SUPPLEMENTARY INFORMATION:

I. Abstract

The U.S. Department of Commerce invites the general public and other

Federal agencies to comment on the proposed extension of the use of the advocacy questionnaire by the Trade Promotion Coordination Committee's (TPCC) Advocacy Network. The questionnaire is used to evaluate requests for United States' Government (USG) commercial advocacy in connection with overseas bids and proposals. The International Trade Administration's Advocacy Center marshals federal resources to assist U.S. business interests competing for foreign government procurements worldwide. The mission of the Advocacy Center is to coordinate USG commercial advocacy in order to promote U.S. exports and create U.S. jobs. The Advocacy Center is under the umbrella of the TPCC, which is chaired by the Secretary of Commerce and includes 19 federal agencies involved in export promotion. The purpose of the advocacy questionnaire is to collect the information necessary to make an evaluation about a company's eligibility for USG advocacy assistance. There are clear, well established USG advocacy guidelines that describe the various situations in which the USG can provide advocacy support for a firm. The questionnaire was developed to collect only the information necessary to determine if the firm meets the eligibility requirements set forth in these guidelines. The Advocacy Center, appropriate ITA officials, our U.S. Embassies worldwide, and other federal government agencies (the Advocacy Network) that provide advocacy support, will require firms seeking USG advocacy support to complete the questionnaire. Without this information, the USG would be unable to make eligibility determinations.

II. Method of Collection

Form ITA-4133P is sent to U.S. firms that request USG advocacy assistance.

Estimated Total Annual Costs: The estimated annual cost for this collection is \$12,300.00 (\$7,175.00 for respondents and \$5,125.00 for federal government).

IV. Request for Comments

Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and costs) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or forms of information technology.
