**A. Purpose**

Incentive contracts are normally used when a firm fixed-price contract is not appropriate and the required supplies or services can be acquired at lower costs, and sometimes with improved delivery or technical performance, by relating the amount of profit or fee payable under the contract to the contractor's performance.

The information required periodically from the contractor, such as cost of work already performed, estimated costs of further performance necessary to complete all work, total contract price for supplies or services accepted by the Government for which final prices have been established, and estimated costs allocable to supplies or services accepted by the Government and for which final prices have not been established, is needed to negotiate the final prices of incentive-related items and services.

The contracting officer evaluates the information received to determine the contractor's performance in meeting the incentive target and the appropriate price revision, if any, for the items or services.

**SUPPLEMENTARY INFORMATION:**

Authorized by section 319C-2 of the Public Health Service (PHS) Act, as amended by the Pandemic and All-Hazards Preparedness Act (PAHPA) (Pub. L. 109-417), the HPP is a cooperative agreement program funded and administered by the Assistant Secretary for Preparedness and Response (ASPR). Its purpose is to improve surge capacity and enhance community and hospital preparedness for public health emergencies. Currently there are 62 awardees comprised of the 50 States; the District of Columbia; the three metropolitan areas of New York City, Los Angeles County and Chicago; the Commonwealths of Puerto Rico and the Northern Mariana Islands; the territories of American Samoa, Guam and the U.S. Virgin Islands; the Federated States of Micronesia; and the Republics of Palau and the Marshall Islands.

Since the inception of the program in 2002, awardees have received funding through a statutory formula that employs a base allocation with an adjustment for population. PAHPA amended section 319C-1 and 319C-2 of the PHS Act to add certain accountability provisions.
