor vehicle (CMV)" will refer only to trucks and not include passenger vehicles such as buses.

DATES: We must receive your comments on or before October 28, 2014.

ADDRESSES: You may submit comments identified by Federal Docket Management System (FDMS) Docket
