

1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; or by hand delivery or courier to EPA Docket Center, EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC, between 8:30 a.m. and 4:30 p.m. Monday through Friday, excluding legal holidays. Comments on a disk or CD-ROM should be formatted in Wordperfect or ASCII file, avoiding the use of special characters and any form of encryption, and may be mailed to the mailing address above.

FOR FURTHER INFORMATION CONTACT: Paul Versace, Air and Radiation Law Office (2344A), Office of General Counsel, U.S. Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone: (202) 564-0219; fax number (202) 564-5603; e-mail address: versace.paul@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Additional Information About the Proposed Consent Decree

This proposed consent decree would resolve a lawsuit seeking a response to a petition to object to a Title V permit proposed by the Illinois Environmental Protection Agency to the Onyx Environmental Services' waste incinerator in Sauget, Illinois. Under the proposed decree, the parties would seek to stay the pending litigation, and the plaintiffs would agree to dismiss the lawsuit if the Administrator issues a response to the petition by February 1, 2006. The consent decree does not require the Administrator to respond to the petition in any particular way. If the consent decree becomes final and the Administrator issues a response to the petition by February 1, 2006, Plaintiffs will dismiss the case and EPA will pay the plaintiffs a specified amount in settlement of their claims for attorneys' fees.

For a period of thirty (30) days following the date of publication of this notice, the Agency will receive written comments relating to the proposed consent decree from persons who were not named as parties or interveners to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determines, based on any comment which may be submitted, that consent to the consent decree should be withdrawn, the terms of the decree will be affirmed.

II. Additional Information About Commenting on the Proposed Consent Decree

A. How Can I Get A Copy Of the Consent Decree?

Direct your comments to the official public docket for this action under Docket ID No. EPA-HQ-OGC-2005-0529 which contains a copy of the consent decree. The official public docket is available for public viewing at the Office of Environmental Information (OEI) Docket in the EPA Docket Center, EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OEI Docket is (202) 566-1752.

An electronic version of the public docket is available through <http://www.regulations.gov>. You may use the <http://www.regulations.gov> Web site to submit or view public comments, to access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the appropriate docket identification number.

It is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing online at <http://www.regulations.gov> without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. Information claimed as CBI and other information whose disclosure is restricted by statute is not included in the official public docket or in the electronic public docket. EPA's policy is that copyrighted material, including copyrighted material contained in a public comment, will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the EPA Docket Center.

B. How and To Whom Do I Submit Comments?

You may submit comments as provided in the **ADDRESSES** section. Please ensure that your comments are submitted within the specified comment

period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment and with any disk or CD-ROM you submit. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the <http://www.regulations.gov> Web site to submit comments to EPA electronically is EPA's preferred method for receiving comments. The electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment. In contrast to EPA's electronic public docket, EPA's electronic mail (e-mail) system is not an "anonymous access" system. If you send an e-mail comment directly to the Docket without going through <http://www.regulations.gov>, your e-mail address is automatically captured and included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

Dated: December 20, 2005.

Richard B. Ossias,
Associate General Counsel.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8015-6]

Science Advisory Board (SAB) Staff Office; Notification of a Teleconference of the Arsenic Review Panel

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The EPA Science Advisory Board (SAB) Staff Office announces an upcoming public teleconference of the

SAB Arsenic Review Panel to discuss its draft report, *Advisory on EPA's Assessments of Carcinogenic Effects of Organic and Inorganic Arsenic*.

DATES: The date for the teleconference is January 24, 2006, from 1:30 p.m. to 4 p.m., Eastern time.

FOR FURTHER INFORMATION CONTACT:

Members of the public who wish to obtain the teleconference call-in number and access code to participate in the teleconference may contact Mr. Thomas O. Miller, Designated Federal Officer (DFO), by telephone at (202) 343-9982 or e-mail at miller.tom@epa.gov. General information about the SAB, as well as any updates concerning the teleconference announced in this notice, may be found on the SAB Web Site at: <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION:

Background: Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the SAB Arsenic Review Panel will hold a public teleconference on the date and time provided above. The purpose of this teleconference is for the Panel members to discuss the draft report, *Advisory on EPA's Assessments of Carcinogenic Effects of Organic and Inorganic Arsenic*. Background on this issue was provided in two **Federal Register** notices published on February 23, 2005 (70 FR 8803-8804) and July 26, 2005 (70 FR 43144-43145). In addition, the teleconference of the Panel originally scheduled for December 5, 2005 was postponed and noticed in the **Federal Register** on December 2, 2005 (70 FR 72116).

