

for two years unless revoked earlier by FMCSA. The exemption will be revoked if the following occurs: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315. If the exemption is still effective at the end of the 2-year period, the person may apply to FMCSA for a renewal under procedures in effect at that time.

Issued on: May 13, 2014.

Larry W. Minor,

Associate Administrator for Policy.

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA-2014-0053]

Technical Report Evaluating Fatality Reduction by Electronic Stability Control

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Request for comments on technical report.

SUMMARY: This notice announces NHTSA's publication of a technical report evaluating the fatality-reducing effectiveness of electronic stability control for passenger cars and LTVs. The report's title is: *Updated Estimates of Fatality Reduction by Electronic Stability Control*.

DATES: Comments must be received no later than September 18, 2014.

ADDRESSES:

Report: The technical report is available on the Internet for viewing in PDF format at <http://www-nrd.nhtsa.dot.gov/Pubs/812020.pdf>. You may obtain a copy of the report free of charge by sending a self-addressed mailing label to Nathan K. Greenwell (NVS-431), National Highway Traffic Safety Administration, Room W53-312, 1200 New Jersey Avenue SE., Washington, DC 20590.

Comments: You may submit comments [identified by Docket Number NHTSA-2014-0053] by any of the following methods:

- Internet: To submit comments electronically, go to the U.S. Government regulations Web site at <http://www.regulations.gov>. Follow the

online instructions for submitting comments.

- Fax: Written comments may be faxed to 202-493-2251.

- Mail: Send comments to Docket Management Facility, U.S. Department of Transportation, 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12-140, Washington, DC 20590.

- Hand Delivery: If you plan to submit written comments by hand or courier, please do so at 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12-140, Washington, DC between 9 a.m. and 5 p.m. Eastern Time, Monday through Friday, except federal holidays.

- You may call Docket Management at 1-800-647-5527.

Instructions: For detailed instructions on submitting comments and additional information see the Comments heading of the **SUPPLEMENTARY INFORMATION** section of this document. Note that all comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. Please see the Privacy Act heading in the **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT:

Nathan K. Greenwell, Mathematical Statistician, Evaluation Division, NVS-431, National Center for Statistics and Analysis, National Highway Traffic Safety Administration, Room W53-312, 1200 New Jersey Avenue SE., Washington, DC 20590. Telephone: 202-366-3860. Email: nathan.greenwell@dot.gov.

SUPPLEMENTARY INFORMATION: Electronic stability control (ESC) systems use automatic computer-controlled braking of individual wheels to assist the driver in maintaining control in critical driving situations. Federal Motor Vehicle Safety Standard No. 126 has required ESC on all new passenger cars, multipurpose passenger vehicles, trucks, and buses with a GVWR of 10,000 pounds or less: 100 Percent of new vehicles since September 1, 2011 (72 FR 17236). NHTSA issued statistical evaluations of ESC in 2004, 2007, and 2011, based on the most recent crash data available at the time (72 FR 41582, 76 FR 49532), which showed statistically significant reductions of fatal rollovers and impacts with fixed objects. The technical report updates the analyses with Fatal Accident Reporting System data through calendar year 2011. The analyses show the following statistically significant reductions of fatal crash involvements. Fatal first-event rollovers are reduced by 60 percent in cars and by 74 percent in LTVs. Other fatal single-vehicle crashes

(excluding collisions with pedestrians or bicyclists) are reduced by 31 percent in cars and 45 percent in LTVs. Involvements as the culpable vehicle in fatal multi-vehicle crashes are reduced by 16 percent in cars and LTVs.

Comments

How can I influence NHTSA's thinking on this subject?

NHTSA welcomes public review of the technical report. NHTSA will submit to the Docket a response to the comments and, if appropriate, will supplement or revise the report.

How do I prepare and submit comments?

Your comments must be written and in English. To ensure that your comments are correctly filed in the Docket, please include the Docket number of this document (NHTSA-2014-0053) in your comments.

Your primary comments must not be more than 15 pages long (49 CFR 553.21). However, you may attach additional documents to your primary comments. There is no limit on the length of the attachments.

Please submit one copy of your comments, including the attachments, to Docket Management at the address given above under **ADDRESSES**.

Please note that pursuant to the Data Quality Act, in order for substantive data to be relied upon and used by the agency, it must meet the information quality standards set forth in the OMB and DOT Data Quality Act guidelines. Accordingly, we encourage you to consult the guidelines in preparing your comments. OMB's guidelines may be accessed at http://www.whitehouse.gov/omb/fedreg_reproducible. DOT's guidelines may be accessed at http://www.rita.dot.gov/bts/sites/rita.dot.gov/bts/files/subject_areas/statistical_policy_and_research/data_quality_guidelines/index.html.

Privacy Act: Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477-78) or you may visit <http://www.regulations.gov>.

How can I be sure that my comments were received?

If you wish Docket Management to notify you upon its receipt of your comments, enclose a self-addressed,

stamped postcard in the envelope containing your comments. Upon receiving your comments, Docket Management will return the postcard by mail. You may also periodically access <http://www.regulations.gov> and enter the number for this docket (NHTSA–2014–0053) to see if your comments are on line.

How do I submit confidential business information?

If you wish to submit any information under a claim of confidentiality, you should submit three copies of your complete submission, including the information you claim to be confidential business information, to the Chief Counsel, NHTSA, U.S. Department of Transportation, 1200 New Jersey Avenue SE., Washington, DC 20590. In addition, you should submit a copy, from which you have deleted the claimed confidential business information, to Docket Management at the address given above under **ADDRESSES**. When you send a comment containing information claimed to be confidential business information, you should include a cover letter setting forth the information specified in our confidential business information regulation. (49 CFR Part 512.)

