BILLING CODE 3911–44–P

DEPARTMENT OF DEFENSE

Department of the Air Force

[25–0005809–AFRL/Ry]

Notice of Intent To Grant a Partially Exclusive Patent License

AGENCY: Department of the Air Force, Department of Defense.

ACTION: Notice of intent.

SUMMARY: Pursuant to the Bayh-Dole Act and implementing regulations, the Department of the Air Force hereby gives notice of its intent to grant a partially exclusive patent license to Parcell Company, a corporation of the state of Ohio having a place of business at 2335 Westbrooke Dr., Columbus, OH 43228.

DATES: Written objections must be filed no later than fifteen (15) calendar days after the date of publication of this Notice.

ADDRESSES: Submit written objections to Robert Barnes, Office of Research and Technology Applications (ORTA), 2241 Avionics Circle, Building 620, First floor, Wright-Patterson AFB, OH 45433–7304; *Phone:* (937) 713–8511; or *Email:* arfl.ry.orta@us.af.mil. Include Docket No. 25–0005809–AFRL/Ry in the subject line of the message.

FOR FURTHER INFORMATION CONTACT: Robert Barnes, Office of Research and Technology Applications (ORTA), 2950 Hobson Way, Bldg. 641, Rm. 101C, Wright-Patterson AFB, OH 45433–7765; *Phone:* (937) 713–8511; or *Email:* robert.barnes.36.ctr@us.af.mil.

SUPPLEMENTARY INFORMATION:

Abstract of Patent Application(s)

Protection and integration of proprietary data in an open system architecture, which includes at least one sub-system, and which must comply with an open standard interface mandated by the system owner. The open standard interface defines the set of messages or signals which may be exchanged by sub-system components. The sub-system provider computer is granted a bridge node to instantiate within their controlled sub-system boundary. The bridge node

communicates with the sub-system components via the interchangeable open standard interface and relays messages or signals to other sub-system bridge nodes through a shared common bus. The sub-system provider may protect their proprietary data in their standard interface implementation from the system owner and/or other sub-system providers in the overall system. This is achieved by removing the need for sub-system providers to share their open standard interface implementations with each other in order to integrate together into the overall system.

Intellectual Property

U.S. Patent No. 10,901,928 B2, issued on January 26, 2021, and entitled “*Data Access Control in an Open System Architecture*.”

The Department of the Air Force may grant the prospective license unless a timely objection is received that sufficiently shows the grant of the license would be inconsistent with the Bayh-Dole Act or implementing regulations. A competing application for a patent license agreement, completed in compliance with 37 CFR 404.8 and received by the Air Force within the period for timely objections, will be treated as an objection and may be considered as an alternative to the proposed license.

(Authority: 35 U.S.C. 209; 37 CFR 404.)

Tommy W. Lee,

Acting Air Force Federal Register Liaison Officer.

BILLING CODE 3911–44–P

DELAWARE RIVER BASIN COMMISSION

Notice of Public Hearing and Business Meeting; August 6, 2025 and September 10, 2025

Notice is hereby given that the Delaware River Basin Commission will hold a public hearing on Wednesday, August 6, 2025. A business meeting will be held the following month on Wednesday, September 10, 2025. Both the hearing and the business meeting are open to the public and both will be conducted virtually.

Public Hearing. The Commission will conduct the public hearing virtually on August 6, 2025, commencing at 1:30 p.m. Hearing items will include draft dockets for withdrawals, discharges, and other projects that could have a substantial effect on the basin’s water resources. A list of the projects

scheduled for hearing, including project descriptions, along with links to draft docket approvals will be posted on the Commission’s website, www.drbc.gov, in a long form of this notice at least ten days before the hearing date.

Written comments on matters scheduled for hearing on August 6, 2025 will be accepted through 5:00 p.m. on Monday, August 11, 2025.

The public is advised to check the Commission’s website periodically during the ten days prior to the hearing date, as items scheduled for hearing may be postponed if additional time is needed to complete the Commission’s review. Items also may be added up to ten days prior to the hearing date. In reviewing docket descriptions, the public is asked to be aware that the details of projects may change during the Commission’s review, which is ongoing.

Business Meeting. The business meeting on September 10, 2025 will begin at 10:30 a.m. and will include: adoption of the Minutes of the Commission’s June 11, 2025 business meeting; announcements of upcoming meetings and events; a report on hydrologic conditions; reports by the Executive Director and the Commission’s General Counsel; and consideration of any items for which a hearing has been completed or is not required. The agenda is expected to include consideration of the draft dockets for withdrawals, discharges, and other projects that were subjects of the public hearing on August 6, 2025.

After all scheduled business has been completed and as time allows, the business meeting will be followed by up to one hour of Open Public Comment, an opportunity to address the Commission off the record on any topic concerning management of the basin’s water resources outside the context of a duly noticed, on-the-record public hearing.

There will be no opportunity for additional public comment for the record at the September 10, 2025 business meeting on items for which a hearing was completed on August 6, 2025 or a previous date. Commission consideration on September 10, 2025 of items for which the public hearing is closed may result in approval of the item as proposed, approval with changes, denial, or deferral. When the Commissioners defer an action, they may announce an additional period for written comment on the item, with or without an additional hearing date, or they may take additional time to consider the input they have already received without requesting further public input. Any deferred items will be

considered for action at a public meeting of the Commission on a future date.

