

**SUPPLEMENTARY INFORMATION:**

**National Drinking Water Advisory Council:** The Council was created by Congress on December 16, 1974, as part of the Safe Drinking Water Act of 1974, Public Law 93–523, 42 U.S.C. 300j–5, and is operated in accordance with the provisions of the Federal Advisory Committee Act (FACA), 5 U.S.C. 10. The Council consists of 15 members, including the chairperson, all of whom are appointed by the EPA Administrator. Five members are from the general public; five are from appropriate state and local agencies concerned with water hygiene and public water supply; and five are from representatives of private organizations or groups demonstrating an active interest in the field of water hygiene and public water supply, of which two such members shall be associated with small, rural public water systems. The current list of members is available on EPA's NDWAC website at <https://www.epa.gov/ndwac> under “NDWAC roster.”

The Council will meet once each year and may hold additional meetings during the year. Meetings are typically one to two days and may be in person or virtual. Members also may be asked to participate in ad hoc working groups to develop policy recommendations, advice letters, and reports that address specific program issues for the Council's consideration.

**Member Nominations:** Any interested person or organization may nominate qualified individuals to be considered for appointment to the NDWAC. Interested individuals may self-nominate. In accordance with Executive Order 14035 (June 25, 2021) and consistent with law, EPA values and welcomes opportunities to increase diversity, equity, inclusion, and accessibility on its federal advisory committees. EPA's federal advisory committees strive to have a workforce that reflects the diversity of the American people.

All nominations will be fully considered, but nominees need to be aware of the specific membership requirements of the SDWA: Five members from the general public; five members from state and local agencies concerned with water hygiene and public water supply; and five members from representatives of private organizations or groups demonstrating an active interest in the field of water hygiene and public water supply, of which two such members shall be associated with small, rural public water systems. EPA anticipates vacancies over the course of 2023 and 2024 in all of these categories. This

notice solicits nominations to fill anticipated vacancies in 2023, including for three new members of whom two will be from the general public and one will be from representatives of private organizations or groups demonstrating an active interest in the field of water hygiene and public water supply. EPA may also consider nominations received through this solicitation to fill anticipated vacancies in 2024, including for two new members of whom one will be from state and local agencies concerned with water hygiene and public water supply and one will be from representatives of private organizations or groups demonstrating an active interest in the field of water hygiene and public water supply associated with small, rural public water systems. EPA may also consider nominations received through this solicitation in the event of unanticipated vacancies on the Council, which may occur in any category. Other criteria used to evaluate nominees will include:

- Demonstrated experience with drinking water issues at the national, state, or local level, which can include experience with drinking water regulations, funding programs, infrastructure operations, and cross-cutting issues such as environmental justice, climate resiliency, capacity development, and public health emergencies as relates to drinking water;
- Demonstrated ability to work constructively on committees and/or in consensus-building processes;
- Availability and willingness to serve a three-year term as an active and contributing member; and
- Background and experience that would help members contribute to the diversity of expertise on the Council—e.g., geographic, economic, social, cultural, educational backgrounds, professional affiliations, and other considerations.

Nominations must include (1) a resume or curriculum vitae, (2) a brief statement (one page or less) describing the nominee's interest in serving on the Council and addressing the criteria previously described, and (3) a short biography describing the qualifications of the nominee. Nominations should include the nominee's name, current business address or other mailing address, email address, and daytime telephone number. The DFO will use the email address provided for the nominee to acknowledge receipt of the nomination. If an email address is not available, the nomination should identify the nominee's preferred alternative means of contact.

NDWAC members receive travel and per diem allowances, where appropriate and in accordance with Federal travel regulations, and receive compensation (if appropriate) for travel and while attending meetings. All NDWAC members serve as Special Government Employees (SGEs). Candidates invited to serve on the NDWAC will be asked to submit the “Confidential Financial Disclosure Form for Environmental Protection Agency Special Government Employees” (EPA Form 3110–48). This confidential form provides information to EPA's ethics officials, to determine whether there is a statutory conflict between a person's public responsibilities as an SGE member and private interests and activities, or the appearance of a loss of impartiality, as defined by federal laws and regulations. The form may be viewed at the link under “Ethics requirements” on EPA's NDWAC website at <https://www.epa.gov/ndwac>. *This form should not be submitted as part of a nomination.*

Other sources, in addition to this **Federal Register** announcement, may also be utilized in the solicitation of nominees. To help EPA evaluate the effectiveness of its outreach efforts, please tell us how you learned of this opportunity.

