

Number of Affected Vehicle Manufacturers .....	22
Annual Labor Hours for Each Manufacturer To Prepare and Submit Required Information .....	Variable.
Total Annual Information Collection Burden .....	16,000 hours.

The monetized cost associated with this information collection is determined by multiplying the total labor hours by an appropriate labor rate. For this information collection, we believe vehicle manufacturers will use mechanical engineers to prepare and submit the data. Therefore, we are applying a labor rate of \$36.02 per hour which is the median national wage for mechanical engineers.<sup>1</sup> Thus, the estimated monetized annual cost is 16,000 hours × \$36.02 per hour = \$576,320.