Advance Registration and Sign-Up for Oral Comment. Links for registration to attend the virtual public hearing and business meeting will be posted at www.drbc.gov at least ten days before each meeting date. Registrants who wish to comment on the record during the public hearing on August 6, 2025 or to address the Commissioners informally during the Open Public Comment session following the meeting on September 10, 2025 as time allows, will be asked to so indicate when registering. The Commission's public hearing, business meeting, and Open Public Comment session will also be livestreamed on YouTube at https://www.youtube.com/@DRBC_1961. For assistance, please contact Ms. Patricia Hausler of the Commission staff, at patricia.hausler@drbc.gov.

Addresses for Written Comment. Written comment on items scheduled for hearing may be made through the Commission's web-based comment system, a link to which is provided at www.drbc.gov. Use of the web-based system ensures that all submissions are captured in a single location and their receipt is acknowledged. Exceptions to the use of this system are available based on need, by writing to the attention of the Commission Secretary, DRBC, P.O. Box 7360, 25 Cosey Road, West Trenton, NJ 08628-0360. For assistance, please contact Patricia Hausler at patricia.hausler@drbc.gov.

Accommodation for Special Needs. Closed captioning will be available on both webinar and live-stream platforms. Those with limited internet access may listen and speak at virtual public meetings of the DRBC using any of several toll-free phone numbers that will be provided to all virtual meeting registrants.

Other individuals in need of an accommodation as provided for in the Americans with Disabilities Act who wish to attend the virtual hearing or business meeting should contact the Commission Secretary directly at 609-477-7203 or through the Telecommunications Relay Services (TRS) at 711, to discuss how we can accommodate your needs.

Additional Information, Contacts. Additional public records relating to hearing items may be examined at the Commission's offices by appointment by contacting Donna Woolf, 609-477-7222. For other questions concerning hearing items, please contact David Kovach, Project Review Manager, at 609-477-7264.

Authority. Delaware River Basin Compact, Public Law 87-328, Approved September 27, 1961, 75 Statutes at Large, 688, sec. 14.4.

Dated: July 17, 2025.

Pamela M. Bush,

Commission Secretary and Assistant General Counsel.

BILLING CODE 6360-01-P

ELECTION ASSISTANCE COMMISSION

Voting System Manufacturer Registration, Application for Testing, Anomaly Reporting and Root Cause Analysis, Survey and Submission to OMB of Proposed Collection of Information

AGENCY: Election Assistance Commission.

ACTION: Notice; request for comment.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (PRA), and as part of its continuing effort to reduce paperwork burdens, the U.S. Election Assistance Commission (EAC) gives notice that it is requesting from the Office of Management and Budget (OMB) approval for the extension of information collection of four Testing and Certification forms. OMB approval is requested for 3 years.

DATES: Comments should be submitted by 11:59pm on Monday, August 25, 2025.

ADDRESSES: Submission of Comments: Comments on the proposed Testing and Certification forms should be submitted electronically via <https://www.regulations.gov> (docket documents ID: EAC-2025-0001-0002, EAC-2025-0001-0003, EAC-2025-0001-0004, EAC-2025-0001-0004). Written comments on the proposed information collection can also be sent to the U.S. Election Assistance Commission, 633 3rd Street NW, Suite 200, Washington, DC 20001, Attn: Testing & Certification.

FOR FURTHER INFORMATION CONTACT: Paul Aumayr, Senior Election Technology Specialist, Testing and Certification Program, Washington DC (301)-563-3919. All requests and submissions should be identified by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Titles and OMB Number: Manufacturer Registration, Application for Testing, Voting System Anomaly Reporting and Root Cause Analysis; OMB Number 3265-0024.

Purpose

Under the PRA (44 U.S.C. 3501-3520), Federal Agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes Agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party.

This proposed information collection was previously published in the **Federal Register** on Thursday, May 15, 2025, and allowed 60 days for public comment. The purpose of this Notice is to allow an additional 30 days for public comment from all interested individuals and organizations.

The EAC Testing and Certification Program assists state and local election officials by providing voting machine testing and certification. This program is a requirement of the Help America Vote Act (HAVA) of 2002, legislation that created the EAC and mandated that the Commission provide certification, decertification, and recertification of voting systems.

The program is seeking to extend the publishing of four forms. These are to be used to collect key information concerning voting system manufacturers and their systems, as well as information regarding anomalies in voting systems used in federal elections. These forms collect:

- The voting system manufacturer registration form collects information on the ownership, contact details for certain directors and senior staff, and the quality processes for manufacturers who wish to participate in the EAC's Testing and Certification program.
- The voting system application collects administrative information on new or modified voting systems that are being submitted for testing by a registered voting system manufacturer.
- The voting system anomaly report will collect initial anomaly information as reported by voting system manufacturers and election officials.
- The root cause analysis form collects information on voting system anomalies, test results, and findings.

This information is collected to improve the quality of voting systems used in federal elections.

Public Comments

The EAC is soliciting public comments to permit the EAC to:

- Evaluate whether the proposed information collection is necessary for the proper functions of the EAC's Testing and Certification Program.