Will the agency consider late comments?

In our response, we will consider all comments that Docket Management receives before the close of business on the comment closing date indicated above under **DATES**. To the extent possible, we will also consider comments that Docket Management receives after that date.

How can I read the comments submitted by other people?

You may read the comments received by Docket Management at the address given above under **ADDRESSES**. The hours of the Docket are indicated above in the same location.

You may also see the comments on the Internet. To read the comments on the Internet, take the following steps:

- (1) Go to the Federal Docket Management System (FDMS) at <http://www.regulations.gov>.

- (2) FDMS provides two basic methods of searching to retrieve dockets and docket materials that are available in the system: (a) “Quick Search” to search using a full-text search engine, or (b) “Advanced Search,” which displays various indexed fields such as the docket name, docket identification number, phase of the action, initiating office, date of issuance, document title, document identification number, type of

document, **Federal Register** reference, CFR citation, etc. Each data field in the advanced search may be searched independently or in combination with other fields, as desired. Each search yields a simultaneous display of all available information found in FDMS that is relevant to the requested subject or topic.

- (3) You may download the comments. However, since the comments are imaged documents, instead of word processing documents, the “pdf” versions of the documents are word searchable.

Please note that even after the comment closing date, we will continue to file relevant information in the Docket as it becomes available. Further, some people may submit late comments. Accordingly, we recommend that you periodically check the Docket for new material.

Authority: 49 U.S.C. 30111, 30181–83 delegation of authority at 49 CFR 1.95 and 501.8.

Issued in Washington, DC, on May 15, 2014.

Terry Shelton,

Associate Administrator for the National Center for Statistics and Analysis.

BILLING CODE 4910–59–P

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[Docket No. FD 35804]

CSX Transportation, Inc., The Baltimore & Ohio Chicago Terminal Railroad Company, and Norfolk Southern Railway Company—Joint Relocation Project Exemption—Gary-Chicago International Airport Authority

On May 5, 2014, CSX Transportation, Inc. (CSXT), The Baltimore & Ohio Chicago Terminal Railroad Company (BOCT), and Norfolk Southern Railway Company (NSR) (collectively, applicants)¹ jointly filed a verified notice of exemption under 49 CFR 1180.2(d)(5) to participate in a joint relocation project that would foster improvements to the Gary-Chicago International Airport Authority (Gary Airport) in Indiana.

The purpose of the joint relocation project is to facilitate activities necessary to permit the relocation of various rail lines and facilities to accommodate the expansion of Gary Airport’s existing Runway 12–30, and to preserve the operation, capacity, and

utility of the freight lines of Elgin, Joliet and Eastern Railway Company (EJ&E), CSXT, and NSR in the vicinity of Gary Airport.

According to applicants, the relocation project involves multiple components. First, CSXT and NSR would construct the following connections: (1) At Clarke Junction, Ind., at or near milepost DC 0.4, connecting NSR’s Fort Wayne Line with BOCT’s Barr Subdivision and the relocated CSXT Fort Wayne Line, which would be located between milepost TC 244.9 and milepost TC 246.6 of what is currently NSR’s Gary Branch; (2) between CSXT’s Fort Wayne Line at milepost QF 443.8 and NSR’s Gary Branch at milepost QF 244.9; (3) near Tolleston, Ind., between CSXT’s Fort Wayne Line at milepost QF 442.0 and CSXT’s Porter Branch at milepost QFP 256.1 to allow NSR to serve Indiana Sugars, Inc. (Indiana Sugars) from CSXT’s Porter Branch; and (4) between CSXT’s Porter Branch at milepost QFP 255.4 and NSR’s Gary Branch at milepost TC 241.4 to allow NSR to continue to serve Indiana Sugars. Second, CSXT would acquire the portion of NSR’s Gary Branch between milepost TC 244.9 and milepost TC 246.6. Third, CSXT would abandon an approximately 1.9-mile portion of its Fort Wayne Line between milepost QF 443.8 and milepost QF 445.7, and transfer substantially all of the property to Gary Airport for the runway expansion. Fourth, CSXT would relocate its operations between milepost QF 443.8 and milepost QF 445.7 to the Gary Branch between milepost TC 244.9 and milepost TC 246.6. Fifth, NSR would discontinue service over its Gary Branch Line between milepost TC 244.9 and milepost TC 241.4. Sixth, NSR would abandon common carrier service and reclassify as spur track the portion of the Gary Branch Line between milepost TC 241.4 and milepost TC 240.3 (the Indiana Sugars Industrial Track) in order to continue to serve Indiana Sugars via trackage rights over CSXT’s Porter Branch. Seventh, existing trackage rights agreements would be amended to reflect the relocated track.²

² According to applicants, four existing trackage rights agreements would be amended as follows: (1) NSR’s rights to operate over CSXT’s Fort Wayne Line would be amended to allow NSR to operate over the new connection between CSXT’s Fort Wayne Line and CSXT’s Porter Branch in the northeast quadrant at Tolleston, as well as the continued right to enter and exit CSXT’s Fort Wayne Line at the existing connection to the Central Railroad of Indianapolis d/b/a Chicago, Fort Wayne & Eastern (CFER) leased portion of the CSXT Fort Wayne Line in the southwest quadrant at Tolleston; (2) NSR’s rights to operate over CSXT’s

Continued

¹ Applicants state that BOCT is a Class III railroad that is a wholly owned subsidiary of CSXT.
