DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

Reports, Forms and Record Keeping Requirements; Agency Information Collection Activity Under OMB Review

AGENCY: National Highway Traffic Safety Administration, DOT.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice

announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collections and their expected burden. The **Federal Register** Notice with a 60-day comment period was published on November 28, 2006 [68 FR 68887-68888].

DATES: Comments must be submitted on or before March 28, 2007.

FOR FURTHER INFORMATION CONTACT:

Kevin Ball at the National Highway Traffic Safety Administration, Office of the Chief Information Officer, (NPO-400), 202-366-5649, 400 Seventh Street, SW., Room 6132, Washington, DC 20590.

SUPPLEMENTARY INFORMATION: National Highway Traffic Safety Administration.

Title: Air Bag Deactivation.

OMB Number: 2127-0588.

Type of Request: Extension of a currently approved information collection.

Abstract: If a private individual or lessee wants to install an air bag on-off switch to turn-off either or both frontal air bags, they must complete HS Form 603 which is approved under OMB 2127-0588 to certify certain statements regarding use of the switch. The dealer or business must, in turn, submit the completed forms to NHTSA within seven days. The submission of the completed forms by the dealers and repair business to NHTSA, as required, will serve the agency several purposes. They will aid the agency in monitoring the number of authorization requests submitted and the pattern in claims of risk groups membership. The completed forms will enable the agency to determine whether the dealers and repair business are complying with the terms of the exemption, which include a requirement that the dealers and repair businesses accept only fully completed forms. Finally, submission of the completed forms to the agency will promote honesty and accuracy in the filling out of the forms by vehicle owners. The air bag on-off switches are installed only in vehicles in which the risk of harm needs to be minimized on a case-by-case basis.

Affected Public: Private individuals, fleet owners and lessees, motor vehicle dealers, repair business.

Estimated Total Annual Burden: 7,500 hours.

ADDRESSES: Send comments, within 30 days, to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725-17th Street, NW., Washington, DC 20503, Attention NHTSA Desk Officer.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology. A Comment to OMB is most effective if OMB receives it within 30 days of publication.

Issued in Washington, DC, on February 21, 2007.

PHMSA will request a three-year term of approval for each information collection activity and, when approved by OMB, publish notice of the approval in the **Federal Register**.

PHMSA requests comments on the following information collections:

Title: Requirements for Cargo Tanks.

OMB Control Number: 2137-0014.

Summary: This information collection consolidates and describes the information collection provisions in parts 178 and 180 of the HMR involving the manufacture, qualification, maintenance and use of all specification cargo tank motor vehicles. It also includes the information collection and recordkeeping requirements for persons who are engaged in the manufacture, assembly, requalification and maintenance of DOT specification cargo tank motor vehicles. The types of information collected include:

(1) *Registration Statements:* Cargo tank manufacturers and repairers, and cargo tank motor vehicle assemblers are required to be registered with DOT by furnishing information relative to their qualifications to perform the functions in accordance with the HMR. The registration statements are used to identify these persons in order for DOT to ensure that they possess the knowledge and skills necessary to perform the required functions and they are performing the specified functions in accordance with the applicable regulations.

(2) *Requalification and maintenance reports:* These reports are prepared by persons who requalify or maintain cargo tanks. This information is used by cargo tank owners, operators and users, and DOT compliance personnel to verify that the cargo tanks are requalified, maintained and are in proper condition for the transportation of hazardous materials.

(3) *Manufacturers' data reports, certificates and related papers:* These reports are prepared by cargo tank manufacturers and certifiers, and are used by cargo tank owners, operators, users and DOT compliance personnel to verify that a cargo tank motor vehicle was designed and constructed to meet all requirements of the applicable specification.

Affected Public: Manufacturers, assemblers, repairers, requalifiers, certifiers and owners of cargo tanks.

Annual Reporting and Recordkeeping Burden:

Number of Respondents: 41,366.

Total Annual Responses: 132,600.

Total Annual Burden Hours: 102,021.

Frequency of Collection: Periodically.

Title: Inspection and Testing of Portable Tanks and Intermediate Bulk Containers.

OMB Control Number: 2137-0018.

Summary: This information collection consolidates provisions for documenting qualifications, inspections, tests and approvals