Human exposure to arsenic compounds can occur through various environmental media by their use as pesticides (e.g., dessicants/defoliants, wood preservatives) or from industrial wastes. EPA regulates environmental exposure to arsenic compounds pursuant to requirements of several laws (e.g., the Safe Drinking Water Act; the Federal Insecticide, Fungicide, and Rodenticide Act; and the Food Quality Protection Act). EPA asked the SAB to provide advice on scientific issues underlying the Agency's assessments of the carcinogenic potential of arsenic compounds. In response to EPA's request, the SAB Staff Office formed an *Ad Hoc* Panel to review relevant background data and to consider the underlying scientific questions. The Panel drafted an advisory report to respond to the EPA charge. That draft report will be the focus of the January 24, 2006 public teleconference announced in this notice.

Availability of Meeting Materials: A roster of the Panel members, the

teleconference agenda, the charge to the Panel, and the Panel's draft report will be posted on the SAB Web site at: http://www.epa.gov/sab/panels/arsenic_review_panel.htm, prior to the teleconference.

EPA's *Toxicological Review of Inorganic Arsenic* and related background information on inorganic arsenic may be found at: <http://www.epa.gov/waterscience/sab>. The technical contact for the above information on inorganic arsenic is Dr. Elizabeth Doyle, (202) 566-0056, of the Office of Water. EPA's assessment for organic arsenic, *Science Issue Paper: Cancer Mode of Action of Cacodylic Acid (Dimethylarsinic Acid, DMA^v and Recommendations for Dose Response Extrapolation* and other related background information on organic arsenic may be found at: http://www.epa.gov/oppsrrd1/reregistration/cacodylic_acid. The technical contact for the above information on organic arsenic is Dr. Anna Lowit, (703) 308-4135, of the Office of Pesticide Programs.

Procedures for Providing Public Input: Interested members of the public may submit relevant written or oral information for the SAB Panel to consider during the advisory process. Oral Statements: In general, individuals or groups requesting an oral presentation at a public teleconference will be limited to three minutes per speaker with no more than a total of fifteen minutes for all speakers. Interested parties should contact the DFO, contact information provided above, in writing via e-mail by January 17, 2006, to be placed on the public speaker list for the teleconference. Written Statements: Written statements should be received in the SAB Staff Office by January 17, 2006, so that the information may be made available to the Panel for their consideration. Written statements should be supplied to the DFO in the following formats: One hard copy with original signature, and one electronic copy via e-mail (acceptable file format: Adobe Acrobat, WordPerfect, Word, or Rich Text files in IBM-PC/Windows 98/2000/XP format).

Meeting Accommodations: For information on access or services for individuals with disabilities, please contact the DFO, contact information provided above. To request accommodation of a disability, please contact the DFO, preferably at least 10 days prior to the meeting, to give EPA as much time as possible to process your request.

Dated: December 20, 2005.

Richard Albores,

Acting Director EPA Science Advisory Board Staff Office.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-SFUND-2005-0013; FRL-8015-4]

Notice of Availability of a Petition for Exemption From EPCRA and CERCLA Reporting Requirements for Ammonia From Poultry Operations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of data availability.

SUMMARY: This notice announces the availability of a Petition for Exemption from EPCRA and CERCLA Reporting Requirements for Ammonia from Poultry Operations that was submitted to the Environmental Protection Agency on August 5, 2005 by the National Chicken Council, National Turkey Federation, and U.S. Poultry and Egg Association as nonprofit member organizations that represent the majority of broiler and turkey producers across the country. This document is being made available so that the public will have the opportunity to provide relevant data regarding this petition. EPA, in accordance with its mission to protect human health and the environment, will consider the impacts of human health and the environment in its decision whether to grant or deny this petition.

DATES: Comments must be received on or before March 27, 2006.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-HQ-SFUND-2005-0013, by one of the following methods:

- <http://www.regulations.gov>: Follow the on-line instructions for submitting comments.
- E-mail: superfund.docket@epa.gov.
- Fax: 202-566-0224.
- Mail: Superfund Docket, Environmental Protection Agency, Mailcode: 5202T, 1200 Pennsylvania Ave., NW., Washington, DC 20460.
- Hand Delivery: Public Reading Room, Room B102, EPA West Building, 1301 Constitution Avenue, NW., Washington, DC. Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. EPA-HQ-SFUND-2005-0013. EPA's policy is that all comments
