Notice of Intended Repatriation: Sonoma State University, Rohnert Park, CA

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the Sonoma State University intends to repatriate certain cultural items that meet the definition of unassociated funerary objects and that have a cultural affiliation with the Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the cultural items in this notice may occur on or after September 15, 2025.

ADDRESSES: Send additional, written requests for repatriation of the cultural items in this notice to Elise-Alexandria Green, Sonoma State University, 1801 East Cotati Avenue, Rohnert Park, CA 94928, email elise.green@sonoma.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the Sonoma State University, and additional information on the determinations in this notice, including the results of consultation, can be found in the summary or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

A total of three cultural items have been requested for repatriation. The three unassociated funerary objects come from a donated collection by Tom Thorp and originate from Glenn County California. The cultural items are obsidian projectile points. The cultural items have been housed at Sonoma State University since 1974 under Accession Number 74–01.

Based on records concerning the sacred objects, objects of cultural patrimony, and the institution in which

they are housed, there is no evidence of the cultural items being treated with hazardous substances.

Determinations

The Sonoma State University has determined that:

- The three unassociated funerary objects described in this notice are reasonably believed to have been placed intentionally with or near human remains, and are connected, either at the time of death or later as part of the death rite or ceremony of a Native American culture according to the Native American traditional knowledge of a lineal descendant, Indian Tribe, or Native Hawaiian organization. The unassociated funerary objects have been identified by a preponderance of the evidence as related to human remains, specific individuals, or families, or removed from a specific burial site or burial area of an individual or individuals with cultural affiliation to an Indian Tribe or Native Hawaiian organization.

- There is a reasonable connection between the cultural items described in this notice and the Paskenta Band of Nomlaki Indians of California.

Requests for Repatriation

Additional, written requests for repatriation of the cultural items in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural items in this notice to a requestor may occur on or after September 15, 2025. If competing requests for repatriation are received, the Sonoma State University must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the cultural items are considered a single request and not competing requests. The Sonoma State University is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and to any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3004 and the implementing regulations, 43 CFR 10.9.

Dated: August 5, 2025.

Notice of Inventory Completion Amendment: University of Florida, Florida Museum of Natural History, Gainesville, FL

AGENCY: National Park Service, Interior.

ACTION: Notice; amendment.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the University of Florida, Florida Museum of Natural History (FLMNH) has amended a notice of inventory completion published in the **Federal Register** on June 3, 2025. This notice amends the Indian Tribes or Native Hawaiian organizations with cultural affiliation.

DATES: Repatriation of the human remains and associated funerary objects may occur on or after September 15, 2025.

ADDRESSES: Send written requests for repatriation of the human remains and associated funerary objects to Megan Fry, University of Florida, Florida Museum of Natural History, 1659 Museum Road, Gainesville, FL 32611, email megan.fry@floridamuseum.ufl.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the FLMNH and additional information on the determinations in this notice, including the results of consultation, can be found in its inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Amendment

This notice amends the determination of cultural affiliation published in a notice of inventory completion in the **Federal Register** (90 FR 23542). Repatriation of the human remains and associated funerary objects in the original notice of inventory completion has not occurred.

Determinations

The FLMNH has determined that:

- There is a connection between the human remains and associated funerary objects described in the original notice and the Miccosukee Tribe of Indians; Seminole Tribe of Florida; and The Muscogee (Creek) Nation.

Requests for Repatriation

Written requests for repatriation of the human remains and associated funerary objects in the original notice must be sent to the authorized representative identified in this notice under

ADDRESSES. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.

2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the human remains and associated funerary objects described in the original notice to a requestor may occur on or after September 15, 2025. If competing requests for repatriation are received, the FLMNH must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and associated funerary objects are considered a single request and not competing requests. The FLMNH is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.10.

Dated: July 28, 2025.

**Notice of Intended Disposition: U.S.
Department of the Interior, Bureau of
Land Management, Winnemucca, NV**

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the U.S. Department of the Interior, Bureau of Land Management (BLM) intends to carry out the disposition of human remains removed from Federal or Tribal lands to the lineal descendants, Indian Tribe, or Native Hawaiian organization with priority for disposition in this notice.

DATES: Disposition of the human remains in this notice may occur on or after September 15, 2025. If no claim for disposition is received by August 14, 2026, the human remains in this notice will become unclaimed human remains.

ADDRESSES: Send written claims for disposition of the human remains in this notice to Erin Gillett, Bureau of Land Management, 5100 E Winnemucca Boulevard, Winnemucca, NV 89445, email edgillett@blm.gov.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the BLM and additional information on the human remains in this notice, including the results of consultation, can be found in the related records. The National Park Service is not responsible for the identifications in this notice.

Abstract of Information Available

Based on the information available, human remains representing, at least, one individual have been reasonably identified. On July 17, 2004 at approximately 1300 hrs. a member of the public was camping in the vicinity of Lost Creek Road in Washoe County (original report had a clerical error of "Lone Creek Road"). As the individual was walking along a dry creek bed, they noticed a white object embedded in the sand. The individual returned and used a shovel to move the sand and observed human skeletal remains. After discovery, they left the remains and returned home.

On July 20, 2004, the individual returned to the location with family members and called the Washoe County Sheriff's Office (WCSO) to report the discovered remains. Sergeant Peterson of Search and Rescue was notified of the remains at approximately 1130 hrs. Sgt. Peterson contacted Deputy Tracy Bloom of the WCSO Gerlach substation. At 1300 hrs. Deputy Bloom and Deputy Phil Condon arrived at the location and secured the area.

Investigator/Deputy Washoe County Coroner Marika Morris was notified of the remains at 1340 hrs. and arrived at the location at 1620 hrs. Detective Kathleen Bishop and FIS Investigators Dean Kaumans and Shane Billau also arrived at the location.

During investigation a skull was found partially buried in sand with the exposed right side exhibiting fracturing. The site was excavated by Dean Kaumans and Shane Billau. Upon excavation, a skull, lower jaw, various long bones, ribs and phalangeal bones were recovered. The remains were removed from their position in a block of sand at approximately 2100hrs. and wrapped in black plastic. The excavated sand was sifted, and various bone fragments and teeth were recovered.

The remains were transported by Deputy Coroner Marika Morris to the Washoe County Coroner's Office under WCSO Case #04-8364. The remains were examined on July 21, 2004 by Alane Olson, M.D.

Dr. Olson's opinions of the remains were that they appear to be those of an indigenous young female. No cultural affiliation of these ancestral remains were determined at that time. Dr. Olson recommended that examination by a qualified anthropologist was warranted.

On October 5, 2004, Vernon McCarty the Washoe County Coroner, after finding that no party was available to take custody of the remains, released them to California State University, Chico for anatomic donation.

In 2022 California State University, Chico, notified the Winnemucca District Office (WDO) that the recovered ancestral remains had unknowingly been located on BLM managed lands and that they intended to transfer custody back to the BLM. Following the chain of custody, WCSO passed custody of these ancestral remains to the BLM on April 5, 2022.

Determinations

The BLM has determined that:

- The human remains described in this notice represent the physical remains of one individual of Native American ancestry.

- The Alturas Indian Rancheria, California; Big Pine Paiute Tribe of the Owens Valley; Bishop Paiute Tribe; Bridgeport Indian Colony; Burns Paiute Tribe; Cedarville Rancheria, California; Confederated Tribes of the Warm Springs Reservation of Oregon; Fort Bidwell Indian Community of the Fort Bidwell Reservation of California; Fort Independence Indian Community of Paiute Indians of the Fort Independence Reservation, California; Fort McDermitt Paiute and Shoshone Tribes of the Fort