**ENVIRONMENTAL PROTECTION AGENCY**

**[FRL–10765–01–OA]**

**Public Meeting of the Science Advisory Board Environmental Justice Screen (EJScreen) Review Panel**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The Environmental Protection Agency (EPA) Science Advisory Board (SAB) Staff Office announces a public meeting of the Science Advisory Board Environmental Justice Screen (EJScreen) Review Panel. The purpose of the meeting is to receive a demonstration of the updated EPA's EJScreen mapping and screening tool from EPA's Office of Environmental Justice and External Civil Rights, review and discuss the charge questions. The panel will schedule a future public meeting in late Spring 2023 to peer review the EJScreen methodology and updated calculations

for the EJ indexes released publicly in October 2022, as well as other aspects of the calculations. Additional information, materials, background, and meeting agendas for future activities will be posted on SAB's website at: <https://sab.epa.gov>.

**DATES:** The virtual public meeting of the SAB EJScreen Review Panel will be held on March 31, 2023, from 1 p.m. to 5 p.m. Eastern Standard time.

**ADDRESSES:** The meeting will be conducted virtually. Please refer to the SAB website at <https://sab.epa.gov> for details on how to access the meeting.

**FOR FURTHER INFORMATION CONTACT:** Any member of the public who wants further information concerning this notice may contact Dr. Zaida Figueroa, Designated Federal Officer (DFO), via telephone (202) 566-2643, or email at [figueroa.zaida@epa.gov](mailto:figueroa.zaida@epa.gov). General information about the SAB, as well as any updates concerning the meetings announced in this notice can be found on the SAB website at <https://sab.epa.gov>.

**SUPPLEMENTARY INFORMATION:**

*Background:* The SAB was established pursuant to the Environmental Research, Development, and Demonstration Authorization Act (ERDDAA), codified at 42 U.S.C. 4365, to provide independent scientific and technical advice to the EPA Administrator on the scientific and technical basis for agency positions and regulations. The SAB is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C. app. 2. The SAB will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies. Pursuant to FACA and EPA policy, notice is hereby given that the Science Advisory Board EJScreen Review Panel will hold a public meeting to receive a demonstration of the updated EJScreen mapping and screening tool, review and discuss the charge questions.

*Availability of Meeting Materials:* Prior to the meeting, the agenda and other materials will be accessible on the SAB website under the meeting date (which may be found under Meetings and Events). Information on the EJScreen mapping and screening tool and charge questions associated with this review will also be posted at this site.

*Procedures for Providing Public Input:* Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal

advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees and panels, including scientific advisory committees, provide independent advice to the EPA. Members of the public can submit relevant comments pertaining to the committee's charge or meeting materials. Input from the public to the SAB will have the most impact if it provides specific scientific or technical information or analysis for the SAB to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comment should follow the instructions below to submit comments.

*Oral Statements:* In general, individuals or groups requesting an oral presentation at a meeting conducted by video will be limited to three minutes. Each person making an oral statement should consider providing written comments as well as their oral statement so that the points presented orally can be expanded upon in writing. Persons interested in providing oral statements should contact the DFO, in writing (preferably via email) at the contact information noted above by March 24, 2023, to be placed on the list of registered speakers.

*Written Statements:* Written statements will be accepted throughout the advisory process; however, for timely consideration by SAB members, statements should be submitted to the DFO by March 24, 2023, for consideration at the March 31, 2023, meeting. Written statements should be supplied to the DFO at the contact information above. It is the SAB Staff Office general policy to post written comments on the web page for the meeting. Submitters are requested to provide an unsigned version of each document because the SAB Staff Office does not publish documents with signatures on its websites. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the SAB website. Copyrighted material will not be posted without explicit permission of the copyright holder.

*Accessibility:* For information on access or services for individuals with disabilities, please contact Dr. Zaida Figueroa, at (202) 566-2643 or [figueroa.zaida@epa.gov](mailto:figueroa.zaida@epa.gov), preferably at least ten days prior to the meeting, to

give the EPA as much time as possible to process your request.

**V. Khanna Johnston,**

*Deputy Director, Science Advisory Board Staff Office.*

## FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0053, OMB 3060-0532, 3060-0997; FR ID 130181]

### Information Collections Being Reviewed by the Federal Communications Commission Under Delegated Authority

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice and request for comments.

**SUMMARY:** As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

**DATES:** Written PRA comments should be submitted on or before May 12, 2023. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.
