Abstract: The purpose of this information collection request is to collect information from applicants to select recipients for the Presidential Innovation Award for Environmental Educators (PIAEE) program and the President's Environmental Youth Awards (PEYA) program. The U.S. Environmental Protection Agency (EPA or the Agency), in conjunction with the White House Council on Environmental Quality (CEQ), established the PIAEE program to meet the requirements of Section 8(e) of the National Environmental Education Act (20 U.S.C. 5507(e)). The Agency established the PEYA program to meet the requirements of Section 8(d) of the National Environmental Education Act (20 U.S.C. 5507(d)).

Form Numbers: None.

Respondents/affected entities: K–12 teachers who teach on a full-time basis in a public school that is operated by a local education agency, including schools funded by the Bureau of Indian Affairs. For this program, a local education agency is one as defined by section 198 of the Elementary and Secondary Education Act of 1965 (now codified at 20 U.S.C. 7801(26)).

Respondent's obligation to respond: Required to obtain information from the applicants for PIAEE and PEYA program and assess certain aspects of programs as established under Section 8(e) of the National Environmental Education Act (20 U.S.C. 5507(e)) and Section 8(d) of the National Environmental Education Act (20 U.S.C. 5507(d)) respectively.

Estimated number of respondents: 75 (total) for the PIAEE program and 200 (total) for the PEYA program.

Frequency of response: Annually.

Total estimated burden: 1,870 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: For the PIAEE program, \$32,960 (per year) for 75 applicants. For the PEYA program, \$49,220 (per year) for 200 applicants. There are no capital or operation & maintenance costs.

Changes in the Estimates: There has been a change in the number of respondents due to the addition of activities related to PEYA application. The individual cost per respondent has risen, due to increases in labor rate estimates.

Dated: August 28, 2019.

Delegation of Authority to the Commonwealth of Virginia To Implement and Enforce Additional or Revised National Emission Standards for Hazardous Air Pollutants Standards and New Source Performance Standards

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of delegation of authority.

SUMMARY: On September 12, 2019, the Environmental Protection Agency (EPA) sent the Commonwealth of Virginia (Virginia) a letter acknowledging that Virginia's delegation of authority to implement and enforce the National Emissions Standards for Hazardous Air Pollutants (NESHAPs) and New Source Performance Standards (NSPS) had been updated, as provided for under previously approved delegation mechanisms. To inform regulated facilities and the public, EPA is making available a copy of EPA's letter to Virginia through this notice.

DATES: On September 12, 2019, EPA sent Virginia a letter acknowledging that Virginia's delegation of authority to implement and enforce Federal NESHAPs had been updated.

ADDRESSES: Copies of documents pertaining to this action are available for public inspection during normal business hours at the Air and Radiation Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103–2029. Copies of Virginia's submittal are also available at the Virginia Department of Environmental Quality, 1111 East Main Street, Richmond, Virginia 23219.

FOR FURTHER INFORMATION CONTACT: Riley Burger, (215) 814-2217, or by email at burger.riley@epa.gov.

SUPPLEMENTARY INFORMATION: On February 21, 2019, Virginia notified EPA that Virginia had updated its incorporation by reference of Federal NESHAPs to include many such standards, as they were published in final form in the Code of Federal Regulations (CFR) dated July 1, 2018. On September 12, 2019, EPA sent Virginia a letter acknowledging that Virginia now has the authority to implement and enforce the NESHAPs as specified by Virginia in its notice to EPA, as provided for under previously approved automatic delegation mechanisms. All notifications,

applications, reports, and other correspondence required pursuant to the delegated NESHAPs must be submitted to both EPA, Region III and to the Virginia Department of Environmental Quality, unless the delegated standard specifically provides that such submittals may be sent to EPA or a delegated State. In such cases, the submittals should be sent only to the Virginia Department of Environmental Quality. A copy of EPA's letter to Virginia follows:

“Michael G. Dowd, Director Air Division
Virginia Department of Environmental
Quality

P.O. Box 1105
Richmond, Virginia 23218

Dear Mr. Dowd:

The United States Environmental Protection Agency (EPA) has previously delegated to the Commonwealth of Virginia (Virginia) the authority to implement and enforce various federal New Source Performance Standards (NSPS), National Emission Standards for Hazardous Air Pollutants (NESHAP), and National Emission Standards for Hazardous Air Pollutants for Source Categories (MACT standards) which are found at 40 CFR parts 60, 61 and 63, respectively. In those actions, EPA also delegated to Virginia the authority to implement and enforce any future federal NSPS, NESHAP or MACT Standards on the condition that Virginia legally adopt the future standards, make only allowed wording changes, and provide specified notice to EPA.

In a letter dated February 21, 2019, Virginia submitted to EPA revised versions of Virginia's regulations which incorporate by reference specified federal NSPS, NESHAP and MACT standards, as those federal standards had been published in final form in the Code of Federal Regulations dated July 1, 2018. Virginia committed to enforcing the federal standards in conformance with the terms of EPA's previous delegations of authority and made only allowed wording changes.

Virginia stated that it had submitted the revisions “to retain its authority to enforce the NSPSs and NESHAPs under the delegation of authority granted by EPA on August 27, 1981 (46 FR 43300) and to enforce the MACT standards under the delegation of authority granted by EPA on January 26, 1999 (64 FR 3938) and January 8, 2002 (67 FR 825).”

Virginia provided copies of its revised regulations which specify the NSPS, NESHAP and MACT Standards which it had adopted by reference. Virginia's revised regulations are entitled 9 VAC 5–50 “New and Modified Stationary Sources,” and 9 VAC 5–60 “Hazardous Air Pollutant Sources.” These revised regulations have an effective date of February 20, 2019.

Based on Virginia's submittal, EPA acknowledges that EPA's delegations to Virginia of the authority implement and enforce EPA's NSPS, NESHAP, and MACT Standards have been updated, as provided for under the terms of EPA's previous

delegation of authority actions, to allow the Virginia to implement and enforce the federal NSPS, NESHAP and MACT standards which Virginia has adopted by reference as specified in Virginia's revised regulations 9 VAC 5–50 and 9 VAC 5–60, both effective on February 20, 2019.

Please note that on December 19, 2008, in *Sierra Club v. EPA*,¹ the United States Court of Appeals for the District of Columbia Circuit vacated certain provisions of the General Provisions of 40 CFR part 63 relating to exemptions for startup, shutdown, and malfunction (SSM). On October 16, 2009, the Court issued a mandate vacating these SSM exemption provisions, which are found at 40 CFR 63.6(f)(1) and (h)(1).

Accordingly, EPA no longer allows sources the SSM exemption as provided for in the vacated provisions at 40 CFR 63.6(f)(1) and (h)(1), even though EPA has not yet formally removed these SSM exemption provisions from the General Provisions of 40 CFR part 63. Because Virginia incorporated 40 CFR part 63 by reference, Virginia should also no longer allow sources to use the former SSM exemption from the General Provisions of 40 CFR part 63 due to the Court's ruling in *Sierra Club vs. EPA*.

EPA appreciates Virginia's continuing NSPS, NESHAP and MACT standards enforcement efforts, and also Virginia's decision to take automatic delegation of additional or updated NSPS, NESHAP and MACT standards by adopting them by reference.

Sincerely,

Cristina Fernandez, Director,
Air and Radiation Division."

This notice acknowledges the update of Virginia's delegation of authority to implement and enforce NESHAP, NSPS, and MACT.

Dated: September 25, 2019.

Cristina Fernandez,

Director, Air and Radiation Division, Region III.
