SUPPLEMENTARY INFORMATION:

I. Background

The Job Corps program authorized by the Workforce Investment Act (WIA) of 1998, is designed to serve low-income young women and men, 16 through 24, who are in need of additional vocational, educational and social skills training, and other support services in order to gain meaningful employment, return to school or enter the Armed Forces. The instruments consist of modules that include questions designed to obtain the following information: re-verification of initial job and/or school placements; employment and educational experiences; job search activities of those who are neither working nor in school; and information about former participants' satisfaction with the services provided by Job Corps.
