

DATES: August 24, 2006. The meeting will begin at approximately 10 a.m. and adjourn at approximately 12 noon.

ADDRESSES: The meeting will be held in the Gannett/Hollerith conference rooms at the U.S. Census Bureau Headquarters, 4700 Silver Hill Road, Suitland, Maryland 20746-8500.

FOR FURTHER INFORMATION CONTACT: David Johnson, Chief, Housing and Household Economics Statistics Division, Department of Commerce, U.S. Census Bureau, Room 1071, Federal Building 3, Washington, DC 20233. His telephone number is (301) 763-6443.

SUPPLEMENTARY INFORMATION: The SIPP has been the primary data source used by policymakers to evaluate the effectiveness of government programs and to analyze the impacts of options for modifying them. The SIPP's longitudinal design has many advantages, but imposes considerable burden on respondents and makes review and data processing difficult and time-consuming. The re-engineered system, to be known as the dynamics of economic well-being system, is expected to reduce respondent burden and attrition and deliver data on a timely basis. Although it will not supply the same level of detail as the SIPP, its design must offer policymakers and researchers data that address the same basic issues.

The dynamics of economic well-being system will use data from current demographic surveys and administrative records to identify a population cohort that will be measured longitudinally by using administrative

data, combined with a new demographic survey instrument. A major goal of this new system is to develop monthly estimates of whether and how much individuals participate in cash-assistance programs and to include a longitudinal component.

The meeting is open to the public, and a brief period is set aside for public comment and questions. Those persons with extensive questions or statements must submit them in writing, at least three days before the meeting, to the Committee Liaison Officer named above. Seating is available to the public on a first-come, first-serve basis.

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be sent via e-mail to Mary Chin (mary.p.chin@census.gov) at least two weeks prior to the meeting.

Dated: July 26, 2006.

Charles Louis Kincannon,
Director, Bureau of the Census.

Suspension Agreements

None.

In accordance with section 351.213(b) of the regulations, an interested party as defined by section 771(9) of the Act may request in writing that the Secretary conduct an administrative review. For both antidumping and countervailing duty reviews, the interested party must specify the individual producers or exporters covered by an antidumping finding or an antidumping or countervailing duty order or suspension agreement for which it is requesting a review, and the requesting party must state why it desires the Secretary to

review those particular producers or exporters.³ If the interested party intends for the Secretary to review sales of merchandise by an exporter (or a producer if that producer also exports merchandise from other suppliers) which were produced in more than one country of origin and each country of origin is subject to a separate order, then the interested party must state specifically, on an order-by-order basis,

³ If the review request involves a non-market economy and the parties subject to the review request do not qualify for separate rates, all other exporters of subject merchandise from the non-market economy country who do not have a separate rate will be covered by the review as part of the single entity of which the named firms are a part.

which exporter(s) the request is intended to cover.

As explained in *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003), the Department has clarified its practice with respect to the collection of final antidumping duties on imports of merchandise where intermediate firms are involved. The public should be aware of this clarification in determining whether to request an administrative review of merchandise subject to antidumping findings and orders. See also the Import Administration Web site at <http://ia.ita.doc.gov>.

Six copies of the request should be submitted to the Assistant Secretary for Import Administration, International

Further, in accordance with section 351.303(f)(1)(i) of the regulations, a copy of each request must be served on every party on the Department's service list.

The Department will publish in the **Federal Register** a notice of "Initiation of Administrative Review of Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation" for requests received by the last day of August 2006. If the Department does not receive, by the last day of August 2006, a request for review of entries covered by an order, finding, or suspended investigation listed in this notice and for the period identified above, the Department will instruct the U.S. Customs and Border Protection to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.
