Environment

The Coast Guard considered the environmental impact of this rule and concluded that under figure 2-1, paragraph (32)(e), of Commandant Instruction M16475.1D, this rule is categorically excluded from further environmental documentation. Promulgation of changes to drawbridge regulations has been found not to have significant effect on the human environment. A "Categorical Exclusion Determination" is available in the docket for inspection or copying where indicated under **ADDRESSES**.

Drawbridge Operating Regulation; Bayou Boeuf, LA

AGENCY: Coast Guard, DOT.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, Eighth Coast Guard District has issued a temporary deviation from the regulation governing the operation of the Burlington Northern Santa Fe Railway, swing span bridge across Bayou Boeuf, mile 10.2, near Amelia, Louisiana. This deviation allows the Burlington Northern Railroad to close the bridge to navigation from 7 a.m. until 5 p.m. from September 16, 2001 through September 18, 2001. Presently, the draw is required to open on signal. This temporary deviation is issued to allow for repairs to the rest pier and fender system.

DATES: This deviation is effective from 7 a.m. on Sunday, September 16, 2001 until 5 p.m. on Tuesday, September 18, 2001.

ADDRESSES: Unless otherwise indicated, documents referred to in this notice are available for inspection or copying at the office of the Eighth Coast Guard District, Bridge Administration Branch, Commander (ob), 501 Magazine Street, New Orleans, Louisiana, 70130-3396. The Bridge Administration Branch maintains the public docket for this temporary deviation.

FOR FURTHER INFORMATION CONTACT: David Frank, Bridge Administration Branch, telephone (504) 589-2965.

SUPPLEMENTARY INFORMATION: The Bayou Boeuf swing span bridge across Bayou Boeuf, mile 10.2, near Amelia, St. Mary and Assumption Parishes, Louisiana, has a vertical clearance of 6 feet above high water in the closed-to-navigation position and unlimited clearance in the open-to-navigation position. Navigation on the waterway consists of small tugs with tows, fishing vessels, and recreational craft. The Burlington Northern Santa Fe Railway Company requested a temporary deviation from the normal operation of the drawbridge in order to accommodate the maintenance and repair work on the west side rest pier and fender system. These repairs are necessary for the continued operation of the bridge.

This deviation allows the draw of the Bayou Boeuf swing span drawbridge across Bayou Boeuf, mile 10.2, to remain closed to navigation from 7 a.m. until 5 p.m. from September 16, 2001 through September 18, 2001.

SUMMARY: The Coast Guard is establishing a temporary safety zone on and around Harbor Island in the outer Milwaukee Harbor, Milwaukee, Wisconsin for the Milwaukee Home Run 2001 Hog Rally fireworks display. This safety zone is intended to restrict vessel traffic from a portion of the Milwaukee Harbor, Milwaukee, Wisconsin.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM, and under 5 U.S.C. 553(d)(3), good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. The permit application did not allow sufficient time for publication of an NPRM followed by a temporary final rule effective 30 days after publication. Any delay of the effective date of this rule would be contrary to the public interest by exposing the public to the known dangers associated with

fireworks displays and the possible loss of life, injury, and damage to property.

Background and Purpose

This safety zone is established to safeguard the public from the hazards associated with launching of fireworks from Harbor Island in the outer Milwaukee Harbor. The size of the zone was determined by using previous experiences with fireworks displays in the Captain of the Port Milwaukee zone and local knowledge about wind, waves, and currents in this particular area.

The safety zone will be in effect on August 31, 2001, from 9:30 p.m. until 10:30 p.m. (CST). The safety zone will encompass all waters bounded by the following coordinates: from the point of origin at 43°02.209'N, 087°53.714'W; southeast to 43°02.117'N, 087°53.417'W; south to 43°01.767'N, 087°53.417'W; southwest to 43°01.555'N, 087°53.772'W; north along the shoreline back to the point of origin. This also includes the Harbor Island Lagoon area. The size of this zone was determined using the National Fire Prevention Association guidelines and local knowledge concerning wind, waves, and currents. These coordinates are based upon North American Datum 1983 (NAD 83).

