SUMMARY: The Department of Commerce is extending the time limits of the preliminary results of the antidumping duty administrative reviews on large newspaper printing presses, and components thereof, from Germany and Japan. Each review covers one producer/exporter of the subject merchandise to the United States. The period of review is September 1, 1999, through August 31, 2000. This period also covers certain sales deferred from prior review periods.

EFFECTIVE DATE: March 22, 2001.

SUPPLEMENTARY INFORMATION: Because it is not practicable to complete these administrative reviews within the time limits mandated by section 751(a)(3)(A) of Tariff Act of 1930 (the Act), as amended by the Uruguay Round Agreements Act, the Department is extending the time limit for completion of the preliminary results. Each of these reviews involves complicated issues related to cost of production. In addition, we are required to verify the information submitted in the Japanese review in accordance with 19 CFR 351.307(iii) and (v). Because we need additional time to analyze the respondents' data, as well as to conduct verification, we have extended the deadline for the completion of the preliminary results until October 1, 2001.

SUPPLEMENTARY INFORMATION:

I. Abstract

The National Marine Fisheries Service (NMFS) proposes to collect information on fishing vessel expenses and earnings in the south Atlantic snapper/grouper fishery to conduct economic analyses that will improve fishery management in that fishery; satisfy NMFS' legal mandates under Executive Order 12866, the Magnuson-Steven Fishery Conservation and Management Act (U.S.C. 1801 *et seq.*), the Regulatory Flexibility Act, the Endangered Species Act, and the National Environmental Policy Act; and quantify achievement of the performances measures in the NMFS Strategic Operating Plans. Used in conjunction with catch and effort data already being collected in this fishery as part of its logbook program, this data will be used to assess how fishermen will be impacted by and respond to any regulation likely to be considered by fishery managers.

In addition, these vessel owners will be required to complete and submit by mail a separate form about annual fixed cost information such as expenditures for repair and maintenance, gear purchase and repair, fishing licenses and permits, insurance, dock fees, repayment on boat and business loans, office expenses and so forth.
