Responses per Respondent: 1.
Annual Responses: 100,000.

Annual Burden Hours: 25,000.
Needs and Uses: Recruiting requires the collection of specific information on prospective Air Force, Air National Guard, and Air Force Reserve Command enlistees, officers, and health profession personnel prior to entering into duty. The information is used to create the initial personnel record that is used to prescreen and qualify enlistees, line officers, and health professionals fit for service and ultimately induct them into one of the three Air Force commands. The information is also collected to process security clearances for those individuals requiring clearances for sensitive and classified positions. The respondents are recruiting applicants of the Air Force who may seek more information or request copies of their personal information. The collection instrument is a list of questions asked by the recruiter that cannot be found on the SF-86; information taken from the SF-86 can complete the rest of the recruit's application. Collections instruments are completed by applicants and recruiters into the system of record as applicable to their recruiting and application purposes. All completed instruments of collection reside in the system of record which has safeguards in place to protect privacy information. The result of successful information collection is the successful accession of an applicant in the Air Force and the safe keeping of said applicant's personal information.

Title; Associated Form; and OMB Number: Installation Management Command Survivor Outreach Service System (SOS IMCOM); OMB Control Number 0702-0148.

Type of Request: Revision.
Number of Respondents: 60,295.
Responses per Respondent: 2.

Annual Responses: 120,590.

Average Burden per Response: 20 minutes.

Annual Burden Hours: 40,197.

Needs and Uses: SOS is an Army-wide program that provides dedicated and comprehensive support services to all family members of soldiers who die while on active duty, including Regular Army, United States Army National Guard and Reserves patrons. SOS Support Coordinators serve as the main Survivor advocate. They facilitate support groups, provide life skills education, assist survivors in managing applicable life-long benefit transition milestones, connect survivors with counseling resources, and represent the command in contacts with community organizations. SOS Financial Counselors help survivors by assisting with budget counseling, debt management, education, and higher education needs. SOS staff members are required to make periodic communication with Survivors—at a minimum of one contact annually—to conduct well-being checks and milestone management reviews or determine the level of support Survivors desire. Information gathered in these meetings is input into the SOS application collection instrument by SOS staff members. No customers have access to the collection instrument. SOS staff members collect the information from the survivors and document the information as a direct contact within the SOS application case notes. The successful result of the information collection is an organized and up-to-date database of essential information on survivors that allows SOS to better provide the support they deserve.