All persons and vessels shall comply with the instructions of the Captain of the Port Milwaukee or his designated on scene patrol personnel. Entry into, transiting, or anchoring within the safety zone is prohibited unless authorized by the Captain of the Port Milwaukee or his designated on scene representative. The Captain of the Port Milwaukee may be contacted via VHF Channel 16.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not "significant" under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040, February 26, 1979).

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not

dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule will affect the following entities: the owners or operators of vessels intending to transit or anchor in the vicinity of Harbor Island in Milwaukee's outer harbor from 9:30 p.m. until 10:30 p.m. (CST) on August 31, 2001.

This safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons: This rule will be in effect for only one hour on one day and late in the day when vessel traffic is minimal. Vessel traffic may enter or transit through the safety zone with the permission of the Captain of the Port Milwaukee or his designated on scene representative. Before the effective period, we will issue maritime advisories widely available to users of the Port of Milwaukee.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104–121), we offer to assist small entities in understanding the rule so that they can better evaluate its effects on them and participate in the rulemaking process. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact Marine Safety Office Milwaukee (See ADDRESSES.)

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247).

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

We have analyzed this rule under Executive Order 13132 and have determined that this rule does not have

implications for federalism under that Order.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not concern an environmental risk to health or risk to safety that may disproportionately affect children.

Environment

The Coast Guard considered the environmental impact of this rule and concluded that under figure 2–1, paragraph (34) (g), of Commandant Instruction M16475.1C, this rule is categorically excluded from further environmental documentation.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That

Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Interim Final Determination That the State of California Has Corrected Deficiencies and Stay of Sanctions, El Dorado County Air Pollution Control District

AGENCY: Environmental Protection Agency (EPA).

ACTION: Interim final determination.

SUMMARY: Elsewhere in today's **Federal Register**, EPA has published a direct final rulemaking fully approving the State of California's submittal of a revision to the El Dorado County Air Pollution Control District (EDCAPCD) portion of the State Implementation Plan (SIP). We have also published a proposed rulemaking to provide the public with an opportunity to comment on EPA's action. If a person submits adverse comments on our direct final action, we will withdraw our direct final rule and will consider any comments received before taking final action on the State's submittal. Based on the full approval, we are making an interim final determination by this action that the State has corrected the deficiencies for which a sanctions clock began on November 1, 1999. See 64 FR 53210. This action will stay the imposition of the offset sanction and defer the imposition of the highway sanction. Although this action is effective upon publication, we will take comment. If no comments are received on our approval of the State's submittal and on our interim final determination, the direct final action published in today's **Federal Register** will also finalize our determination that the State has corrected the deficiencies that started the sanctions clock. If comments

are received on our approval or on this interim final determination, we will publish a final rule taking into consideration any comments received.

DATES: Effective on August 27, 2001. Comments must be received by September 26, 2001.

I. Background

On April 5, 1991, the State of California submitted a revision to the EDCAPCD portion of the SIP, which we disapproved in part on October 1, 1999. See 64 FR 53210. Our disapproval action started an 18-month clock beginning on November 1, 1999 for the imposition of one sanction (followed by a second sanction 6 months later) and a 24-month clock for promulgation of a Federal Implementation Plan (FIP). The State subsequently submitted revised SIP rules on May 23, 2001. We have taken direct final action on this submittal pursuant to our modified direct final policy set forth at 59 FR 24054 (May 10, 1994). In the Rules and Regulations section of today's **Federal Register**, we have issued a direct final full approval of the State of California's submittal of its SIP revision. In addition, in the Proposed Rules section of today's **Federal Register**, we have proposed full approval of the State's submittal. Based on the direct final full approval set forth
